**Jewish Myth and Messianism** Yehuda Liebes, 2012-02-01 This book deals with the nature and development of Jewish myth from the Talmudic period through Kabbalah to Hasidism It describes the changes in this myth in its various stages and the external influences on it The author shows that myth is in the essence of the Jewish religion and that rather than being created out of external influences Kabbalah is one of its manifestations The book also deals with the related subject of Messianism and delves into the special spiritual personalities of some messianic figures in Jewish history to show how myth was incarnate in them

*The Hebrew Goddess* Raphael Patai, 1990-09-01 The Hebrew Goddess demonstrates that the Jewish religion far from being pure monotheism contained from earliest times strong polytheistic elements chief of which was the cult of the mother goddess Lucidly written and richly illustrated this third edition contains new chapters of the Shekhina
