wider range of lenses through which the health of religion can be viewed and appraised than most contemporary scholarship. Summative analysis of these indicators by means of a secularization dashboard leads to a reaffirmation of the validity of secularization in its descriptive sense as the dominant narrative and direction of travel since 1970 while acknowledging that it is an incomplete process and without endorsing all aspects of the paradigmatic expression of secularization as a by-product of modernization.

The Beast at Heaven's Gate Andrew Hussey, 2006. The essays in this collection were originally given at the international colloquium Cent Ans de Bataille La Bataille de Cent Ans held at the Fondaci T pies in Barcelona in September 1998. They are written from a variety of perspectives but are drawn together by the singular aim of addressing and interrogating Georges Bataille as our contemporary whose fascination with the rupture between mythical and experimental forms of discourse defines our own age as much as it did in Bataille's own time. More precisely the essays in this collection range over Bataille's status as a novelist, a poet, an art critic, a philosopher and a prophet of post-modernity with this aim in mind. They not only seek to advance and clarify debate about Bataille's present status in the post-modern canon but also shed new light on the complex relation between Bataille and the present generation of readers who have come to him through the prism of post-modernist thought. It is of significance for each writer in this collection, most crucially, that the premonition of catastrophe which defined Bataille's fluid political positions is also located between tragedy and irony.

Heaven's Gates and Hell's Flames Savio Abreu, 2019-12-10. Pentecostal Charismatic Christianity is one of the largest religious movements in the world today. It is a recent form of Christianity that emphasizes direct personal experience of God through baptism with the Holy Spirit. While the literature on Pentecostalism is constantly rising, they mostly focus on Western societies and are from a theological perspective. There is a dearth of well-researched studies that critically analyse the phenomenon of Pentecostal Charismatic Christianity in India. Addressing this gap, *Heaven's Gates and Hell's Flames* focuses on groups at the periphery of the religious space in Goa while locating them within Christianity globally. It broadens our understanding of Pentecostal Charismatic Christianity in Goa as a rapidly expanding and overtly evangelistic movement within a pluralist non-Christian society. Abreu assesses the impact of religion on society, analysing how the symbols, beliefs, rituals and organizational structure of the neo-Pentecostal sects and the Catholic Charismatic Renewal influence religious identities, world views and the everyday life activities of individual adherents. This the author does by drawing on extensive fieldwork, concepts, analyses and interpretations provided by scholars of religion in sociology, anthropology, history as well as theology.
