Annual Report on British New Guinea from ... with Appendices Papua,1902 In Far New Guinea Henry Newton,1914 **The Finger of God** Malcolm Batley,2015-05-13 The Screaming Demon is the sequel to the Beginning The book follows Malcolm when he makes his way toward the castle looking for revenge He must come to terms with his self and the fact that he is now a witch doctor He wakes up only to discover he is not alone The Rat jumped onto Malcolm Batleys lap making him jump and this time he had peed himself The Rat was very small but his legs and arms were long He was all covered in long brown hair so they called him the Little Rat The Rat gives Malcolm some good advice Then he tells Malcolm what he must do but will he do what Rat asked You save Little Rat Click You kick man from village in ribs so I get away from him Then so I give magic to you Man from village He try steals my magic from me but now villages think I run with a Screaming Demon so now they leave me alone Click Villages think you are Screaming Demon they now leave you alone and keep out of your way but one or two will try stealing magic from you Rat gave me the bad news Now I would have to take him to his grave to his grave I would not be burying him I would be taking him to the top of Mount Cameroon where I had to drop him into the volcano dead or alive I told him no at first Thats when he told me about the castle which I was looking for Rat whom I called Little Man and the man who I became good friends with How could I throw him to his death Little man was a good persuader If I took him to his resting place he would show me how to kill the serpent and where I could find him Then

he would teach me how to survive and what I could eat So I said I would take him He said he was dying anyway I was in for a long and hard walk which would take me right back to where it all began and then an even longer march toward the castle where I would fine my own demon along with the serpent which I had to defeat *The Lone Hand: May-October 1908* ,1908

Creatures That Can Kill You (Townsend Library) Marie Noble,2011 In Africa night after night two young lions creep into a sleeping village Screams shatter the stillness as the lions grab their human victims by the head and drag them off into the tall grasses Soon the screams stop and the sound of crunching bones drifts back to the village In South America explorers jump back in horror as they come face to face with a huge spider It is as wide across as a dinner plate and it is feasting on a bird it has just caught And near a crowded beach in New Jersey a massive great white shark lurks Suddenly there is a shriek followed by frantic splashing Within seconds a pool of blood spreads across the water These are just a few of the terrifying stories you ll find in *Creatures That Can Kill You* And not only are they terrifying they re also true **Close to the Sun** Stuart Jamieson,2020-10-01 A surgeon internationally recognized for his expertise in heart and lung transplants writes with assurance and aplomb about his achievements Kirkus Reviews Stuart Jamieson has lived two lives One began in heat and dust Born to British ex pats in colonial Africa Jamieson was sent at the age of eight to a local boarding school where heartless instructors bullied and tormented their students In the summers he escaped to fish on crocodile infested rivers and explore the African bush As a teenager an apprenticeship with one of Africa s most fabled trackers taught Jamieson how to

deal with dangerous game and even more dangerous poachers lessons that would later serve him well in the high stakes career he chose Jamieson s second life unfolded when he went to London to study medicine during the turbulent 1960s leaving behind the only home he knew as it descended into revolution Brilliant and self assured Jamieson advanced quickly in the still new field of open heart surgery It was a fraught time For patients with terminal heart disease heart transplants were the new hope But poor outcomes had all but ended the procedure In 1978 Jamieson came to America and to Stanford the only cardiac center in the world doing heart transplants successfully Here Jamieson s pioneering work on the anti rejection drug cyclosporin would help to make heart transplantation a routine life saving operation that is still in practice today as he continues to train the next generation of heart surgeons Stuart Jamieson s story is the story of four decades of advances in heart surgery Every reader interested in the history behind one of medicine s riskiest procedures will find it fascinating
