This Bible study will help the reader to learn how to control her thoughts and why that is necessary It will accomplish this by identifying what the Bible has to say about thoughts and then reinforcing those points using interactive questions personal application and memory verses The following quote by Ralph Waldo Emerson illustrates how important a person s thoughts are Sow a thought and you reap an action sow an act and you reap a habit sow a habit and you reap a character sow a character and you reap a destiny The foundation verses for this study are 2 Corinthians 10 45 For the weapons of our warfare are not carnal but mighty through God to the pulling down of strongholds casting down imaginations and every high thing that exalteth itself against the knowledge of God and bringing into captivity every thought to the obedience of Christ Philippians 4 8 Finally brethren whatsoever things are true whatsoever things are honest whatsoever things are just whatsoever things are pure whatsoever things are lovely whatsoever things are of good report if there be any virtue and if there be any praise think on these things **Public Opinion** ,1889 *Great Thoughts from Master Minds* ,1894 **Our Paper** ,1919 **God's Autopsy and the Living Truth of Soul** Hal Childs,2022-08-22 The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God s Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung s psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself
