## **From William Morris To Sergeant Pepper Studies In The Radical Domestic:**

**From William Morris to Sergeant Pepper** Peter Stansky, 1999 Peter Stansky writes with wit and perception about areas of British life that he has made his own **BOOK JACKET** William Morris' Position between Art and Politics Grzegorz Zinkiewicz, 2017-06-23 This volume re evaluates the position of William Morris regarding contemporary perspectives on his artistic and political endeavours Special emphasis is placed on the concepts and territories that lie in between both literally and metaphorically This in between ess is the most remarkable quality of Morris and secures him a unique position among his contemporaries as well as inspiring new generations of scholars Paradoxically however this aspect also contributes to a certain marginalization of Morris in studies devoted to Eminent Victorians Instead of speaking of ruptures gaps or lacunas the point of view adopted here explores the undefined terrenes situated between art and politics viewing them as vantage points and departure planes which cement Morris s universe At the same time the book also argues that this universe has always existed in its specific shape and form while the poetic upholster as Morris was ironically labelled only discovered and explored different points on the map of a space that could have no limits and boundaries The book offers new insights and avenues to supplement existing scholarship on Morris including spatiotemporal aspects of his work and the relationship between art and politics The Cambridge Companion to William Morris Marcus Waithe, 2024-05-23 A vibrant gathering of influential voices who have participated in the critical political and curatorial revival of William Morris s work **A Companion to the Anthropology of the Body and Embodiment** Frances E. Mascia-Lees, 2011-03-29 A Companion to the Anthropology of the Body and Embodiment offers original essays that examine historical and contemporary approaches to conceptualizations of the body In this ground breaking work on the body and embodiment the latest scholarship from anthropology and related social science fields is presented providing new insights on body politics and the experience of the body Original chapters cover historical and contemporary approaches and highlight new research frameworks Reflects the increasing importance of embodiment and its ethnographic contexts within anthropology Highlights the increasing emphasis on examining the production of scientific technological and medical expertise in studying bodies and embodiment George Orwell and the Radical Eccentrics K. Bluemel, 2016-04-30 George Orwell and the Radical Eccentrics celebrates the lives literature and politics of a group of four radical eccentrics the Tory anarchist poet Stevie Smith the Marxist Indian nationalist Mulk Raj Anand and the glamour girl turned socialist Inez Holden who formed a friendly circle around the famously radical and eccentric George Orwell Demonstrating that Smith Anand and Holden matter for literary history just as they mattered for Orwell George Orwell and the Radical Eccentrics gives name and shape to a neglected movement within interwar and wartime English writing It focuses on the lives and texts of Smith Anand and Holden in order to argue that these three writers throw into question limiting assumptions about art and politics about standard relations between literary form and sex gender race class and empire in ways that their group s most influential radical Orwell cannot Embarking upon a kind of

biographical political cultural literary criticism this book brings the radical eccentrics vital potentially transformative conversation to the attention of scholars of English literature for the first time suggesting fascinating new approaches to the study of literary London during the thirties and forties      **Virginia Woolf and the Nineteenth-Century Domestic Novel** Emily Blair, 2012-02-16 In *Virginia Woolf and the Nineteenth Century Domestic Novel* Emily Blair explores how nineteenth century descriptions of femininity saturate both Woolf's fiction and her modernist manifestos Moving between the Victorian and modernist periods Blair looks at a range of nineteenth and early twentieth century sources including the literature of conduct and household management as well as autobiography essay poetry and fiction She argues for a reevaluation of Woolf's persistent yet vexed fascination with English domesticity and female creativity by juxtaposing the novels of Elizabeth Gaskell and Margaret Oliphant two popular Victorian novelists against Woolf's own novels and essays Blair then traces unacknowledged lines of influence and complex interpretations that Woolf attempted to disavow While reconsidering Woolf's analysis of women and fiction Blair simultaneously deepens our appreciation of Woolf's work and advances our understanding of feminine aesthetics      *Virginia Woolf in Context* Bryony Randall, Jane Goldman, 2012-12-17 Covering a wide range of historical theoretical critical and cultural contexts this collection studies key issues in contemporary Woolf studies      *The Journal of the William Morris Society*, 2000      *Radicalism in British Literary Culture, 1650-1830* Timothy Morton, Nigel Smith, 2002-01-03 This study examines the radical tradition in British literary culture from the English Revolution to the French Revolution It charts continuities between the two periods and examines the recuperation of ideas and texts from the earlier period in the 1790s and beyond The volume argues that the radical agendas of the mid seventeenth century intended to change society fundamentally did not disappear throughout the long eighteenth century only to be resuscitated at its close Rather through close textual analysis these essays indicate a more continuous transmission      *The Cambridge Companion to the Bloomsbury Group* Victoria Rosner, 2014-05-26 Provides a comprehensive guide to the storied Bloomsbury Group a social circle of prominent intellectuals active during the interwar period      *Jerusalem Transformed* Professor Emeritus of Modern Jewish History Richard I Cohen, Richard I Cohen, 2024-10 The symposium that kicks off the latest volume of *Studies in Contemporary Jewry* focuses on the city that is at the very center of contemporary Jewish life both geographically and culturally Jerusalem is an extremely engaging and beautiful city as well as a source of continual controversy and contestation The authors in the symposium discuss a wide range of topics with a focus on politics and culture offering readers provocative views on the city over the last 120 years Essays by historians and cultural scholars in the volume engage with such issues as visions of the city among Jews and non Jews and musical and literary imaginings of the city while other scholars bring original interpretations of the city's political evolution in the past century that will both surprise and intrigue readers The extensive book review section illustrates the consistent interest in modern Jewish history and culture      *Critical Craft* Clare M. Wilkinson-Weber, Alicia Ory DeNicola, 2020-05-26 From Oaxacan wood carvings to

dessert kitchens in provincial France Critical Craft presents thirteen ethnographies which examine what defines and makes craft in a wide variety of practices from around the world Challenging the conventional understanding of craft as a survival or revival or something that resists capitalism the book turns instead to the designers DIY enthusiasts traditional artisans and technical programmers who consider their labor to be craft in order to comprehend how they make sense of it The authors ethnographic studies focus on the individuals and communities who claim a practice as their own bypassing the question of craft survival to ask how and why activities termed craft are mobilized and reproduced Moving beyond regional studies of heritage artisanship the authors suggest that ideas of craft are by definition part of a larger cosmopolitan dialogue of power and identity By paying careful attention to these sometimes conflicting voices this collection shows that there is great flexibility in terms of which activities are labelled craft In fact there are many related ideas of craft and these shape distinct engagements with materials people and the economy Case studies from countries including Mexico Nigeria India Taiwan the Philippines and France draw together evidence based on linguistics microsociology and participant observation to explore the shifting terrain on which those engaged in craft are operating What emerges is a fascinating picture which shows how claims about craft are an integral part of contemporary global change

**"The Art-Journal and Fine Art Publishing in Victorian England, 1850-1880"** Katherine Haskins, 2017-07-05 Focusing on an era that both inherited and irretrievably altered the form and the content of earlier art production The Art Journal and Fine Art Publishing in Victorian England 1850-1880 argues that fine art practices and the audiences and markets for them were influenced by the media culture of art publishing and journalism in substantial and formative ways perhaps more than at any other time in the history of English art The study centers on forms of Victorian picture making and the art knowledge systems defining them and draws on the histories of art literature journalism and

publishing The historical example employed in the book is that of the more than 800 steel plate prints after paintings published in the London based Art Journal between 1850 and 1880 The cultural phenomenon of the Art Journal print is shown to be a key connector in mid Victorian art appreciation by drawing out specific tropes of likeness This study also examines the important links between paint and print the aesthetic values and domestic aspirations of the Victorian middle class and the inextricable intertwining of fine art and trade publishing *The Journal of Pre-Raphaelite Studies*, 2006 **Choke**

**Point** Ian Slater, 2004-03-30 The fight against terrorism has reached the next level and now America will really go to war A series of cataclysmic events is exploding around the world Two divisions of Chinese ground troops move against a neighboring Muslim nation while a provocation unleashes generations of pent up violence between the mainland and Taiwan With U S troops still on the ground in the Middle East and Ganistan and an American president forced by rapidly unfolding events to make decisions on the fly the most dangerous threat is the one no one sees For off the fog shrouded coast of Washington State a staggering attack will flood the Northwest with American refugees and force the bravest and the best of U S Special Forces under the toughest of the tough General Douglas Freeman into a pitched desperate battle to find a shadow enemy before he strikes the next terrifying blow against the United States **Semi-Detached Empire** Todd Kuchta, 2010-04-29 In the first book to consider British suburban literature from the vantage point of imperial and postcolonial studies Todd Kuchta argues that suburban identity is tied to the empire s rise and fall He takes his title from the type of home synonymous with suburbia Like the semi detached house which joins separate dwellings under one roof suburbia and empire were geographically distinct but imaginatively linked Yet just as the semi conceals two homes behind a single facade suburbia s apparent uniformity masks its defining oppositions between country and city civilization and savagery master and slave While some people saw the suburbs as homegrown colonies others viewed them as a terra incognita beyond the pale of British culture Surveying a range of popular and canonical texts Kuchta reveals the suburban foundations of a variety of unexpected fictional locales the Thames Valley of H G Wells s Martian attack and the gaslit London of Arthur Conan Doyle s Sherlock Holmes but also the tropical backwaters of Joseph Conrad s Malay Archipelago and the imperial communities of Raj fiction by E M Forster and George Orwell This capacious view demonstrates suburbia s vital role in science fiction detective tales condition of England novels modernist narratives of imperial decline and contemporary multicultural fiction Drawing on postcolonial theory urban studies and architectural scholarship this book will appeal to readers interested in Victorian modern and contemporary British literature and cultures especially those concerned with how place shapes class and masculine identity in the nineteenth and twentieth centuries **Journal of Pre-Raphaelite Studies**, 2005
