Pennington,2007-11-30 A much overlooked aspect of the Gospel of Matthew is the theme of heaven and earth Rather than being a reverential circumlocution for God heaven in Matthew is part of a highly developed discourse of heaven and earth language Matthew s idiolectic way of using heaven language consists of four aspects 1 a distinction in meaning between singular and plural forms of ouranos 2 frequent use of the heaven and earth word pair 3 regular reference to the Father in heaven and 4 the recurrent use of the Matthean expression kingdom of heaven This book examines the historical precedents for each of these aspects and shows in Matthew how they serve one overriding theological purpose to highlight the tension that currently exists between heaven and earth or God and humanity while looking forward to its eschatological resolution **Faith, Hope and Poetry** Malcolm Guite,2012 Faith Hope and Poetry explores the poetic imagination as a way of knowing a way of seeing reality more clearly Presenting a series of critical appreciations of English poetry from Anglo Saxon times to the present day Malcolm Guite applies the insights of poetry to contemporary issues and the contribution poetry can make to our religious knowing and the way we do Theology Readers of this book will return to their reading of poetry equipped with new insights and enthusiasm and will be challenged to integrate imaginative ways of knowing into their other academic and intellectual pursuits *Expository Notes, with Practical Observations, on the New Testament ...
