homeland with ambitious plans Today with the country in shambles they are in open conflict with one another and their Western allies Joshua Partlow s clear eyed analysis reveals the mistakes squandered hopes and wasted chances behind the scenes of a would be political dynasty Nothing illustrates the arc of the war and America s relationship with Afghanistan from optimism to despair friendship to enmity as neatly as the story of the Karzai family itself told here in its entirety for the first time

Dimensions of Practical Necessity Katharina Bauer,Somogy Varga,Corinna Mieth,2017-04-20 This collection of essays provides the first systematic investigation of practical necessity and offers novel perspectives on this intriguing phenomenon While debates on necessity often take place in the realm of metaphysics there is a form of necessity that is pertinent to practical philosophy Here I stand I can do no other a phrase habitually attributed to Martin Luther is often interpreted as revealing underlying normative reasons that exhibit a special kind of necessitating force experienced as an inescapable constraint by the agent However one of the features that make this phenomenon so fascinating is that this constraint is often deciphered as stemming from a form of necessitation that articulates the agent s autonomy or practical identity Luther s saying serves as a leitmotif for an exploration of different claims and challenges related to practical necessity As the complex philosophical investigations are based on familiar everyday experiences the book is accessible to any academic readership
