become their worst nightmare Their daughter Elizabeth was gone They were not sure why the media picked up on Elizabeth's story but after their daughter was kidnapped she became the whole world's daughter After nine months of a strange hard sometimes rewarding but mostly painful journey Elizabeth was miraculously returned to them Just as millions throughout the world had grieved for her loss now they celebrated her safe return In Bringing Elizabeth Home Ed and Lois share the pain of every parent's worst fear What would I do if my child was taken from me They also share a story of great hope strong faith and trust in God The Smart family had always been devoted to their Mormon faith but through their terribly painful experience they gained a tremendous inner strength which became the key to their survival They write Having our daughter back home in our arms is nothing short of a miracle It is the ultimate proof that God answers prayers Granted sometimes the answer is not the one we pray for but still it remains an answer We feel truly blessed that He answered our prayers the way we had hoped for although we realize regretfully that this is not always the outcome in kidnapping cases We have met so many families with missing children and we've seen how deep their pain goes But what we hope to convey through our journey of faith and hope is that with a strong belief in God all things are possible Miracles do happen In the end the Smarts story brings one point poignantly home nothing is more important in this world than family Not money Not work Not a fancy new car or an expensive big house Family the prayers of so many friends and strangers and trust in God are what got them through this experience and having survived they have no doubt that they can persevere in any situation as long as those three things are in their lives Though their story is filled with many incredible twists and turns they never lost focus on what was important bringing Elizabeth home

National Communication Association As an omnipresent figure of the media landscape girls are spectacles They are ubiquitous visual objects on display at which we are incessantly invited to look Investigating our cultural obsession with both everyday and high profile celebrity girls Sarah Projansky uses a queer anti racist feminist approach to explore the diversity of girlhoods in contemporary popular culture The book addresses two key themes simultaneous adoration and disdain for girls and the pervasiveness of whiteness and heteronormativity While acknowledging this context Projansky pushes past the dichotomy of the can do girl who has the world at her feet and the troubled girl who needs protection and regulation to focus on the variety of alternative figures who appear in media culture including queer girls girls of color feminist girls active girls and sexual girls all of whom are present if we choose to look for them Drawing on examples across film television mass market magazines and newspapers live sports TV and the Internet Projansky combines empirical analysis with careful creative feminist analysis intent on centering alternative girls She undermines the pervasive moral panic argument that blames media itself for putting girls at risk by engaging multiple methodologies including for example an ethnographic study of young girls who themselves critique media Arguing that feminist media studies needs to understand the spectacularization of girlhood more fully she places active alternative girlhoods right in the heart of popular media culture *Dark Persuasion*
