same great material as Academic Success Media's original publication. Plus there is a new workbook section at the end of the book with 280 new vocabulary exercises and answers. The book also includes the essential TOEFL idioms and phrasal verbs that are assessed on the examination. The vocabulary idioms and phrasal verbs in the book are divided into alphabetized sections from A to Z. There are definitions and sample sentences for each vocabulary item. By using this study guide you will learn whether each word is a noun, verb, adjective, adverb, or idiom. You will also learn the derivatives, words in the same family that can be formed by using a prefix or suffix for each item of vocabulary that you are likely to see on the TOEFL test. Most importantly, there are exercises at the end of each section of the study guide. The exercises will provide you with further practice in utilizing the vocabulary naturally in sentences, a skill which is assessed on the exam. The book is ideal for self study. You can check your answers to the exercises by looking at the answer key provided at the end of the book. Get a step ahead on the TOEFL with our Advantage Edition.
