Heaven's Coast Mark Doty, 2009-03-17 The year is 1989 and Mark Doty's life has reached a state of enviable equilibrium His reputation as a poet of formidable talent is growing he enjoys his work as a college professor and perhaps most importantly he is deeply in love with his partner of many years Wally Roberts The harmonious existence these two men share is shattered however when they learn that Wally has tested positive for the HIV virus From diagnosis to the initial signs of deterioration to the heartbreaking hour when Wally is released from his body's ruined vessel Heaven's Coast is an intimate chronicle of love its hardships and its innumerable gifts We witness Doty's passage through the deepest phase of grief letting his lover go while keeping him firmly alive in memory and heart and eventually beyond to the slow reawakening of the possibilities of pleasure Part memoir part journal part elegy for a life of rare communication and beauty Heaven's Coast evinces the same stunning honesty resplendent descriptive power and rapt attention to the physical landscape that has won Doty's poetry such attention and acclaim

Troubled Paradise Eric Reitan, 2024-12-12 Grief over the loss of those we love is one of the most painful parts of life But Christianity has long offered consolation to those who grieve in the form of the Easter promise Death is not the end Beyond it lies a realm of perfect joy where mourning is no more and every tear is wiped away But won't this promise have limits if as Christians have traditionally believed some of God's creatures are eternally lost Can I really be perfectly happy in heaven if say my children are damned or annihilated And what about the Christian teaching that those in heaven are morally sanctified Doesn't this mean they will be perfected in a love so wide it includes even our enemies and hence the lost While delving deeply into the nature of grief and its relation to Christian ethics this book explores the reasoning that generates this problem of heavenly grief examines purported solutions and invites deeper reflection on a frequently dismissed idea that avoids the problem altogether the universalist notion that there are no limits to Easter's promise because all are ultimately saved

The Strategic Smorgasbord of Postmodernity Deborah Bowen, 2011-05-25 Contemporary Christian critique often talks about postmodernism apocalyptically in terms of cultural crisis and decline instead the contributors to this volume believe that there is a new place for Christian entries on the academic Smorgasbord of postmodernity and they see the postmodern turn as an opportunity for fresh perspectives on the spiritual dimensions of reading literature These twenty scholars are an eclectic group differing in theological and theoretical commitments but all identifying as Christian In this collection they enter into dialogue with a wide range of contemporary literary theorists and theoretical perspectives and offer new readings of primary texts informed by both these theoretical constructs and their Christian faith The manuscript strikes out in important new directions in its sympathetic reading of postmodern theory from a Christian perspective and even more significantly in its careful and measured dialogic approach to the relationship of Christian thought and contemporary literary theory Daniel Coleman Canada Research Chair in Critical Ethnicity and Race Studies Department of English and Cultural Studies McMaster University Too often Christian literary critics and theologians have preemptively dismissed postmodern theory even as secular critics have been equally dismissive about the contributions that the Christian faith tradition makes to the study of literature This volume successfully brings these two worlds together in innovative at times challenging and always rich ways I do not know of a similar volume in existence a work that gathers in one convenient publication a wide ranging set of discussions of contemporary literary theory by Christian scholars The editor has gathered an impressive and important set of papers here and I believe the volume will raise much interest and provoke a good deal of constructive debate Susan VanZanten Gallagher Professor of English Director Center for Scholarship and Faculty Development Seattle Pacific University

matter how well intended My husband had not gone to a better place as if he were off on a holiday He had not passed like clouds overhead nor was he my late husband as if he'd missed a train I had not lost him as if I'd been careless and for sure none of it was for the best She yearned instead for words that acknowledged the reality of death spoke about the sorrow and loneliness and perhaps even guilt and anger and might even point the way toward hope and healing She found those words in the writings gathered here The Language of Loss is a book to dip into and read slowly a collection of poems and prose to lead you through the phases of grief The selections follow an arc that mirrors the path of many mourners from abject loss and feeling unmoored to glimmers of promise and possibility through to gratitude for the love they knew These writings which express what often feels ineffable will accompany those who grieve offering understanding and solace **Man's**
