Petersen, 2009-12-01 Here is a convenient introduction to the unique aspects of interpreting the one third of the Hebrew Bible that is in poetic form Numerous are the occasions when a failure to distinguish poetry from prose in the Old Testament has resulted in flawed interpretation Robert Lowth's Lectures on the Sacred Poetry of the Hebrews 1753 1787 marked a turning point of major proportions by focusing on the importance of parallelism of lines But new studies of the past decade now require significant adjustments to Lowth's analyses *Interpreting Hebrew Poetry* offers an authoritative introduction to this discussion of parallelism meter and rhythm and poetic style It also provides by way of example a poetic analysis of Deuteronomy 32 Isaiah 5 1 7 and Psalm 1 A New Sound in Hebrew Poetry Miryam Segal, 2010-01-02 With scrupulous attention to landmark poetic texts and to educational and critical discourse in early 20th century Palestine Miryam Segal traces the emergence of a new accent to replace the Ashkenazic or European Hebrew accent in which almost all modern Hebrew poetry had been composed until the 1920s Segal takes into account the broad historical ideological and political context of this shift including the construction of a national language culture and literary canon the crucial role of schools the influence of Zionism and the leading role played by women poets in introducing the new accent This meticulous and sophisticated yet readable study provides surprising new insights into the emergence of modern Hebrew poetry and the revival of the Hebrew language in the Land of Israel **Classical Hebrew Poetry** Wilfred G. Lunn, 2006 This study tackles the neglected subject of word order in biblical Hebrew poetry The fact that the order of clause constituents frequently differs from that found in prose has often been noted but no systematic attempt has been offered by way of explanation Here two separate factors are taken into consideration that of purely poetic variation
