

A black and white photograph of a dense forest. The image is filled with numerous thin, vertical tree trunks that create a strong sense of depth and texture. The lighting is somewhat dim, with the ground in the foreground appearing darker and the trees receding into the background. The overall mood is quiet and contemplative.

Heideggers Atheism The Refusal Of A Theological Voice:

Heidegger's Atheism Laurence Paul Hemming, 2002 This work traces the development of Heidegger's explanation of philosophy as a methodological atheism relating it to his reading of Aristotle Aquinas and Nietzsche A predominant issue throughout this study is Heidegger's pursuit of an answer to the question How did God get into philosophy *Heideggerian Theologies* Hue Woodson, 2018-11-27 In light of Martin Heidegger's contextualized influence upon them John Macquarrie Rudolf Bultmann Paul Tillich and Karl Rahner engage in theologies that in their respective tasks and scopes venture into existential theology following Heideggerian pathmarks toward the primordially of being on the way to unconcealment or aletheia By way of each pathmark each existential theologian assumes a specific theological stance that utilizes a decidedly existential lens While the former certainly grounds them fundamentally in a kind of theology the latter by way of Heideggerian influences allows them to venture beyond any traditional theological framework with the use of philosophical suppositions and propositions In an effort at explaining the relationship between humanity's being and God's Being each existential theologian examines what it means to be human not strictly in terms of theology but as it is tied inextricably to an understanding of the philosophy of existence the concept of what being is The Emergency of Being Richard Polt, 2013-07-23 The heart of history for Heidegger is not a sequence of occurrences but the eruption of significance at critical junctures that bring us into our own by making all being including our being into an urgent issue In emergency being emerges from The Emergency of Being The esoteric Contributions to Philosophy often considered Martin Heidegger's second main work after Being and Time is crucial to any interpretation of his thought Here Heidegger proposes that being takes place as appropriation Richard Polt's independent minded account of the Contributions interprets appropriation as an event of emergency that demands to be thought in a future subjunctive mode Polt explores the roots of appropriation in Heidegger's earlier philosophy Heidegger's search for a way of thinking suited to appropriation and the implications of appropriation for time space human existence and beings as a whole In his concluding chapter Polt reflects critically on the difficulties of the radically antirationalist and antimodern thought of the Contributions Polt's original reading neither reduces this challenging text to familiar concepts nor refutes it but engages it in a confrontation an encounter that respects a way of thinking by struggling with it He describes this most private work of Heidegger's philosophy as a dissonant symphony that imperfectly weaves together its moments into a vast fugue under the leitmotif of appropriation This fugue is seeded with possibilities that are waiting for us its listeners to develop them Some are dead ends viruses that can lead only to a monolithic monotonous misunderstanding of history Others are embryonic insights that promise to deepen our thought and perhaps our lives if we find the right way to make them our own **Esoteric Islam in Modern French Thought** Ziad Elmarsafy, 2021-01-14 Why would a devout Catholic a committed Protestant and a Maoist atheist devote their lives and work to the study of esoteric aspects of Islam How are these aspects good to think with What are the theoretical and intellectual problems to which they

provide solutions These are the questions at the heart of Esoteric Islam in Modern French Thought The three French specialists of Islam described above form an intellectual and personal genealogy that structures the core of the text Massignon taught Corbin who taught Jambet in his turn Each of them found in the esoteric a solution to otherwise insurmountable problems desire for Massignon certainty for Corbin and resurrection immortality for Jambet Over the course of three long chapters focused on the life and work of each writer the book maps the central place of esoteric Islam in the intellectual life of twentieth and twenty first century France Hans Urs von Balthasar and the Phenomenology of Art Brett David Potter, 2022-09-23 The work of the influential Jesuit theologian Hans Urs von Balthasar 1905 1988 has become a common point of reference in discussing the relationship of theology and the arts However the full significance of his theological aesthetics for both the emerging field of theology and the arts as well as for interdisciplinary conversation with contemporary art and theory remains to be unfolded This book explores the ways in which Balthasar's theo aesthetics when taken together with his theological dramatics and theo logic yield a theologically informed phenomenology of the work of art with rich implications for contemporary theologies of art By investigating the nature and disclosure of beauty and being through art Balthasar's theological re-reading of Heidegger his theo dramatic relation of all forms to Christ and his phenomenology of truth Balthasar's philosophical and theological insights into the nature of art are presented as a resource for a constructive theology of art which springs from the depths of his theological aesthetics **Breached Horizons** Rachel Bath, Antonio Calcagno, Kathryn Lawson, Steve G. Lofts, 2017-12-20 This volume is a guide to the legacy of the philosophical work of Jean Luc Marion A leading phenomenologist and philosopher of religion Marion's work addresses questions on the nature and knowledge of God love consciousness art psychology and spirituality Here leading Marion scholars explain the development of his key concepts while critically mining the philosopher's ideas for relevant implications and applications to contemporary issues in various fields of study including philosophy theology art psychology and literature The first volume to cover Marion's wider corpus this book opens with an original essay by Marion himself and goes on to present a comprehensive view of Marion's ideas Though largely anchored in philosophy the essays are interdisciplinary and explore the various questions central to Marion's work including the visibility and invisibility of God the constitutive force of the horizon of consciousness the gift and givenness eroticism and love art and painting psychology literature memory iconography and spirituality **The Politics to Come** Arthur Bradley, Paul Fletcher, 2011-11-03 The Politics to Come brings together an international collection of thinkers to consider the meaning of liberal democratic modernity at a moment when its future has never been less certain It examines the explosive threats the liberal order confronts today financial meltdown religious extremism environmental catastrophe Yet it also seeks to place these singularly modern crises within a much longer history For the contributors to this collection it is the ancient religious tradition called the messianic that provides the critical lens through which modernity may be interrogated In its ongoing struggles with the messianic liberal modernity confronts the

promise and threat of a radically new Politics to Come So what are the Politics to Come How do they manifest themselves throughout history Why does the possibility of a messianic judgement continue to haunt the western political imaginary This collection offers a series of political philosophical and theological perspectives from which the future of liberal modernity if it has one can be imagined *Retrieving the Radical Tillich* Russell Re Manning, 2016-01-26 Paul Tillich is best known today as a theologian of mediation Many have come to view him as an out of date thinker a safe exemplar of a mid twentieth century theological liberalism The way he has come to be viewed contrasts sharply with the current theological landscape one dominated by the notion of radicality In this collection Russell Re Manning breaks with the widespread opinion of Tillich as safe and dated *Retrieving the Radical Tillich* depicts the thinker as a radical theologian strongly marked but never fully determined by the urgent critical demands of his time From the crisis of a German cultural and religious life after the First World War to the new realities of religious pluralism Tillich's theological responses were always profoundly ambivalent impure and disruptive asserts Re Manning The Tillich that is outlined and analyzed by this collection is never merely correlative Far from the dominant image of the theologian as a liberal accommodationist Re Manning reintroduces the troubled and troubling figure of the radical Tillich **The Dark Gaze** Kevin Hart, 2004-11-30 Publisher Description

Theology and the Films of Terrence Malick Christopher B. Barnett, Clark J. Elliston, 2016-08-12 Terrence Malick is one of the most important and controversial filmmakers of the last few decades Yet his renown does not stem from box office receipts but rather from his inimitable cinematic vision that mixes luminous shots of nature dreamlike voiceovers and plots centered on enduring existential questions Although scholars have thoroughly examined Malick's background in philosophy they have been slower to respond to his theological concerns This volume is the first to focus on the ways in which Malick integrates theological inquiries and motifs into his films The book begins with an exploration of Malick's career as a filmmaker and shows how his Heideggerian interests relate to theology Further essays from established and up and coming scholars analyze seven of Malick's most prominent films *Badlands* 1973 *Days of Heaven* 1978 *The Thin Red Line* 1998 *The New World* 2005 *The Tree of Life* 2011 *To the Wonder* 2012 and *Knight of Cups* 2015 to show how his cinematic techniques point toward and overlap with principles of Christian theology A thorough study of an iconic filmmaker this book is an essential resource for students and scholars in the emerging field of religion and film **Francois Laruelle's Philosophies of Difference** Rocco Gangle, 2013-06-07 Everything you need to understand both Laruelle's critique of difference and his project of non philosophy Gilles Deleuze described Laruelle's thought as one of the most interesting undertakings of contemporary philosophy Now Rocco Gangle who translated Laruelle's philosophy into English takes you through Laruelle's trailblazing book *Philosophies of Difference* helping you to understand both Laruelle's critique of Difference and his project of non philosophy which has become one of the most intriguing avenues in contemporary thought He explains the context within which Laruelle's thought developed and takes you through the challenging argument and conceptual scaffolding of

Philosophies of Difference **Sacred Language, Sacred World** Joshua D. Broggi, 2015-12-17 Heidegger and Gadamer are typically read by different theologians Heidegger tends to be read by philosophical theologians examining his contribution to matters of doubt existential finitude and atheism Gadamer tends to be read by those with an interest in interpreting the Bible especially by those with more confessional or epistemically optimistic sensibilities In both cases Heidegger and Gadamer have well established associations with specific theological positions Joshua Broggi challenges this arrangement by re-reading the primary texts as theological resources he defends an alternative theological appropriation of their philosophical work through a close engagement with portions of their argument What emerges from Broggi's examination is an account of the unity of tradition reason and scriptural language This account goes beyond claims of their relatedness which are uncontroversial and advances the stronger argument that they name the very same thing Although initially counterintuitive the central task set by both Heidegger and Gadamer is the investigation of that one phenomenon This argument challenges the pervasive image in which Christians rely on tradition to reason about the meaning of scripture It puts into question the injunction that theologians should balance the resources of scripture tradition and reason Broggi offers an account of Christian life as more fundamental than certain entities which are distilled out of it namely scripture tradition and reason

Welcoming Finitude Christina M. Gschwandtner, 2019-10-01 What does it mean to experience and engage in religious ritual How does liturgy structure time and space How do our bodies move within liturgy and what impact does it have on our senses How does the experience of ritual affect us and shape our emotions or dispositions How is liturgy experienced as a communal event and how does it form the identity of those who participate in it Welcoming Finitude explores these broader questions about religious experience by focusing on the manifestation of liturgical experience in the Eastern Christian tradition Drawing on the methodological tools of contemporary phenomenology and on insights from liturgical theology the book constitutes a philosophical exploration of Orthodox liturgical experience William Desmond and Contemporary Theology Christopher Ben Simpson, Brendan Thomas Sammon, 2017-11-15 In William Desmond and Contemporary Theology Christopher Simpson and Brendan Sammon coordinate through a collection of scholarly essays a timely exploration of William Desmond's work on theology and metaphysics bringing the disciplines of philosophy and theology together in new and vital ways The book examines the contribution that Desmond's metaphysics makes to contemporary theological discourse and to the renewal of metaphysics A central issue for the contributors is the renewal of metaphysics within the post-metaphysical or anti-metaphysical context of late modernity This volume not only capably demonstrates the viability of the metaphysical tradition but also illuminates its effectiveness and value in dealing with the many issues in contemporary theological conversation William Desmond and Contemporary Theology presents Desmond's contemporary yet historically aware continental metaphysics as able to provide revealing insights for the discussion of the relation between philosophy and theology Simpson and Sammon argue moreover that Desmond's contribution to linking these two fields makes his an

important voice in the academic conversation Students and scholars of Desmond contemporary philosophy theology and literature will find much to provoke thought in this collection Contributors John R Betz Christopher R Brewer Patrick X Gardner Joseph K Gordon Ren e K hler Ryan D Stephen Long John Panteleimon Manoussakis Cyril O Regan Brendan Thomas Sammon D C Schindler Christopher Ben Simpson and Corey Benjamin Tutewiler **Radical Apophasis** Todd Ohara,2020-08-17 This book exhibits the richness and sophistication of Plotinian and Dionysian apophatic theologies by explicating their respective internal logics It articulates the unique metaphysical status and explanatory role that the One and God respectively play in Plotinus s and Dionysius s reflections showing the way in which apophasis is generated and sustained by the metaphysical explanatory lines of thought in which the One Plotinus and God Dionysius function as the ultimate unconditioned source of everything else In the context of explanation negation serves to convey the incomparable reality of the One or of God as beyond being However the metaphysical and explanatory lines of thought are themselves situated within the broader context of the soul s ascent to mystical union with the One or with God From this broader perspective the discursive practice of negation constitutes the basis of preparing the soul for mystical union Preparation for mystical union involves the cognitive and trans cognitive practice of negation which enables the soul to progress towards and become united with the One or God This study is motivated by the desire to more deeply understand apophasis as deployed in different philosophical theological and religious contexts including the work of contemporary thinkers such as Jean Luc Marion The Movement of Nihilism Laurence Paul Hemming,Kostas Amiridis,Bogdan Costea,2011-05-05 **Christian Dying** George Kalantzis,Matthew Levering,2018-07-24 We human beings are mortal Our lives in this world inevitably terminate in death This reality however need not cause us to despair since Jesus Christ has gone before us into the far country of death giving us hope that this defining feature of our earthly lives is not the end but instead is an entrance into Christ s presence and a path to the fullness of the Spirit s new creation in which God will be all in all Christian Dying Witnesses from the Tradition is a collection of essays containing reflections from Christian authors whether Catholic Orthodox or Protestant on the meaning and appropriation of Christian hope in the face of death in conversation with a number of great voices from the Christian tradition CONTRIBUTORS Michel Rene Barnes John C Cavadini Marc Cortez Brian E Daley S J Paul L Gavriluk Matthew Levering David Luy Mark McIntosh Gilbert Meilaender Cyril O Regan Marcus Plested Brent Waters *Freedom and Necessity in Modern Trinitarian Theology* Brandon Gallaher,2016-09-15 Freedom and Necessity in Modern Trinitarian Theology examines the tension between God and the world through a constructive reading of the Trinitarian theologies and Christologies of Sergii Bulgakov 1871 1944 Karl Barth 1886 1968 and Hans Urs von Balthasar 1905 1988 It focuses on what is called the problematic of divine freedom and necessity and the response of the writers Problematic refers to God being simultaneously radically free and utterly bound to creation God did not need to create and redeem the world in Christ It is a contingent free gift Yet on the other side of a dialectic he also has eternally determined

himself to be God as Jesus Christ He must create and redeem the world to be God as he has so determined In this way the world is given a certain free necessity by him because if there were no world then there would be no Christ A spectrum of different concepts of freedom and necessity and a theological ideal of a balance between the same are outlined and then used to illumine the writers and to articulate a constructive response to the problematic Brandon Gallaher shows that the classical Christian understanding of God having a non necessary relationship to the world and divine freedom being a sheer assertion of God s will must be completely rethought Gallaher proposes a Trinitarian Christocentric and cruciform vision of divine freedom God is free as eternally self giving self emptying and self receiving love The work concludes with a contemporary theology of divine freedom founded on divine election

Proofs of God Matthew Levering, 2016-04-12 Leading theologian Matthew Levering presents a thoroughgoing critical survey of the proofs of God s existence for readers interested in traditional Christian responses to the problem of atheism Beginning with Tertullian and ending with Karl Barth Levering covers twenty one theologians and philosophers from the early church to the modern period examining how they answered the critics of their day He also shows the relevance of the classical arguments to contemporary debates and challenges to Christianity In addition to students this book will appeal to readers of apologetics
