From Parent To Child The Psychic Link:

From Parent to Child Carl Jones, 1989 Parents sensing when a child is hurt or in trouble young children reading a parent's mind parents communicating psychically with an unborn child It is all in this ground breaking book that explores the extrasensory bond between parent and child **Is Your Child Psychic?** Alex Tanous, Katherine Fair Donnelly, 2009-09-24 A straightforward and inspiring resource for parents searching for insight into their child's psychic experiences In *Is Your Child Psychic* paranormal researchers Dr Alex Tanous and Katherine Fair Donnelly suggest that people of all ages including children have psychic abilities A comprehensive guide to understanding and developing a child's natural psychic perception this book also shows parents how they can use these skills to bolster their child's creativity problem solving skills and self confidence Helpful and thought provoking *Is Your Child Psychic* addresses such topics as imaginary playmates out of body experiences psychic dreams left and right brain skills and how they impact psychic awareness understanding the differences between coincidence and real psychic occurrence how meditation can strengthen psychic ability the dangers of suppressing a child's psychic talents With more than fifty pages of fun game like tests that will help parents to detect and develop their child's psychic abilities *Is Your Child Psychic* is an invaluable resource for parents 100 Chakra System Raven

Shambhala, 2019-07-23 The 100 Chakra System is a revolutionary spiritual work When all 7 chakras are open and flowing you are functioning at optimal When you are cleared up to the 100th chakra you are illuminated with Divine light and on the path of Ascension Raven defines the anatomy of the energy body which includes 100 chakras and the anatomy of the Lightbody which contains our Higherself New concepts are discussed like the differences between opened and closed chakras and the concept of negative energies Raven defines types of negative energies that can disrupt energy flow in chakra system Raven introduces psychic development and how to open spiritual gifts She speaks about the differences between clearing the chakras and meditation In order to channel one's guides the spiritual chakra need to be activated and the 100 chakras need to be cleared Negative Energy Release Work is a style of pranic healing taught by Raven which is introduced here The self healing section provides a self study course for you to start your own energy healing practice The 100 Chakra System book is the foundation work for Raven's psychic development courses and introduces concepts that are explored in her work

Windows to the Womb David Chamberlain, 2013-01-15 A pioneering birth psychologist combines a lifetime's worth of research with new findings to provide a fascinating look inside the minds of unborn children In the past the invisible physical processes of fetal development were mysterious and largely unexplainable But thanks to breakthroughs in embryology interuterine photography ultrasound and other sensitive instruments of measurement we can now make systematic observations inside the womb and can see that fetuses are fully sentient aware beings In this new climate of appreciation for the surprising dimensions of fetal behavior sensitivity and intelligence *Windows to the Womb* brings a host of new information to light about the transformative journey each one of us undergoes in the womb Birth psychologist Dr David

Chamberlain describes the amazing construction of our physical bodies the ultimate architecture and draws parallels with the expansion of our minds as our brains and senses develop and grow He also details new discoveries in embryonic and fetal research that support his own findings on the impact of the mother s emotional and physical state during pregnancy the importance of bonding at the earliest stages and the steps that expectant parents can take to ensure the most nurturing start in life for their children

Fathering Right from the Start Jack Heinowitz,2011-02-08 Coping tools and intelligent advice for today s fathers Becoming a father is a life changing event and not an easy one The new feelings emotions and reactions surfacing every day can be confusing and overwhelming summoning new dads to resolve old issues *Fathering Right from the Start* helps guide men through this life passage helping them navigate difficult times and participate meaningfully in parenting Complete with exercises checklists and firsthand accounts by fathers from all walks of life this indispensable book carries the seeds for a new tradition of men s involvement in the emotional cultural and psychical structure of the family

The Secret Life of Kids James W. Peterson,2000-10-29 It all began when James Peterson was a camp counselor and two children watching him meditate described the colors they saw around his form we saw colors coming out of his stomach And the outside was purple then it was blue then it was yellow then reddish and light yellow in the middle Studies indicate that almost seven percent of young children have such psychic experiences For the most part they don t tell anybody about them for fear of being ridiculed But the author believes it would be psychologically healthy for them to relate such occurrences to adults if they feel the need In this book Peterson has put together a charming collection of case histories about such psychic episodes He believes they should be accepted as factual that frequently they emanate from the wisdom of innocence present in youngsters The question of the secret life of kids is examined by Peterson from the point of view of philosophy occultism and child psychology He suggests why and how such experiences manifest and their potential value to the child s growth pattern

The Modern Literary Werewolf Brent A. Stypczynski,2013-05-16 Throughout history from at least as far back as the Epic of Gilgamesh mankind has shown a fascination with physical transformation especially that of humans into animals Tales of such transformations appear in every culture across the course of history They have been featured in the Western world in the work of such authors as Ovid Petronius Marie de France Saint Augustine Jack Williamson Charles de Lint Charaline Harris Terry Pratchett and J K Rowling This book approaches werewolves as representations of a proposed shape shifter archetype examining with reference to earlier sources how and why the archetype has been employed in modern literature Although the archetype is in a state of flux by its very definition many common threads are linked throughout the literary landscape even as modern authors add modify and reinvent characteristics and meanings This is especially true in the work of such authors examined in this book many of whom have struck a chord with a wide range of readers and non readers around the world They seem to have tapped into something that affects their audiences on a subconscious level

Childbirth and Authoritative Knowledge Robbie E. Davis-Floyd,Carolyn Fishel Sargent,2023-04-28 This benchmark

collection of cross cultural essays on reproduction and childbirth extends and enriches the work of Brigitte Jordan who helped generate and define the field of the anthropology of birth The authors focus on authoritative knowledge the knowledge that counts on the basis of which decisions are made and actions taken highlights the vast differences between birthing systems that give authority of knowing to women and their communities and those that invest it in experts and machines Childbirth and Authoritative Knowledge offers first hand ethnographic research conducted by anthropologists in sixteen different societies and cultures and includes the interdisciplinary perspectives of a social psychologist a sociologist an epidemiologist a staff member of the World Health Organization and a community midwife Exciting directions for further research as well as pressing needs for policy guidance emerge from these illuminating explorations of authoritative knowledge about birth This book is certain to follow Jordan s Birth in Four Cultures as the definitive volume in a rapidly expanding field This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1999 This benchmark collection of cross cultural essays on reproduction and childbirth extends and enriches the work of Brigitte Jordan who helped generate and define the field of the anthropology of birth The authors focus on authoritative knowledge the kn "If You Turned Into a Monster" Dennis McCarthy,2007 Dennis McCarthy s work with distressed or traumatized children begins with an exercise that is simple but effective he invites the child to communicate with him in their own way through the non verbal language of play This book is useful for play therapists and other professionals working therapeutically with young children and their families **Birth as an American Rite of Passage** Robbie E. Davis-Floyd,2004-03-15 Why do so many American women allow themselves to become enmeshed in the standardized routines of technocratic childbirth routines that can be insensitive unnecessary and even unhealthy Anthropologist Robbie Davis Floyd first addressed these questions in the 1992 edition Her new preface to this 2003 edition of a book that has been read applauded and loved by women all over the world makes it clear that the issues surrounding childbirth remain as controversial as ever Delinquent and Neurotic Children Ivy Bennett,2013-07-04 Tavistock Press was established as a co operative venture between the Tavistock Institute and Routledge Kegan Paul RKP in the 1950s to produce a series of major contributions across the social sciences This volume is part of a 2001 reissue of a selection of those important works which have since gone out of print or are difficult to locate Published by Routledge 112 volumes in total are being brought together under the name The International Behavioural and Social Sciences Library Classics from the Tavistock Press Reproduced here in facsimile this volume was originally published in 1960 and is available individually The collection is also available in a number of themed mini sets of between 5 and 13 volumes or as a complete collection If She's Found Alesha Dykema,2022-07-14 Is she a distressed mother Or a cold hearted monster Fifteen years ago Andi Miller

walked away from her old life and never looked back She married Charlie who owns his own home building business and now spends her days working part time and raising their eight year old daughter Bella while Charlie builds their dream home out in the country But Andi s perfect life comes crashing down around her when Bella disappears from her room in the middle of the night At least that s the story Andi is telling the police The truth would surely send her to prison The detective working Bella s case is increasingly suspicious of Andi and her tragic past While she tries desperately to avoid being arrested in connection to her daughter s disappearance she soon becomes aware of another threat What starts out as frightening but harmless occurrences quickly turns dangerous and threatening Someone is trying to scare her Or worse With the police closing in and someone intent on destroying her Andi must do whatever it takes to keep her secrets buried *The Etheric Body of Man* Phoebe Bendit, Lawrence J. Bendit, Phoebe D. Bendit, 1990-02-02 A Clairvoyant and a Psychiatrist pool their talents in a study of the human health aura No other work can speak to this subject with such confidence Imagine 1 Taking one of the most respected clairvoyants in the world and 2 a psychiatrist recognized for his fine contributions to his field 3 having the clairvoyant study the aura of a human subject using her unusual talents 4 having the psychiatrist study the psyche of the same subject and finally 5 integrating their observations to arrive at new and startling conclusions concerning the subtle physically invisible human bodies It has never been done before It may never be done again Raising Intuitive Children Caron B. Goode, Tara Paterson, 2009-01-01 Helps parents validate the abilities of intuitive children offering advice on determining whether a child is gifted matching parenting styles with a child s needs and helping children exercise their intelligence through rituals Children Who Remember Previous Lives Ian Stevenson, M.D., 2016-05-20 The concept of reincarnation has been around for thousands of years and is a part of many religions including Hinduism Buddhism Jainism and Sikhism In addition to these religious beliefs many people believe it offers an explanation for the mysteries of life There are children that claim to remember previous lives as adults or even animals These claimed memories might affect the development of the child and be incorporated into the child s personality This book presents an in depth look at Dr Stevenson s forty years studying children who claim to remember previous lives It is an informative professional read that dispels common misconceptions about reincarnation and offers an open minded perspective It provides an overview of the history of the belief in and evidence for reincarnation with new material relating to birthmarks and birth defects independent replication studies and recent developments in genetic study It also covers research on children the methods used the cases studied and the analyses of the data The idea of reincarnation is explored as an explanation for some unsolved problems in psychology and medicine INTRODUCTION TO REINCARNATION Provides an introduction to the study of reincarnation including a discussion of the belief in reincarnation VARIATIONS IN DIFFERENT CULTURES Looks at how reincarnation is viewed in different cultures around the world and how it has changed over time EXPLANATORY VALUE OF THE IDEA OF REINCARNATION The idea of reincarnation has been around for thousands of years and many people believe it offers an

explanation for the mysteries of life TYPES OF EVIDENCE FOR REINCARNATION There are many types of evidence for reincarnation including anecdotal evidence case studies and research studies TYPICAL CASES OF CHILDREN Looks at typical cases of children who remember previous lives with a focus on their characteristics METHODS OF RESEARCH Discusses the methods of research and the various ways in which previous life memories can be investigated ANALYSIS AND INTERPRETATION OF CASES Analyzes a number of cases from the author's 40 year career The Primitive Family as an Educational Agency Arthur James Todd, 1913 **Gay Science** Timothy F. Murphy, 1998-01-05 Gay Science is the first comprehensive examination of the ethical questions surrounding sexual orientation research Bioethicist Timothy Murphy presents the views of many gay men and women who detect ominous motives behind this research If a genetic marker were discovered for homosexual tendencies would genetic screening be used to further discriminate against gay people If a method for changing sexual orientation were developed would it would be forced upon gay adults or children whose parents suspected they might grow up to be gay Given the potential for its misuse is sexual orientation research fundamentally unethical Murphy acknowledges that much of sexual orientation research to date has been bad science questionable in its motives and methodologically unsound He examines the social and historical conditions from the 1880s to the present that spawned this research and reviews the findings that have often perpetuated confusion about homosexuality He assesses five major studies on sexual orientation undertaken in the 1990s from neuroanatomist Simon leVay's study of certain brain structures in gay men to the work of psychologist Joseph Nicolosi He questions the flawed and simplistic assumptions about sexuality made by much of this research Murphy argues that a true science of sexual orientation would not be focused exclusively upon homosexuality nor presuppose its pathology Throughout the book Murphy argues that concerns about the potential misuses of this research do not justify its prohibition Tackling gay science's most troubling aspects he contends that if this research leads to the development of effective sexual orientation therapies informed adults should have the choice to undergo them he also examines the factors that weigh in favor of a parental right to choose or attempt to influence the sexual orientation of a child and the ethical limits to such a right Pointing to the potential benefits of sexual orientation research as well as acknowledging its potential for harm Murphy ultimately defends gay science in the name of free scientific inquiry Gay Science argues that the way to ensure the future of gay people is not through censoring sexual orientation research but through working toward a society which uses research as a way of distinguishing myth from fact and not as an instrument of discrimination **The Inner World of Childhood** Frances Gillespy Wickes, 1927 **The Spiritual Lives of Bereaved Parents** Dennis Klass, 2013-11-12 This book describes how parents lose find or relocate spiritual anchors after the death of their child It describes how ordinary people reconstruct their lives after their foundations have shifted and how they make sense of their world after one of their centers of meaning has been removed Klass grounds his descriptions of spirituality in his scholarly study of comparative religions and in his two decades studying the lives of bereaved parents He argues that

continuing bonds with their dead children can give parents a new transcendent reality Deceased children like saints or bodhisattvas can offer a bridge between the profane and sacred worlds support parents as they find meaning in a world made forever poorer and bind together a community adequate to parents grief The book reports Klass s clinical practice and his work as advisor to a bereaved parents self help support group *When Heaven Calls* Matt Fraser, 2021-11-23 America s top psychic medium reflects on his life of speaking to Spirit and the lessons he s learned along the way from both the living and the dead Matt Fraser is just an ordinary guy who happens to talk to dead people Born into a psychic family Matt carries on the legacy passed down from his late Grandmother Mary by connecting people to their dearly departed loved ones and delivering messages from the other side His sold out live group readings television appearances and private readings have allowed him to bring hope and healing to fans from around the world But people who are not in the habit of talking with the dead have a hard time imagining what his day to day life is like Based on the questions he gets they seem to think he spends most of his time sitting cross legged in a trance maybe hovering a few inches off the ground leaving his physical body behind as he journeys across the veil to the spirit realm But it s not like that at all Now in *When Heaven Calls* Matt opens up about it s really like to be a psychic medium including how he discovered his spiritual gift what it s like to connect with souls on the other side what communicating with the dead has taught him about embracing life and how you can tap into your own intuitive awareness to manifest your dreams goals and desires
