Into India, Out of Africa Alistair Caldicott, 2004-12-01 From the word go, the style and tenor of this book is set. And it doesn't take long before we realise we are in for a raunchy, realistic, roughish ride. So seat yourself comfortably. Be transported from the relentlessly chaotic assault on the senses that is India to the cool Himalayan magnificence of trekking to

Everest Base Camp Through the vastness of Australia unable to escape the predictably painful experiences of England's cricket team before plunging into the outdoor activity challenges of New Zealand Then perhaps most compelling of all the continent of Africa from the bottom up An ambitious journey overland encompassing Africa's most extreme tip right up to its snow covered top Mt Kilimanjaro Here it is not so much the final destination as all that is entailed to get there that informs and entertains With a refreshing attitude this book doesn't try to be the great African travel book drowning you with its intensity Bruce Chatwin it is not But it is a breath of fairly fresh air excluding a lot of dust and some graphically described indigenous odours The tone is conversational and intimate the author takes the reader along with him on his slightly bumpy travels and there is a splendid lack of any sort of political correctness although Alistair is actually broad minded and unprejudiced minus a few Australians He understands the people he meets Without wanting to be remotely serious because he isn't this is a book that is kind and understanding of different places and people The author observes records and attempts to shed light on people places and experiences that are not of the everyday variety The traveller both experienced and of the armchair variety could have many a worse companion than this book

The Tragic Romance of Africa Jonathan Nicholas, Dennis Hubbard, 2013-11-01 Dennis Hubbard was a naive 21 year old when he arrived at a small mining town called Broken Hill in tropical Northern Rhodesia where he spent the next two years They were to become the greatest and most formative of his life Together with his best friend Fred he became involved in expeditions deep into the African bush first on pedal cycles and then in a 1946 Flying Standard motor car They paddled a kayak on the lake adjacent to Mulungushi Dam where they had first hand encounters with the dangerous native wildlife such as crocodiles and hippos and many other near altercations with elephants buffalo and baboons Dennis and Fred were recruited to the local Police Reserve and Dennis was shocked to see the segregation and discrimination that existed at the time He befriended some local Africans contrary to firm advice from many other white people in Broken Hill Eventually Dennis became truly absorbed into the colonial way of life just as the sun was setting on the British Empire He used his rifle several times and became very familiar with the seemingly endless and beautiful savannah lands that surrounded Broken Hill

Towards the end of his stay in Africa there was a heated romance with great tragedy in store for both Dennis and Fred the horrendous circumstances of which will have the reader asking whether this is really a true story unfortunately it certainly is Dennis was initially reluctant to share his story and has so far kept this desperately tragic end of his stay in Africa a deep dark secret Until now *The Tragic Romance of Africa* is a compelling combination of travel writing and memoir that also gives a unique and rare insight into a snapshot of Africa's history It's a book that at times reads like a novel due to its hard to believe content and an account that is often hilarious occasionally touching sometimes moving but ultimately harrowing set in a bygone age of colonialism racism exploitation and adventure

Travels in the Interior of Africa, in the Years 1795, 1796, & 1797, Abridged ... with a Supplement ... Mungo Park,1815 Trails of Africa Daniel Nuss,2022-11-15 After relocating into the heart of northern Tanzania for their careers four close friends participate in never ending suspenseful trapdoor assignments otherwise known in their line of work as wildlife conservation and archaeology But it s not until one of the group s friends presented challenges like no other to their lives during the highly unimaginable determined work they happened to love How would each character react to their fellow coworkers if they locked horns with someone in their seemingly close knit group who never stopped being impossible It would seem that no matter what the group had done they never seemed to get it right for that particular person And the fact of the matter is it s a recurring matter throughout nearly each day spent between one another while enjoying their work interest What everybody in the group save that special someone must ask themselves is How long should they put up with that special someone and deal with the difficulty To make matters worse one of the other characters refuses to hear the difficult character out which leaves a stain on their relationships Complications only arise as a criminal led the charge in parts of Tanzania to involve them in tracking him and his men in poaching and archaeology And to top it all off the difficult character had the canny ability to be a step forward through the door and to take the lead with any obstacle that heads their way But by leaving each of the close acquaintances far more tightly knit together than they were before in the middle of prevalent danger their struggles came as a surprise realizing how they really didn t see each other the right way all based on a story of suspenseful adventure that only raised the tenacity of keeping the group alarmed on their toes **The Agricultural Journal of the Union of South Africa** South Africa.
