Letters of Franz Liszt Franz Liszt, 2015-07-24 September Liszt's eldest daughter Mme Blandine Ollivier had died Shortly afterwards Monsieur Ollivier came to Rome and during his stay here which lasted till the 22nd October I could not calculate upon being able to take any interest in other outward matters This last week I have had to spend in bed Hence my long delay in answering you So far as I understand the position of affairs with regard to the Tonkünstler Versammlung it seems difficult to give any definite advice The question here is not one of theoretical but of absolutely practical considerations with regard to which unfortunately my influence is very limited In my last letter I believe I told you that I am prepared in case you decide upon Prague to subscribe my name to the petition addressed to the Austrian ministry in behalf of state support At the same time I intimated to you that my cousin Dr Eduard Liszt would be the best one to draw up the said petition in accordance with a draft sent to him and in fact might aid the undertaking with good advice and otherwise promote its interests I on my side will not spare myself any trouble in order to obtain from the Austrian government a favorable result for the objects of the Tonkünstler Versammlung I cannot of course guarantee success beforehand still

From Rome to the end Franz Liszt, 1894 *The Older Liszt* Peter G. Coleman, 2023-01-01 Franz Liszt is well known for his early years as super star pianist who excited audiences throughout Europe but his later life is also of great interest In his final 25 years he sought to achieve his life's aims of promoting new forms of music and giving stronger witness to his Christian faith while continuing to support his stalwart life partner Princess Carolyne However he was to face unexpected problems in the continued negative reception of his music and recrimination in his closest relationship Drawing on detailed analysis of Liszt's correspondence from his fiftieth year onwards Peter G Coleman approaches his later life as a case study of an older person grappling with a succession of often disturbing life experiences These included the deaths of two of his children political upheaval and war within Europe and a growing realisation of his own past failings Liszt suffered frequent bouts of depression but never ceased composing music nor steadfastly heeding Christ's command to bear one's cross This sensitive treatment of an extraordinary individual will appeal to the scholar and general reader alike
