Divine Love and Wisdom Emanuel Swedenborg, 2003 While many of Emanuel Swedenborgs writings rely heavily on the Bible Divine Love and Wisdom appeals directly to human experience It describes a loving God who is equally present with all people on earth regardless of race or religion and explores the underlying unity of all living things The Puritan Literary Tradition Johanna Harris, Alison Searle, 2025-05-19 What is meant by the Puritan literary tradition and when did the idea of Puritan literature as distinct from Puritan beliefs and practices come into being The answer is not straightforward This volume addresses these questions by bringing together new research on a wide range of established and emerging literary subjects that help to articulate the Puritan literary tradition including political polemic and the performing arts conversion and New World narratives individual and corporate life writings histories of exile and womens history book history and the translation and circulation of Puritan literature abroad Puritan epistolary networks discourses of Puritan friendship the historiography of Puritanism defined through editing and publishing doctrinal controversy and the history of emotions This essay collection proposes that a Puritan literary tradition existed that was distinct from broader conceptions of early modern English and Protestant traditions and offers a nuanced account of the distinct and variegated contribution that Puritanism has made to the construction of literature as a concept in English It ranges from the late sixteenth through to the nineteenth century and spans British European and American Puritan cultures It offers new analyses of well known Puritan writers such as Anne Bradstreet John Bunyan Richard Baxter and John Milton as well as less familiar figures such as Mary Rowlandson and Joseph Hussey and writers less often associated with Puritanism such as Andrew Marvell and Aphra Behn **The Demons of William James** Tadd Ruetenik, 2018-07-04 This book is a psychological exploration of unusual minds a religious exploration of demonological myth and a philosophical exploration of the reaches of pragmatism It uses topics such as hypnotism mediumship and mass possession to argue for a comprehensive understanding of the demonic that acknowledges not only the creativity which it encourages but also the danger it can bring Professor Ruetenik uses James religious pragmatism to evaluate the relevance of psychical research and to explain common beliefs regarding demons spirits and other controlling personalities The conclusion of this interdisciplinary research is as alarming as it is fascinating When exploring the demons of William James we discover that ordinary personality cannot be clearly separated from what we consider the demonic **Divine Providence** Emanuel Swedenborg, 2003 In Divine Providence Swedish scientist turned seer Emanuel Swedenborg undertakes the difficult task of bridging his transcendent vision of a perfectly loving God with the sometimes unloving world where we all live **Tracing the Jerusalem Code** Ragnhild Johnsrud Zorgati, Anna Bohlin, 2021-05-10 With the aim to write the history of Christianity in Scandinavia with Jerusalem as a lens this book investigates the image or rather the imagination of Jerusalem in the religious political and artistic cultures of Scandinavia through most of the second millennium Volume 3 analyses the impact of Jerusalem on Scandinavian Christianity from the

middle of the 18 century in a broad context Tracing the Jerusalem Code in three volumes Volume 1 The Holy City Christian Cultures in Medieval Scandinavia ca 1100 1536 Volume 2 The Chosen People Christian Cultures in Early Modern Scandinavia 1536 ca 1750 Volume 3 The Promised Land Christian Cultures in Modern Scandinavia ca 1750 ca 1920
