The Midrashic Impulse and the Contemporary Literary Response to Trauma Monica Osborne, 2017-12-06 Since the end of World War II we have witnessed countless artistic responses to the Holocaust yet we remain unable to adequately address the atrocities While Theodor Adorno later rescinded his comments on the barbaric nature of writing poetry after Auschwitz *The Midrashic Impulse and the Contemporary Literary Response to Trauma* begins with the possibility that he was right that his admonition against poetry warns against employing representational modes that transgress the boundaries of the ethical when it comes to the Holocaust There is a language other than the language of representation with which we might speak authentically about such atrocities This study explores what it means for the world of literature to renounce the language of representation and retain the language of witness Drawing on the work of Emmanuel Levinas Maurice Blanchot Geoffrey Hartman and others the book focuses on the increasing tendency of contemporary writers to rely on non representational approaches to storytelling in the context of trauma This tendency is named the midrashic impulse given its similarity to ancient rabbinic approaches to the silences of the Hebrew bible through the creation of Midrash

The State of the Jews Edward Alexander, 2017-07-28 *The State of the Jews* examines the current predicament of the Jewish people and the land of Israel both of which still stand at the storm center of history because Jews can never take the right to live as a natural right The volume comprises celebrations and attacks Edward Alexander celebrates writers like Abba Kovner Cynthia Ozick Ruth Wisse and Hillel Halkin who recognized in the foundation of Israel shortly after the destruction of European Jewry one of the few redeeming events in a century of blood and shame He attacks Israel's external enemies busy planners of boycotts brazen advocates of politicide professorial apologists for suicide bombing and also its internal enemies These are anti Zionist Jews devotees of lost causes willfully blind to the fact that Israel's creation was an event of biblical magnitude Indifference to Jewish survival during World War II was the admitted moral failure of earlier American Jewish intellectuals but today's progressives and New Diasporists call indifference virtue and mistake cowardice for courage Because the new anti-Semitism tightening the noose around Israel's throat emanates mainly from liberals Alexander analyzes both antisemitic and philosemitic strains in three prominent Victorian liberals Thomas Arnold his son Matthew and John Stuart Mill The main body of Alexander's book is divided generically into history politics and literature At a deeper level its chapters are integrated by the book's pervasive concern the interconnectedness between the state of Israel and the spiritual state of contemporary Jewry

Belonging Too Well Miriam Sivan, 2009-02-13 In *Belonging Too Well* Miriam Sivan draws on contemporary literary theory as well as traditional Jewish texts and culture to explore the question of identity in Cynthia Ozick's fiction

Many critics have pointed to a split in Ozick's work between Judaic and secular culture and values Sivan suggests however that Ozick never settles for a simple either/or dichotomy between traditional Judaism and secular American culture but that her protagonists instead fashion new means of living genuinely Jewish lives within the American Diaspora Often they struggle not with not belonging to either the Old or the New Worlds but of belonging too well to both Part of a recent trend toward analyzing Jewish American literature in the context of a deep encounter with and understanding of Judaism and traditional Jewish texts Sivan's study enables readers of Ozick's fiction to penetrate the complex webs she creates among cultures time periods and characters some quite sober others fantastic all unusual

American Talmud Ezra Cappell, 2012-02-16 In American Talmud Ezra Cappell redefines the genre of Jewish American fiction and places it squarely within the larger context of American literature Cappell departs from the conventional approach of defining Jewish American authors solely in terms of their ethnic origins and sociological constructs and instead contextualizes their fiction within the theological heritage of Jewish culture By deliberately emphasizing historical and ethnographic links to religions religious texts and traditions Cappell demonstrates that twentieth century and contemporary Jewish American fiction writers have been codifying a new Talmud an American Talmud and argues that the
