ans-Michael Bock,,im Bergfelder

Heinrich Mann Der Untertan:

Der Untertan Heinrich Mann, 1958 **The Loyal Subject: Heinrich Mann** Heinrich Mann, 1998-03-01 Published in 1918 *Der Untertan* by Heinrich Mann 1871 1950 previously issued in the United States only in parts under the title *Man of Straw* is a satirical novel that connects the tradition of nineteenth century German literature with the larger problems faced on the eve of the Nazi era This edition of *The Loyal Subject* is introduced and edited by Helmut Peitsch The translation is adapted with new portions translated by Daniel Theisen *Heinrich Mann's Novels and Essays* Karin Verena Gunnemann, 2002 The first full length study in English of Heinrich Mann's literary work and political activism Heinrich Mann once counted among the most important literary figures in Germany is known to most English speaking readers only as the brother of Thomas Mann or in connection with Marlene Dietrich and the film *The Blue Angel* which was based on one of his novels Only a few of his novels and stories and virtually none of his hundreds of provocative essays are available in English But he deserves special attention for the window his work provides onto the intellectual social and political history of Germany especially Germany's struggle with the question of democracy in the early twentieth century In his essays and novels Mann exposed Germany's resistance to democracy well before the First World War and especially during the Revolution of 1918 19 and the Weimar Republic he made the education of the German people to democratic values and a democratic form of government the center of his life and work Professor Gunnemann's book is the first work in English that explores Heinrich Mann's work in detail Special attention is given to the history of the reception of Mann's works in Germany which is also a history of that nation's self understanding Karin Verena Gunnemann is professor of German at Agnes Scott College in Atlanta **Heinrich Mann's Kaiserreich Trilogy with Special Reference to Der Untertan** Lionel Thomas, 1977 The Patrioteer Heinrich Mann, 2021-01-01 *Der Untertan* literally the subject translated into English under the titles *Man of Straw* *The Patrioteer* and *The Loyal Subject* is one of the best known novels of German author Heinrich Mann The title character Diederich Hessling a dedicated Untertan in the sense of a person subservient to a monarch or prince is an immoral man who is meant to serve as an allegory of both the reign of Kaiser Wilhelm II and German society of his time The novel was completed during the July Crisis in 1914 shortly before the outbreak of World War I Extracts had been published in the satirical magazine *Simplicissimus* from 1912 onwards causing great controversy A book edition was not published until 1918 by Kurt Wolff in Leipzig **Heinrich Mann's Kaiserreich Trilogy with Special Reference to Der Untertan**, 1977 **The Underling - Heinrich Mann. Newly Translated Into English.** HEINRICH. MANN, 2025-04-10 *The Underling* by Heinrich Mann Diederich He ling is a coward in search of authority a dreamer who worships power Behind his devotion to the Kaiser and all things imperial lies a hollow man eager to surrender his will to any higher force that will validate his own insignificance But as Diederich climbs the social ladder through loyalty betrayal and the fantasy of submission he becomes a grotesque parody of the very ideals he reveres In *The Underling* *Der Untertan* Heinrich Mann

dissects the authoritarian psyche with scalpel sharp wit and unnerving psychological precision First published in 1918 this novel remains an uncompromising portrait of the citizen who becomes dangerous not through strength but through obedience Mann's satire is not just aimed at a time or regime it is a timeless warning against the seduction of conformity and the violence lurking beneath servility A masterpiece of German literature *The Underling* is as relevant as ever in its exploration of fear ego and the machinery of power , *German Encounters with Modernity* Katherine

Roper,2023-08-21 The novels of Imperial Berlin comprise a body of material of immense historical richness Their importance as a historical source lies in the intricate connections their authors make between the individual lives of characters a modernizing city and a newly unified nation These connections and the values and assumptions behind them are the focus of this study In creating these connections as fictional representations of their society Berlin novelists not only reflected societal values but also were molding them by contributing to the social discourse in which they evolved Taken together their works constitute a significant piece in the complicated puzzle of how the society of Imperial Germany as it underwent the social and economic upheavals of modernization transformed the rule of traditional elites into new authoritarian forms Using individual works to analyze fictional treatment of a spectrum of problems of nationhood and modernity I argue that Berlin novelists were using their works for two significant social purposes to search for a German identity that spoke to modern realities and to envision a particularly German revolution that would bring genuine national greatness As the young nation matured however these visions became increasingly elusive They were impeded I suggest by specific obstacles including traumatic historical events inherited cultural ideals powerful mythologies social anxieties and political indifference This book documents what Berlin novelists conceived as a struggle for Germany's soul and traces the stages of its defeat Heinrich

Mann David LaVerne Gross,1969 **Heinrich Mann: Mirror and Antagonist of His Time** Alexander Von Fenner,2008-08 The following scientific work about Heinrich Mann is the translation of my examination *Heinrich Mann Die Entwicklung im Fr hwerk vom sozialkritischen zum politischen Roman* published 2007 in Germany and entitled *Heinrich Mann Mirror and antagonist of his time* This work describes his early literary his early literary life and shows his attitude towards most of the changes in the society during the turn of the century At the same time it demonstrates his change to a democrat and the way how he engrosses his thoughts to become a political author At the beginning of his rise to a literary example for a small group of youngf writers he was a member and observer of the special period called *Fin de si cle* Starting as a journalist he learned from french examples like Balzac Bourget and Zola and he wasreally impressed by the French spirit and styles of literature in the middle of the 19th century Certainly he has been influenced by contemporary literature and authors from Germany But nevertheless he was more focused on the French spirit of this period Heinrich Mann born 1871 brother of the established Thoms Mann was not an important writer In my opion and in comparison to his brother he was the one who was underestimated in his time Besides his personal development in his work shows why he was just the opposite to Thomas

Mann more brilliant than well known for the inexperienced reader of German literature The reason for it may be his attitude to prefer peace more than the other side of the German national mood to overwhelm other nations by hostile tendencies before the First World War His special authorial abilities can be realised in how he describes the political attitudes in his own ironical and sarcastic style In this article the literary work of Heinrich Mann caricatures the German Empire which is presented by means of my comparisons of the three novels Im Schlaraffenland 1900 Professor Unrat 1905 and Die Kleine Stadt 1909

Uniform Fantasies Jeffrey Schneider, 2023-07-26 Starting in the nineteenth century in Germany colourful military uniforms became a locus for various queer male fantasies fostering an underground sexual economy of male prostitution as well as a political project to exploit the army's prestige for queer emancipation In the first decade of the twentieth century however a series of scandals derailed this emancipatory project Simultaneously public debates began to invoke homosexuality sadism transvestism and other sexological concepts to criticize military policies and practices In pursuing the threads with which queer authors and activists stitched their fantasies about uniforms Jeffrey Schneider offers fresh perspectives on key debates over military secrecy disciplinary abuses in the army and German militarism Drawing on a vast trove of materials ranging from sexological case studies trial transcripts and parliamentary debates to queer activist tracts autobiographies and literary texts Uniform Fantasies uncovers a particularly modern set of concerns about such topics as outing closeted homosexuals the presence of gay men in the military and whether men in uniform are more masculine or more insecure about their sexual identity

New German Literature Julian Preece, Frank Finlay, Ruth J. Owen, 2007 Twenty five essays by scholars from the UK Ireland Germany and Australia explore two aspects of new German language literature The first dozen studies focus on the variety and depth of the dialogue in the sense of reciprocal influences between literature photography film painting architecture and music The remaining essays alight on Life Writing in most of its forms diaries memoirs autobiographies and autobiographical fiction and examine its centrality in recent years in German literature not least because of the shadow which World War Two continues to cast over national life

Wagnerism Alex Ross, 2020-09-15 Alex Ross renowned New Yorker music critic and author of the international bestseller and Pulitzer Prize finalist The Rest Is Noise reveals how Richard Wagner became the proving ground for modern art and politics an aesthetic war zone where the Western world wrestled with its capacity for beauty and violence For better or worse Wagner is the most widely influential figure in the history of music Around 1900 the phenomenon known as Wagnerism saturated European and American culture Such colossal creations as The Ring of the Nibelung Tristan und Isolde and Parsifal were models of formal daring mythmaking erotic freedom and mystical speculation A mighty procession of artists including Virginia Woolf Thomas Mann Paul Cézanne Isadora Duncan and Luis Buñuel felt his impact Anarchists occultists feminists and gay rights pioneers saw him as a kindred spirit Then Adolf Hitler incorporated Wagner into the soundtrack of Nazi Germany and the composer came to be defined by his ferocious antisemitism For many his name is now almost synonymous with artistic evil In

Wagnerism Alex Ross restores the magnificent confusion of what it means to be a Wagnerian A pandemonium of geniuses madmen charlatans and prophets do battle over Wagner's many-sided legacy As readers of his brilliant articles for The New Yorker have come to expect Ross ranges thrillingly across artistic disciplines from the architecture of Louis Sullivan to the novels of Philip K Dick from the Zionist writings of Theodor Herzl to the civil rights essays of W E B Du Bois from O Pioneers to Apocalypse Now In many ways Wagnerism tells a tragic tale An artist who might have rivaled Shakespeare in universal reach is undone by an ideology of hate Still his shadow lingers over twenty-first century culture his mythic motifs coursing through superhero films and fantasy fiction Neither apologia nor condemnation Wagnerism is a work of passionate discovery urging us toward a more honest idea of how art acts in the world Thomas Mann T. J. Reed, 1996-09-19 T J Reed's study has long established itself as the standard work in English on Thomas Mann and offers as comprehensive a view of Mann's fiction and thought as is available in any language It is based on a coherent close reading of Mann's oeuvre literary and political and also on manuscripts and sources and was part of the first phase of literary scholarship that opened up the resources of the Zurich Thomas Mann Archive Further documents that have appeared since then Mann's diaries notebooks and other correspondences have not fundamentally altered the individual interpretations or the overall picture the study offers and in some respects have emphatically confirmed them A further chapter added to this edition covers the new documentation gives a vigorous account of the main currents in Mann scholarship and criticism over the last two decades suggesting how we should now see the writer the man and the political figure and above all the complex relationship between the three **The History of German Literature on Film** Christiane Schönfeld, 2023-06-15 A 2024 CHOICE

OUTSTANDING ACADEMIC TITLE This book tells the story of German language literature on film beginning with pioneering motion picture adaptations of Faust in 1897 and early debates focused on high art as mass culture It explores analyzes and contextualizes the so-called golden age of silent cinema in the 1920s the impact of sound on adaptation practices the abuse of literary heritage by Nazi filmmakers and traces the role of German language literature in exile and postwar films across ideological boundaries in divided Germany in New German Cinema and in remakes and movies for cinema as well as television and streaming services in the 21st century Having provided the narrative core to thousands of films since the late 19th century many of German cinema's most influential masterpieces were inspired by canonical texts popular plays and even children's literature Not being restricted to German adaptations however this book also traces the role of literature originally written in German in international film productions which sheds light on the interrelation between cinema and key historical events It outlines how processes of adaptation are shaped by global catastrophes and the emergence of nations by materialist conditions liberal economies and capitalist imperatives political agendas the mobility of individuals and sometimes by the desire to create reflective surfaces and perhaps even art Commercial cinema's adaptation practices have foregrounded economic interest but numerous filmmakers throughout cinema history have turned to German language

literature not simply to entertain but as a creative contribution to the public sphere marking adaptation practice at least potentially as a form of active citizenship

The Concise Cinegraph ans-Michael Bock,,im Bergfelder,2009-09-01 This comprehensive guide is an ideal reference work for film specialists and enthusiasts First published in 1984 but continuously updated ever since CineGraph is the most authoritative and comprehensive encyclopedia on German speaking cinema in the German language This condensed and substantially revised English language edition makes this important resource available to students and researchers for the first time outside its German context It offers a representative historical overview through bio filmographical entries on the main protagonists from the beginnings to the present day Included are directors and actors writers and cameramen composers and production designers film theorists and critics producers and distributors inventors and manufacturers An appendix includes short introductory essays on specific periods and movements such as Early Film Weimar Nazi Cinema DEFA New German Cinema and German film since unification as well as on cinematic developments in Austria and Switzerland Sections that crossreference names around specific professional groups and themes will prove equally invaluable to researchers

Theorizing Emotions Debra Hopkins,Jochen Kleres,Helena Flam,Helmut Kuzmics,2009-09-14 Theorizing Emotions reflects the recent turn to emotions in academia not just in sociology but also in psychology evolutionary biology and neuroscience Drawing on the classic studies of Max Weber Erving Goffman Norbert Elias and Theodor Adorno several leading European scholars present their findings on the role of emotions in various facets of society from the laboratory to the office to the media Among the topics discussed are the tensions between feelings and feeling rules the conscious and unconscious emotions of scientists emotions and social disorder the effect of the emotional turn as an element of advancing modernity romantic love in U S and Israeli codes of conduct and the role of mass media in generating massive public emotions Emotionen sind das Thema der Stunde Aktuelle soziologische Ans tze zielen auf ein neues Verst ndnis der Klassiker sowie auf das theoretisch fundierte Studium von Emotionen in Organisationen der Wirtschaft den Medien oder Sozialen Bewegungen Die Beitr ge korrigieren den Rationalismus der soziologischen Theoriebildung und belegen die Bedeutung von Gef hlen innerhalb der Gesellschaft

Thomas Mann's Death in Venice Ellis Shookman,2003 Study of the critical reception of one of the most famous and widely read works of modern literature Thomas Mann s 1912 novella Death in Venice is one of the most famous and widely read texts in all of modern literature raising such issues as beauty and decadence eros and irony and aesthetics and morality The amount and variety of criticism on the work is enormous and ranges from psychoanalytic criticism and readings inspired by Mann s own homosexuality to inquiries into the place of the novella in Mann s oeuvre its structure and style and its symbolism and politics Critics have also drawn connections between the novella and works of Plato Euripides Goethe Schopenhauer Platen Wagner Nietzsche Gide and Conrad Ellis Shookman surveys the reception of Death in Venice analyzing several hundred books articles and other reactions to the novella proceeding in a chronological manner that allows a historical perspective Critics cited include Heinrich Mann

Hermann Broch D H Lawrence Karl Kraus Kenneth Burke Georg Lukács Wolfgang Koeppen Mario Vargas Llosa and Thomas Mann himself Particular attention is paid to Luchino Visconti's film Benjamin Britten's opera and to other more recent creative adaptations both in Germany and throughout the world Ellis Shookman is associate professor of German at Dartmouth College **The New Statesman** ,1921
