**Peacebuilding** Cedric de Coning, Rui Saraiva, Ako Muto, 2023-03-30 This open access book responds to the urgent need to improve how we prevent and resolve conflict It introduces Adaptive Peacebuilding through evidence based research from eight case studies across Africa Asia the Middle East and Latin America It also considers how China and Japan view and practice peacebuilding The book focuses on how peacebuilders design implement and evaluate programs to sustain peace how interactions between external and local actors have facilitated or hindered peacemaking and how adaptation to complexity and uncertainty occurred in each case study Pentecostals and Nonviolence April Alexander, 2012-11-09

Pentecostals and Nonviolence explores how a distinctly Pentecostal charismatic peace witness might be reinvigorated and sustained in the twenty first century To do so the book examines the nature of the early Pentecostal commitment to nonviolence and investigates the possibilities that might emerge from Pentecostals and Anabaptists entering into conversation and worship with each other Contributors engage the arguments surrounding the heritage of Pentecostal

pacifism in the United States and then move toward exploring nonviolence and peacemaking as crucial for contemporary Christianity as a whole Ranging from theology testimony and pastoral ministry to interchurch relations activism and protest this diverse collection of essays challenge and invite the whole church to the task of peacemaking while exploring the distinctive and often neglected contributions from the Pentecostal charismatic tradition      **Nonviolent Action** Ronald J. Sider, 2015-02-10 There are numerous examples throughout history of effective nonviolent action Nonviolent protesters defied the Soviet Empire's communist rulers Gandhi's nonviolent revolution defeated the British Empire and Martin Luther King Jr.'s peaceful civil rights crusade changed American history Recent scholarship shows that nonviolent revolutions against injustice and dictatorship are actually more successful than violent campaigns In this book noted theologian and bestselling author Ron Sider argues that the search for peaceful alternatives to violence is not only a practical necessity in the wake of the twentieth century the most bloody in human history but also a moral demand of the Christian faith He presents compelling examples of how nonviolent action has been practiced in history and in current social political situations to promote peace and oppose injustice showing that this path is a successful and viable alternative to violence      Jesus and Nonviolence Walter Wink, 2003-04-01 More than ever Walter Wink believes the Christian tradition of nonviolence is needed as an alternative to the dominant and death dealing powers of our consumerist culture and fractured world In this small book Wink offers a precis of his whole thinking about this issue including the relation of Jesus and his message to politics and nonviolence the history of nonviolent efforts and how nonviolence can win the day when others don't hesitate to resort to violence or terror to achieve their aims      *Just Politics* Ronald J. Sider, 2012-09-01 Evangelicals today probably have more political influence in the United States than at any time in the last century but they might not be certain what to do with it It has been difficult to develop a unified voice on pressing issues such as social justice and moral renewal Bestselling author and theologian Ron Sider offers a biblically grounded factually rooted Christian approach to politics that cuts across ideological divides Shaped by a careful study of society this book will guide readers into more thoughtful and effective political activity It addresses perennially tough questions that often divide the church and includes a case study of the federal deficit debate Practical balanced and nonpartisan this book will be a welcome resource during the 2012 presidential race This is a revised version of what was previously published as *The Scandal of Evangelical Politics*      **Choosing Against War** John Roth, 2002-08-01 By a leading writer and thinker How might Christians look on the world differently if they actually believed that God's love is indeed stronger than our fears In fresh confessional language Roth shares his convictions about Christian pacifism inviting others to consider this approach all the while humbly admitting the difficulties In the face of violence are there any options open to the Christian believer other than the default impulse toward patriotic unity and a steely determination to exact an eye for an eye A must read for anyone concerned about the endless cycles of wars and violence and the possibility that God's love is stronger than our society's current answers      **Lives in Common** Menachem

Klein,2014 Challenging the received wisdom this candid portrait of three cities reveals a history of co existence between Arab and Jews Focusing on Jerusalem Jaffa and Hebron Klein looks at how Jewish Muslim and Christian neighbours have coexisted from the 19th century to the present day **Back Stories** Amahl A. Bishara,2013-01-09 Few topics in the news are more hotly contested than the Israeli Palestinian conflict and news coverage itself is always a subject of debate But rarely do these debates incorporate an on the ground perspective of what and who newsmaking entails Studying how journalists work in Jerusalem Bethlehem Ramallah and Nablus and on the tense roads that connect these cities Amahl Bishara demonstrates how the production of U S news about Palestinians depends on multifaceted collaborations typically invisible to Western readers She focuses on the work that Palestinian journalists do behind the scenes and below the bylines as fixers photojournalists camerapeople reporters and producers to provide the news that Americans read see and hear every day Ultimately this book demonstrates how Palestinians play integral roles in producing U S news and how U S journalism in turn shapes Palestinian politics U S objectivity is in Palestinian journalists hands and Palestinian self determination cannot be fully understood without attention to the journalist standing off to the side quietly taking notes Back Stories examines news stories big and small Yassir Arafat s funeral female suicide bombers protests against the separation barrier an all but unnoticed killing of a mentally disabled man to investigate urgent questions about objectivity violence the state and the production of knowledge in today s news This book reaches beyond the headlines into the lives of Palestinians during the second intifada to give readers a new vantage point on both Palestinians and journalism The Jewish-Christian Schism John Howard Yoder,2008-11-12 Between 1971 and 1996 the late John Howard Yoder 1927 1997 wrote a series of ten essays revisiting the Jewish Christian schism in which he argued that properly understood Jesus did not reject Judaism Judaism did not reject Jesus and the Apostle Paul s universal mandate for the salvation of the nations is best understood not as a product of Hellenization but rather in the context of his Jewish heritage This posthumous collection of essays is arguably his most ambitious project and displays Yoder s original thesis that the Jewish Christian schism did not have to be Originally published in 2003 by SCM Press and Eerdmans The Road That I Must Walk Darrin W Snyder Belousek,2015-02-26 How much of myself and my stuff must I give up to follow Jesus How does belonging to a faith community shape being a Christian How do I walk in faith with friends whose faith is unclear or uncertain What gives Christians hope in the face of power politics Can I be pro life and decry war too How do I make peace amidst the wrongs of the world If you wonder about such questions this book is for you The Road That I Must Walk represents the author s own wrestling with the call and cost of discipleship across a decade Rather than an academic attempt to define or describe discipleship these are simply the words of a disciple one who has sought to walk in the way of Jesus Arising from various circumstances and responding to various concerns the several pieces collected here comprise a sketchbook of ethical reflections biblical meditations and spiritual ponderings drawn from one person s journey of following Jesus **The Oxford Handbook of Christianity in Asia** Felix Wilfred,2014-05-23 Named

by the International Bulletin of Missionary Studies as an Outstanding Book of 2014 for Mission Studies Despite the ongoing global expansion of Christianity there remains a lack of comprehensive scholarship on its development in Asia This volume fills the gap by exploring the world of Asian Christianity and its manifold expressions including worship theology spirituality inter religious relations interventions in society and mission The contributors from over twenty countries deconstruct many of the widespread misconceptions and interpretations of Christianity in Asia They analyze how the growth of Christian beliefs throughout the continent is linked with the socio political and cultural processes of colonization decolonization modernization democratization identity construction of social groups and various social movements With a particular focus on inter religious encounters and emerging theological and spiritual paradigms the volume provides alternative frames for understanding the phenomenon of conversion and studies how the scriptures of other religious traditions are used in the practice of Christianity within Asia *World Religions and Contemporary Issues* Brennan Hill,2013

Gish,2012-06-01 A major challenge for people of faith is to resist the growing demonization of Islam Christianity and Judaism I want to do something to build bridges between the three religions I feel called to embody in my own life the healing the reconciliation the unity I long for between people of different religions Art Gish became involved in the life and worship of all three religions he considered himself a Christian a Muslim and a Jew and worked at integrating those three perspectives into his life Acknowledging that Judaism Islam and Christianity are all threatened by narrow minded violent extremists who put the particular interests of their own people above our common interests he tells inspiring stories of open minded Muslims Jews and Christians who struggle together for reconciliation and who confront injustices that spawn hostility Gish looks not only at the disagreements but also at the unity of the three Abrahamic faiths He writes When people cross boundaries exciting things happen Each time in Israel Palestine that I experience Jews Muslims and Christians eating working laughing and crying together I sense a foretaste of the coming kingdom of God a demonstration of how things could be and one day will be *A Palestinian Christian Cry for Reconciliation* Naim Stifan Ateek,2008

From the text The background is clear Jerusalem has been conquered and re conquered more than 37 times The latest conquest in 1967 was by the Israeli army After the war Israel took in not only the 5 square kilometers of Arab East Jerusalem but also 65 square kilometers of surrounding open country and villages most of which never had any municipal link to Jerusalem Overnight they became part of Israel s eternal and indivisible capital The history of Jerusalem has been written with blood The first part of this sequel to

Justice and Only Justice focuses on events since the Intifada of 1987 including the violence that has come from Israel's aggression and from the use of suicide bombers by Palestinians. The second part of the book draws on scripture lifting up biblical figures such as Samson, Jonah, Daniel, and Jesus as it examines issues of ownership of the land. In the final section, Ateek presents a strategy to achieve peace and justice nonviolently that will promote justice for the Palestinians and security for both Israel and Palestine.

BOOK JACKET      Polemics and Provocations Paul Gilk, 2010-06-01

In the twelfth century an Italian monk named Joachim caught the attention of the Christian West by announcing the Three Ages of the World. Joachim arrived at his formulation by a meshing of the Christian Trinity with the Old and New Testaments, proclaiming in sequence the Age of the Father, the Age of the Son, and the Age of the Holy Spirit. In the early modern period, however, archaeologists uncovered the remains of an agrarian village social stratum that predates the rise of civilization. The divinity of this period was the Mother Goddess, a divinity that civilized monotheism with its strict Father God steadily and severely repressed. Paul Gilk has modified Joachim's Three Ages revelation by placing this newly discovered Age of the Mother at the beginning of Joachim's sequence. But it's obvious that Mother, Father, Son, and Holy Spirit are not psychologically coherent or linguistically consistent. The only way to make semantic sense of Joachim's enlarged formulation is to recognize the Age of the Holy Spirit as the Age of the Daughter, for if there's a Mother, a Father, and a Son, then the Holy Spirit implicitly and quietly reveals Herself as Daughter. With this understanding, it's possible to discern the prophetic power and transformative cultural significance of both the contemporary women's movement and the feminine Earth sensibility of the growing ecological outrage. Gilk goes on to assert that the radical servanthood and radical stewardship contained within Jesus' kingdom of God proclamation is at least in part an attempt to spiritually reconnect with the agrarian village culture of the Mother's Age, but it's also a lifting of that Age to a finer spirituality and toward an ethically Green political order. The kingdom of God is Green, Gilk says, and its overarching divinity is the Daughter. The Age of the Daughter is Green and is struggling to be born.
