**Literature Review** Sengsouvanh Soukamneuth, 2006 Freedom and Dissatisfaction in the Works of Agnes Heller Lucy Jane Ward, 2016-12-27 Ward's book focuses on the work of the Hungarian philosopher Agnes Heller prominent member of the Budapest School a group of students who studied under the Marxist social theorist György Lukács For both Marx and Heller albeit in different ways dissatisfaction emerges as the inevitable result of the expansion of needs within modernity and as a catalyst for the development of anthropological wealth what Marx refers to as the human being rich in need Ward argues that dissatisfaction and the corresponding category of human wealth as both motif and method is central to grasping Heller's seemingly disparate writings While Marx postulates a radical overcoming of dissatisfaction Heller argues dissatisfaction is integral not only to the ongoing survival of modernity but also to the dynamics of both freedom and individual life In this way Heller's work remains committed to a position that both continually returns and departs is both with and against the philosophy of Marx This book will be of interest to scholars of political philosophy social theory critical theory and sociology

Private Heller and the Bantam Boys: An American Medic in World War I Gregory Archer, 2015-11-01 In time for the 100th anniversary of America's entry into the First World War Private Heller and the Bantam Boys based on Heller's long hidden diary tells the tale of a group of privileged yet naïve Princeton University students and their big brawny Midwestern farm boy interloper Ralph Heller To them war is a grand adventure not to be missed and they enlist as medics and ambulance drivers think Hemingway and dos Passos to make sure they can get to France before the war ends These college boys go about their training filled with idealism and bravado and despite constant marching and drilling absolutely no preparation for what they're about to face When their transport ship comes under U boat attack off the Welsh coast the idea that they could get killed before they reach the front begins to sink in Once in France and with a seemingly unlimited supply of red wine water is for crops and animals and hormone fueled high spirits the Bantam Boys are ready for anything that comes their way Or so they think Devastation touches all as they enter a hell of mud rats poison gas flying lead and rotting corpses where they're just as likely in the confusion of No Man's Land to end up heading toward the Germans rather than away from them From the comic to the horrific Private Heller and the Bantam Boys will touch readers of all ages

**Imaginaries of Modernity** John Rundell, 2016-12-01 This book offers a new perspective on the issue of modernity through a series of interconnected essays Drawing centrally on the works of Castoriadis Luhmann Heller and Lefort and in critical discussion with Weber Durkheim Simmel Adorno Habermas and Taylor the author argues that modernity is not only a unique historical creation but also a multiple one With a focus on five broad themes the problem of understanding of modernity after the decline of grand narratives the complexity of the modern condition politics especially with reference to freedom and totalitarian regimes the variety and density of modern life and the centrality of a concept of culture to social and critical theory John Rundell advances the view that modernity is not the outcome of an evolutionary process or historical development but is unique and indeterminate as are the constitutive dimensions that can be identified as modern There are then different modernities A rigorous engagement with a range of prominent and contemporary social theorists Imaginaries of Modernity casts new light on the significance of understanding the multidimensional character of modernity and the plurality of its forms beyond the conventional paradigms associated with only the West As such it will appeal to scholars of social theory critical theory sociology and philosophy concerned with questions of culture politics and modernity
