The Jew in the Medieval World Jacob R. Marcus, 1999-12-31 To gain an accurate view of medieval Judaism one must look through the eyes of Jews and their contemporaries First published in 1938 Jacob Rader Marcus s classic source book on medieval Judaism provides the documents and historical narratives which let the actors and witnesses of events speak for themselves The medieval epoch in Jewish history begins around the year 315 when the emperor Constantine began enacting disabling laws against the Jews rendering them second class citizens In the centuries following Jews enjoyed or suffered under legislation either chosen or forced by the state which differed from the laws for the Christian and Muslim masses Most states saw the Jews as simply a tolerated group even when given favorable privileges The masses often disliked them Medieval Jewish history presents a picture wherein large patches are characterized by political and social disabilities Marcus closes the medieval Jewish age for Western Jewry in 1791 with the proclamation of political and civil emancipation in France The 137 sources included in the anthology include historical narratives codes legal opinions martyrologies memoirs polemics epitaphs advertisements folk tales ethical and pedagogical writings book prefaces and colophons commentaries and communal statutes These documents are organized in three sections The first treats the relation of the State to the Jew and reflects the civil and political status of the Jew in the medieval setting The second deals with the profound influence exerted by the Catholic and Protestant churches on Jewish life and well being The final section presents a study of the Jew at home with four sub divisions which treat the life of the medieval Jew in its various aspects Marcus presents the texts themselves introductions and lucid notes Marc Saperstein offers a new introduction and updated bibliography *The Cultural Study of Yiddish in Early Modern Europe* J. Frakes, 2016-10-19 A unique analysis of the intensive interest in Jewish culture of early modern Christian Humanists as a part of their comprehensive program of study of Greek Latin and Hebrew The book focuses on how that interest was particularly manifested in a score of treatises on Sixteenth and Seventeenth Century Yiddish language and literature *The Discovery of Hebrew in Tudor England* G. Lloyd Jones, 1983 *The Jewish Forum*, 1927

Milton and the Rabbis Jeffrey Shoulson, 2001-10-24 Taking as its starting point the long standing characterization of Milton as a Hebraic writer Milton and the Rabbis probes the limits of the relationship between the seventeenth century English poet and polemicist and his Jewish antecedents Shoulson s analysis moves back and forth between Milton s writings and Jewish writings of the first five centuries of the Common Era collectively known as midrash In exploring the historical and literary implications of these connections Shoulson shows how Milton s text can inform a more nuanced reading of

midrash just as midrash can offer new insights into Paradise Lost Shoulson is unconvinced of a direct link between a specific collection of rabbinic writings and Milton's works He argues that many of Milton's poetic ideas that parallel midrash are likely to have entered Christian discourse not only through early modern Christian Hebraicists but also through Protestant writers and preachers without special knowledge of Hebrew At the heart of Shoulson's inquiry lies a fundamental question When is an idea a theme or an emphasis distinctively Judaic or Hebraic and when is it Christian The difficulty in answering such questions reveals and highlights the fluid interaction between ostensibly Jewish Hellenistic and Christian modes of thought not only during the early modern period but also early in time when rabbinic Judaism and Christianity began

my doctoral dissertation from the Hebrew University of Jerusalem 1996 of the same title As a master s student working on an entirely different project I was well aware that many of Newton s theological manuscripts were located in our own Jewish National and University Library but I was under the mistaken assumption that scores of highly qualified scholars must be assiduously scouring them and publishing their results It never occurred to me to look at them at all until having finished my master s I spoke to Professor David Katz at Tel Aviv University about an idea I had for doctoral research Professor Katz informed me that the project I had suggested was one which he himself had just finished but that I might be interested in working on the famous Newton manuscripts in the context of a project being organized by him Richard Popkin James Force and the late Betty Jo Teeter Dobbs to study and publish Newton s theological material I asked him whether he was not sending me into the shark infested waters of highly competitive scholarship and learned that in fact there were only a handful of scholars in the world who actively studied and published on Newton s theology At the time the group consisted mainly of Popkin Force Dobbs Frank Manuel Kenneth Knoespel and David Castillejo

The Legacy of Israel Edwyn Robert Bevan,1927 The Legacy of Israel deals with the contribution that has come to the sum of human thought from Judaism and from the Jewish view of the world It is not in any sense either a history of the Jewish people or an exposition of Judaism and it is concerned with these topics only in so far as discussion of them may be necessary for the clear setting forth of the proper theme of the volume It is a companion to the Legacy of Greece and The Legacy of Rome Excerpted from Preface page v by E R B C S
