Hebrew Verbless Clause In The Pentateuch:

The Hebrew Verbless Clause in the Pentateuch Francis I. Andersen, 1970 **The Hebrew Verbless Clause in the Pentateuch** Francis Ian Andersen, 1970 *The Verbless Clause in Biblical Hebrew* Cynthia L. Miller-Naudé, 1999-06-30

Thirty years after seminal studies by Francis I Andersen and Jacob Hoftijzer members of the 1996 SBL section on Linguistics and Biblical Hebrew gathered to reconsider the topic of the verbless clause in Hebrew The results are published here demonstrating the gains made in the interim and providing direction for future research Contents Cynthia L Miller Pivotal Issues in Analyzing the Verbless Clause Walter Gross Is There Really a Compound Nominal Clause in Biblical Hebrew Cameron Sinclair Are Nominal Clauses a Distinct Clausal Type Randall Buth Word Order in the Verbless Clause A Generative Functional Approach Vincent DeCaen A Unified Analysis of Verbal and Verbless Clauses within Government Binding Theory J W Dyk and E Talstra Paradigmatic and Syntagmatic Features in Identifying Subject and Predicate in Nominal Clauses Takamitsu Muraoka The Tripartite Nominal Clause Revisited Alviero Niccacci Types and Functions of the Nominal Sentence Kirk E Lowery Relative Definiteness and the Verbless Clause Lenart J de Regt Macrosyntactic Functions of Nominal Clauses Referring to Participants E J Revell Thematic Continuity and the Conditioning of Word Order in Verbless Clauses Ellen van Wolde The Verbless Clause and Its Textual Function **Four Views of the Verbless Clause in Biblical Hebrew** John Alan Linton, 1983 **The Law of Testimony in the Pentateuchal Codes** Bruce Wells, 2002 The Verbal System in the Hebrew Text of Ben Sira Willem Th. van Peursen, 2017-07-03 This volume is a revised and enlarged version of the author's Ph D dissertation 1999 It gives a comprehensive analysis of the morphosyntax and syntax of the tenses in the Hebrew text of Ben Sira Due attention is paid to the heterogeneous character of the textual evidence three manuscripts from the Desert of Judah and six mediaeval manuscripts from the Cairo Geniza which complicates any linguistic study of Ben Sira A descriptive analysis is complemented by a comparison with other contemporaneous earlier and later forms of Hebrew It is argued that the Hebrew of Ben Sira is a literary language in its own right rather than an imitation of Biblical Hebrew or a predecessor of Mishnaic Hebrew *A Critical Edition of the Hebrew Manuscripts of Ben Sira* Frédérique Michèle Rey, Eric Reymond, 2024-07-15 In this volume Rey and Reymond offer a new critical edition of all the Hebrew manuscripts of Ben Sira from the Cairo Genizah and Dead Sea Scrolls including the so called Rhyming Paraphrase Manuscripts are presented independently to preserve their unique qualities and to emphasize the text's pluriformity Readers will discover numerous new readings and restorations explained in detailed notes that illustrate Ben Sira's complex textual composition French and English translations together with a philological commentary help elucidate the sometimes obscure sense of the Hebrew This edition will form the foundation for future work on the book of Ben Sira **The Poetic Priestly Source** Jason M. H. Gaines, 2015-12-15 Applying criteria for the identification of biblical Hebrew poetry Jason M H Gaines distinguishes a nearly complete poetic Priestly stratum in the Pentateuch Poetic P coherent in literary narrative and ideological terms from a later

prose redaction Prosaic P which is fragmentary supplemental and distinct in thematic and theological concern Gaines describes the whole of the Poetic P source and offers a Hebrew reconstruction of the document This dramatically innovative understanding of the history of the Priestly composition opens up new vistas in the study of the Pentateuch **Making Sense of the Divine Name in the Book of Exodus** Austin Surls, 2017-05-08 The obvious riddles and difficulties in Exod 3 13 15 and Exod 6 2 8 have attracted an overwhelming amount of attention and comment These texts make important theological statements about the divine name YHWH and the contours of the divine character From the enigmatic statements in Exod 3 13 15 most scholars reconstruct the original form of the name as Yahweh which is thought to describe YHWH s creative power or self existence Similarly Exod 6 3 has become a classic proof text for the Documentary Hypothesis and an indication of different aspects of God s character as shown in history Despite their seeming importance for defining the divine name these texts are ancillary to and preparatory for the true revelation of the divine name in the book of Exodus This book attempts to move beyond atomistic readings of individual texts and etymological studies of the divine name toward a holistic reading of the book of Exodus Surls centers his argument around in depth analyses of Exod 3 13 15 6 2 8 and Exod 33 12 23 and 34 5 8 Consequently the definitive proclamation of YHWH s character is not given at the burning bush but in response to Moses later intercession Exod 33 12 23 YHWH proclaimed his name in a formulaic manner that Israel could appropriate Exod 34 6 7 and the Hebrew Bible quotes or alludes to this text in many genres This demonstrates the centrality of Exod 34 6 7 to Old Testament Theology The character of God cannot be discerned from an etymological analysis of the word yhwh but from a close study of YHWH s deliberate ascriptions made progressively in the book of Exodus *Was Noah Good?* Carol M. Kaminski, 2014-04-24 The juxtaposition of favour and righteousness in the flood narrative raises an interpretative and theological problem Is Noah chosen because of divine favour or because of his piety Source critical scholars identify two different theologies by J and P J understands Noah s election to be an act of grace whereas P emphasizes Noah s righteousness as the basis for his election Scholars who interpret the flood narrative according to its final form argue that Noah is chosen because he is righteous This view is problematic however since in the *primaeval* history grace is shown to the undeserving thus it is characteristically unmerited This book entails an exegetical analysis of and according to the final form of the text with particular attention being given to the meaning and function of these verses in the Toledot structure Kaminski argues against the commonly held view that Noah finds favour because he is righteous and seeks to demonstrate that divine favour is unmerited in accordance with the theme of grace in the *primaeval* history and in Genesis as a whole Thus what sets the flood story in motion is not Noah s righteousness but the divine favour he finds Studies in the Pentateuch John Adney Emerton, 1990 This collection of thirteen articles in English by scholars from several countries concerns questions in the Pentateuch Seven are on the book of Genesis the use of d m in Genesis i v the Toledot of Adam Genesis x in the light of Babylonian geography the site of Salem the date and composition of Genesis xiv Abraham s

righteousness in Genesis xv 6 the Hagar tradition in Genesis xvi and xxi Three are on Deuteronomy Yahweh is one return to Egypt in Deuteronomy xvii 16 and xxviii 68 the creed in Deuteronomy xxvi There are also essays on the Elohistic depiction of Aaron the wilderness itineraries and recent archaeological research and the dietary laws of the Pentateuch Substantial contributions are made to the study of different parts of the Pentateuch From Linguistics to Hermeneutics Pierre van Hecke, 2010-12-07 Drawing on the insights of functional grammar and cognitive semantics this book offers a detailed linguistic analysis of Job 12 14 and a fresh exegetical reading of Job's longest and central speech in the book **Biblical Semantic Logic** Arthur Gibson, 2002-02-01 Biblical Semantic Logic first appeared in 1981 and seeks to show that the study of biblical and ancient Near Eastern languages and literatures can be established on a logical basis In a new prologue for this edition Gibson reviews some of the scholarly treatment of the topic since the appearance of the first edition He addresses the topics of originality and infinity and also suggests that deep areas of literary creativity resemble cosmology and pure mathematics Gibson then demonstrates how the central areas of biblical usage names predicates expressions of quantity idioms can be mapped employing some contemporary philosophy logic and linguistics There is criticism of some previous scholarly interpretations especially where these have led to the underestimation of the conceptual and logical sensitivity of biblical narrative **Ruth-Esther, Volume 9** Dr. Frederic W. Bush, 2018-01-09 The Word Biblical Commentary delivers the best in biblical scholarship from the leading scholars of our day who share a commitment to Scripture as divine revelation This series emphasizes a thorough analysis of textual linguistic structural and theological evidence The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor the seminary or university student the working minister and everyone concerned with building theological understanding from a solid base of biblical scholarship Overview of Commentary Organization Introduction covers issues pertaining to the whole book including context date authorship composition interpretive issues purpose and theology Each section of the commentary includes Pericope Bibliography a helpful resource containing the most important works that pertain to each particular pericope Translation the author's own translation of the biblical text reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words phrases and tenses yet in reasonably good English Notes the author's notes to the translation that address any textual variants grammatical forms syntactical constructions basic meanings of words and problems of translation Form Structure Setting a discussion of redaction genre sources and tradition as they concern the origin of the pericope its canonical form and its relation to the biblical and extra biblical contexts in order to illuminate the structure and character of the pericope Rhetorical or compositional features important to understanding the passage are also introduced here Comment verse by verse interpretation of the text and dialogue with other interpreters engaging with current opinion and scholarly research Explanation brings together all the results of the discussion in previous sections to expose the meaning and intention of the

text at several levels 1 within the context of the book itself 2 its meaning in the OT or NT 3 its place in the entire canon 4 theological relevance to broader OT or NT issues General Bibliography occurring at the end of each volume this extensive bibliography contains all sources used anywhere in the commentary

The Book of Genesis, Chapters 18-50 Victor P. Hamilton, 1995-09-26 In this volume Hamilton expounds Genesis 18-50 verse by verse and provides linguistic literary and theological commentary of its overarching theme Yahweh's faithfulness to his promised word and his covenant with those who were chosen to receive it This evangelical thorough work features a comprehensive introduction copious footnotes and references to the New Testament writers interpretations of Genesis

"As It Is Written" and Other Citation Formulae in the Old Testament Kevin L. Spawn, 2014-12-03 This volume examines the use of citation formulae in the Old Testament After demonstrating the lack of consensus and method in the treatment of such exegetical devices the author addresses the need for a sustained examination of citation formulae and related expressions This inquiry focuses on the careful identification of the referents of citation bases as a basis for the study of inner biblical exegesis Further insights are offered on the development of such exegetical devices the hermeneutics of the post exilic community and the syntax of comparative statements in Hebrew

Westermann,1986-01-01 This third volume of Westerman s masterful commentary on Genesis offers a stimulating treatment of the most poignant and unified of the narratives in Genesis the Joseph story Book jacket **The Reader Must**

Understand Kent E. Brower,Mark W. Elliott,2013-11-05 The reader must understand is a more forceful translation of the words usually rendered let the reader understand in Mark 13 14 Translated this way this volume s title stresses the importance of eschatology for Bible readers and theologians Eschatology the study of the last things is central to New Testament studies and indeed is not without importance for the Old Testament The Bible s eschatology and its place in Christian theology must therefore be taken very seriously The essays in this volume most of which were presented at the Tyndale Fellowship Triennial Conference 1997 offer new and important ideas and analysis They cover five main areas biblical theology Old Testament New Testament Christian doctrine and practical theology and significant contributions are made in each area **From Paradise to the Promised Land** T. Desmond Alexander,2012-06-01 This text has been a popular

introduction to the Pentateuch for over fifteen years offering a unique alternative to the critical approaches that focus on the composition of these books rather than the actual content With this new edition T Desmond Alexander keeps the book fresh and relevant for contemporary students by updating the references and adding material that reflects recent pentateuchal research as well as the author s maturing judgments The result is a revision that will prove valuable for many years to come
