*Hello, Everybody!* Anthony Rudel, 2008-04-01 A lively overview of this pre-internet mass communication tool and the entrepreneurs and evangelists, hucksters, and opportunists who flocked to it. Publishers Weekly. Long before the Internet, another young technology was transforming the way we connect with the world. At the dawn of the twentieth century, radio grew from an obscure hobby into a mass medium with the power to reach millions of people. When amateur enthusiasts began sending fuzzy signals from their garages and rooftops, radio broadcasting was born. Sensing the medium's potential, snake oil salesmen and preachers took to the air, innovating styles of mass communication and entertainment while making bedlam of the airwaves. Into this wild new frontier stepped a young secretary of commerce, Herbert Hoover, whose passion for organization transformed radio into an even more powerful political, cultural, and economic force. When a charismatic bandleader named Rudy Vallée created the first on-air variety show and America elected Franklin Delano Roosevelt, who communicated with the public through his famous fireside chats, radio had arrived. With extensive knowledge, humor, and an eye for outsized characters forgotten by history, Anthony Rudel tells the story of the boisterous years when radio took its place in the nation's living room. Entertaining and informative. The Denver Post. Rudel, with extensive professional radio experience, revels in the enterprising personalities who set up shop on this technological frontier. And vividly re-creates the anything-goes atmosphere of the ether's early days. Booklist.

**Hello Golden Gate** Olga Valcoff, 2007-03-05 Hello Golden Gate is the epic generational saga of a family that was forced to flee their mother country and spent the rest of their lives looking for a place to call home. When author Olga Valcoff's grandparents left behind everything they cared for while fleeing from the Russian Revolution of 1917, they became part of Asia's White Russian community, where a diaspora of stateless refugees found comfort as they tried to rebuild their lives. Two generations later, Olga was born in Japan and moved to Shanghai with her parents, always on the run from war, Communism, and political oppression. Hello Golden Gate is a factual record of Russian refugees in the Far East from the early 1920s through World War II and Chinese Communist takeover of China. At the heart of Olga's story is a strong family bond that endured hardships, enjoyed good times, and never gave up hope. From illness, imprisonment, and wartime destitution to beautiful Japanese festivals and opulent Russian religious holidays, the vignettes in Hello Golden Gate let readers see what life was like in

**Say Hello to My Little Friend** Nat Segaloff,2023-10-24 The author of The Exorcist Legacy 50 Years of Fear brings us

another sensational Hollywood tell all celebrating the 40th anniversary of Brian De Palma's legendary 1983 gangster film while also showcasing its broader appeal across the past century by confronting the equally controversial legacy of its 1932 predecessor. When Brian DePalma's operatically violent *Scarface* debuted in 1983, the film drew almost as much fire as the relentless gunfire in the film itself. Starring Al Pacino as Cuban refugee turned crime boss Tony Montana, Steven Bauer as his best friend Manny, and Michelle Pfeiffer as an Eighties gangster's moll, the movie revamped the original 1932 film for a new era of drugs, sex, and graphic violence. Attacked as both a celebration of cocaine-fueled excess and a condemnation of it, the film's reputation continued to rise over the years. But the real story of its success started nearly a century ago when Hollywood first fell in love with the American gangster. Hollywood's infatuation with money, power, and organized crime has captured the public's imagination and made *Scarface* one of its most enduring modern myths. From a 1912 gangster film by D.W. Griffith to the 1932 hit *Scarface* starring Paul Muni to Brian DePalma's 1983 shocker, the antihero's rise and fall exposes the dark side of the American Dream, whether it's Prohibition Era bootleggers or modern-day drug dealers. When actor Al Pacino got the idea of doing a remake of *Scarface* after screening the original, a legend was reborn, and the rest is history. Filled with behind-the-scenes anecdotes, untold tales from Old and New Hollywood, and sixteen pages of eye-popping photos, *Say Hello to My Little Friend* is the ultimate guide to everything *Scarface*. With guns blazing and chainsaws whirring, movie biz writer Nat Segaloff tears into this pop culture phenomenon with fascinating insights, stunning revelations, and a true fan's glee. This is a must-have book for movie buffs, crime lovers, and culture vultures everywhere. [Catalog of Copyright Entries, Third Series](#) Library of Congress. Copyright Office, 1967. Meet the toucan in this clever, funny, and informative nonfiction picture book, part of a series that focuses on endangered species. Wild, fun, and truly eye-opening, *Meet the Wild Things* gets us up close and personal with some of the world's most amazing creatures. With this series, Hayley and John Rocco are doing more than entertaining our kids; they're inspiring them to care about the future of our planet. Brad Meltzer, bestselling author of the *Ordinary People Change the World* series: Did you know a toucan's bill is four times the size of its head? But you might be surprised by how lightweight and strong it is. And did you know that toucans use their bills to keep cool when it's hot outside by increasing blood flow from the rest of their body to maintain the perfect temperature? You can't get much cooler than that. But did you also know the toucan is endangered and needs our help? With humans chopping down rainforests and taking toucans from their homes to make them pets, these unique birds need our protection more than ever. Chock-full of amazing, kid-friendly facts and inviting artwork from the #1 New York Times bestselling Caldecott Honoree, the *Meet the Wild Things* series introduces young readers to endangered animals from around the globe, told from the points of view of the animals themselves.
