From The Diaries Of Felix Frankfurter With A Biographical Essay And Notes:

From the Diaries of Felix Frankfurter Felix Frankfurter, Joseph P. Lash, 1975 ABA Journal, 1976-01 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association FDR and the Jews Richard Breitman, Allan J. Lichtman, 2013-03-19 A contentious debate lingers over whether Franklin Delano Roosevelt turned his back on the Jews of Hitler's Europe FDR and the Jews reveals a concerned leader whose efforts on behalf of Jews were far greater than those of any other world figure but whose moral leadership was tempered by the political realities of depression and war The ^AHouse of Truth Brad Snyder, 2017-01-05 The story of a how the inhabitants of a modest row house in the Washington neighborhood of Dupont Circle in the early years of the 20th century helped to shape the future of American liberalism **Democratic Justice: Felix Frankfurter, the Supreme Court, and the Making of the Liberal Establishment** Brad Snyder, 2022-08-23 The definitive biography of Felix Frankfurter Supreme Court justice and champion of twentieth century American liberal democracy The conventional wisdom about Felix Frankfurter Harvard law professor and Supreme Court justice is that he struggled to fill the seat once held by Oliver Wendell Holmes Scholars have portrayed Frankfurter as a judicial failure a liberal lawyer turned conservative justice and the Warren Court's principal villain And yet none of these characterizations rings true A pro government pro civil rights liberal who rejected shifting political labels Frankfurter advocated for judicial restraint he believed that people should seek change not from the courts but through the democratic political process Indeed he knew American presidents from Theodore Roosevelt to Lyndon Johnson advised Franklin Roosevelt and inspired his students and law clerks to enter government service Organized around presidential administrations and major political and world events this definitive biography chronicles Frankfurter's impact on American life As a young government lawyer he befriended Theodore Roosevelt Louis Brandeis and Holmes As a Harvard law professor he earned fame as a civil libertarian Zionist and New Deal power broker As a justice he hired the first African American law clerk and helped the Court achieve unanimity in outlawing racially segregated schools in *Brown v Board of Education* In this sweeping narrative Brad Snyder offers a full and fascinating portrait of the remarkable life and legacy of a long misunderstood American figure This is the biography of an Austrian Jewish immigrant who arrived in the United States at age eleven speaking not a word of English who by age twenty six befriended former president Theodore Roosevelt and who by age fifty was one of Franklin Roosevelt's most trusted advisers It is the story of a man devoted to democratic ideals a natural orator and often overbearing justice whose passion allowed him to amass highly influential friends and helped create the liberal establishment *The Reopening of the American Mind* James W. Vice, 1998 *The Reopening of the American Mind* On Skepticism and Constitutionalism explores the connection of moderate skepticism with attachment to constitutionalism through the thought of five writers The features of this skepticism were concisely delineated by James Madison in the 37th Federalist as a recognition of the

complexity of political matters the limitations of human reason and the shortcomings of language The position was first articulated by Cicero who connected it with the idea of a mixed or republican constitution developed by trial and error over generations Cicero was influential in the world of David Hume Edmund Burke and Madison The skeptical constitutional connection found its most articulate recent advocate in Supreme Court Justice Felix Frankfurter and underlay his advocacy of judicial restraint Current events have revived interest in the primacy of the legislative branch in balancing interests and rights in the States as laboratories for democracy and in an experimental approach to the solution of social problems in what might be called a reopening of the American mind The five central chapters explore the skeptical constitutional connection and the spirit of moderation in these political thinkers Without an appreciation of this tradition of avoiding dogmatism people will continue to demand simple answers to complex problems The book is not however primarily a tract for the times but a reflection on the on going search for a more civil world The Hughes Court Michael E. Parrish, 2002-07-11 An in depth analysis of the workings and legacy of the Supreme Court led by Charles Evans Hughes Charles Evans Hughes a man who it was said looks like God and talks like God became chief justice in 1930 a year when more than 1 000 banks closed their doors Today the Hughes Court is often remembered as a conservative bulwark against Franklin Roosevelt s New Deal But that view according to author Michael Parrish is not accurate In an era when Nazi Germany passed the Nuremberg Laws and extinguished freedom in much of Western Europe the Hughes Court put the stamp of constitutional approval on New Deal entitlements required state and local governments to bring their laws into conformity with the federal Bill of Rights and took the first steps toward developing a more uniform code of criminal justice The Fervent Embrace Caitlin Carenen, 2012 No detailed description available for The Fervent Embrace **Judicial Independence** United States. Congress. House. Committee on the Judiciary. Subcommittee on Courts, Intellectual Property, and the Administration of Justice, 1990

Rewriting Hisstory Jeff Kisseloff, 2025-04-15 When Alger Hiss was accused by Whittaker Chambers in 1948 of being a secret Communist spy in the 1930s the subsequent perjury trials were some of the most sensational and politically significant trials of the century Although Hiss was convicted he maintained his innocence until his death and historians have taken sides ever since In this groundbreaking and revelatory book Jeff Kisseloff brings new perspective evidence and accusations to this historical controversy Rewriting Hisstory is a firsthand account of how over fifty years beginning when he worked for Hiss as a college student in the mid 1970s Kisseloff was eventually able to determine the truth about Alger Hiss With the skills of a veteran reporter and the analytical mind of a scholar he brings to light a wealth of original material including 150 000 pages of mostly unredacted previously unreleased FBI files which he sued the FBI to obtain and other documents from government and library collections around the country Kisseloff also acquired a key piece of evidence Woodstock 230099 the machine that the government claimed was used to type the copies of State Department documents placed in evidence against Hiss Taken together Kisseloff has pieced together the truth showing that Hiss was neither a Communist nor a spy and that the

government knew it But if Hiss didn't produce the documents that were placed in evidence against him who did After careful research and by applying a process of elimination used in classic crime novels who had the means motive and opportunity to do the job Kisseloff points his finger at the only people who fit all three qualifications An act of vindication for one of the most divisive figures in the twentieth century Rewriting Hisstory is a thrilling political page turner about an accused spy that is itself a work of scholarly espionage built on decades of painstaking research This is an iconoclastic work that should rewrite history books

Eberstadt and Forrestal Jeffery M. Dorwart, 1991 On the heels of New Deal administrators an army of business executives arrived in Washington in 1940 to prepare the nation for war Among this contingent were two wealthy investment bankers and longtime friends Ferdinand Eberstadt and James Forrestal Together they played integral roles in the massive war mobilization program and later in the formation of institutions for postwar national security Jeffery M Dorwart's research and analysis provide a fresh look at the friendships connections and mindsets that steered the growing federal government in the first half of the twentieth century The result of these relationships was a system of corporatist management for wartime mobilization and for Cold War national security Eberstadt a key figure on numerous policy committees and Forrestal secretary of the navy during the 1940s and the first secretary of the new Department of Defense shared a common background all the way to their college days at Princeton Over the years their friendship and their ties to a group of like minded executives whom Eberstadt termed the Good Men substantially shaped government policy Dorwart's research on Eberstadt's role is especially enlightening for it reveals how Eberstadt an outside consultant and not a government employee or elected official affected policy direction through his design of the National Security Act of 1947 This is a significant contribution to American military and defense history The author's use of the Good Man idea effectively illustrates how non military ideas and influences have been fundamental in shaping national security policy Jerry Cooper University of Missouri St Louis formerly of the Command and General Staff College

The Trials of Harry S. Truman Jeffrey Frank, 2023-03-14 Jeffrey Frank author of the bestselling Ike and Dick returns with the beguiling The New York Times first full account of the Truman presidency in nearly thirty years recounting how a seemingly ordinary man met the extraordinary challenge of leading America through the pivotal years of the mid 20th century The nearly eight years of Harry Truman's presidency among the most turbulent in American history were marked by victory in the wars against Germany and Japan the first use of an atomic bomb and the development of far deadlier weapons the start of the Cold War and the creation of the NATO alliance the Marshall Plan to rebuild the wreckage of postwar Europe the Red Scare and the fateful decision to commit troops to fight a costly limited war in Korea Historians have tended to portray Truman as stolid and decisive with a homespun manner but the man who emerges in The Trials of Harry S Truman is complex and surprising He believed that the point of public service was to improve the lives of one's fellow citizens and fought for a national health insurance plan While he was disturbed by the brutal treatment of African Americans and came to support stronger civil rights laws he never

relinquished the deep rooted outlook of someone with Confederate ancestry reared in rural Missouri He was often carried along by the rush of events and guided by men who succeeded in refining his fixed and facile view of the postwar world And while he prided himself on his Midwestern rationality he could act out of instinct and combativeness as when he asserted a president's untested power to seize the nation's steel mills The Truman who emerges in these pages is a man with generous impulses loyal to friends and family and blessed with keen political instincts but insecure quick to anger and prone to hasty decisions Archival discoveries and research that led from Missouri to Washington Berlin and Korea have contributed to an indelible and intimate The Washington Post portrait of a man born in the 19th century who set the nation on a course that reverberates in the 21st century a leader who never lost a schoolboy's love for his country and its Constitution **Lawrence and Aaronsohn** Ronald Florence, 2007 How a second lieutenant from Oxfordshire and a Jewish agronomist from Palestine mapped the land and conflicts of the modern Middle East Historian Florence provides new perspectives on the origins of the Arab Israeli conflict In the turmoil of World War I **Rosie's Mom** Carrie Brown, 2002 This book restores to history the lives of American women involved in war work during World War I **Citizen Justice** Mary Margaret McKeown, 2022 Citizen Justice The Environmental Legacy of William O Douglas Public Advocate and Conservation Champion highlights William O Douglas's dual role in fulfilling his constitutional duty as justice while catering to his personal commitment to serve the public as a citizen advocate **America's Soul in Balance** Gregory Wallance, 2012-04 After America entered World War II a genuine opportunity arose to save at least 70 000 Romanian Jews who had been deported to the killing fields of Transnistria This title presents the true story of the senior officials of the US State Department at the height of World War II whom some accused of being accomplices of Hitler The American Supreme Court Robert G. McCloskey, 2010-07-15 Celebrating its fiftieth anniversary Robert McCloskey's classic work on the Supreme Court's role in constructing the U S Constitution has introduced generations of students to the workings of our nation's highest court For this new fifth edition Sanford Levinson extends McCloskey's magisterial treatment to address the Court's most recent decisions As in prior editions McCloskey's original text remains unchanged In his historical interpretation he argues that the strength of the Court has always been its sensitivity to the changing political scene as well as its reluctance to stray too far from the main currents of public sentiments In two revised chapters Levinson shows how McCloskey's approach continues to illuminate developments since 2005 including the Court's decisions in cases arising out of the War on Terror which range from issues of civil liberty to tests of executive power He also discusses the Court's skepticism regarding campaign finance regulation its affirmation of the right to bear arms and the increasingly important nomination and confirmation process of Supreme Court justices including that of the first Hispanic justice Sonia Sotomayor The best and most concise account of the Supreme Court and its place in American politics McCloskey's wonderfully readable book is an essential guide to the past present and future prospects of this institution **New York Times Saturday Review of Books and Art** , 1975 *The Yale Law Journal* , 1981 **Uncle**

Sam Wants You Christopher Capozzola, 2010-04-12 A powerful account of America's first mass mobilization revealing how the homefront tensions of World War I dramatically changed the modern American state
