Hegel And Marx After The Fall Of Communism Political Philosophy Now:

Hegel and Marx David MacGregor, 2014-06-15 The Second Edition of *Hegel and Marx After the Fall of Communism* surveys Hegel's close connection with world famed economist Friedrich List the declared enemy of Karl Marx Illuminating the mysterious nature of Hegel's relationship with Marx and Friedrich List may help us to comprehend the extraordinary geopolitical transformations that have occurred in the last 15 years since the original publication in 1998 The Afterword to this Edition looks at Russia's revival as a world power under Vladimir Putin and China's ambitious economic development efforts that bring to mind Sun Yat sen's vision of The International Development of China *Hegel and Marx* David MacGregor, 2014-06-15 The second edition of *Hegel and Marx After the Fall of Communism* surveys Hegel's close connection with world famed economist Friedrich List the declared enemy of Karl Marx Illuminating the mysterious nature of Hegel's relationship with Marx and Friedrich List may help us to comprehend the extraordinary geopolitical transformations that have occurred in the last fifteen years since the original publication of *Hegel and Marx* in 1998 **The Postsecular Political Philosophy of Jürgen Habermas** Dafydd Huw Rees, 2018-09-01 This is the first full length treatment of Habermas postsecular political philosophy in English It gives a much more in depth analysis of this aspect of his work than the comparable books listed above It looks at this issue in the context of Habermas entire philosophical project drawing out hitherto overlooked connections It works as an intermediate level introduction to many aspects of Habermas philosophical project his social theory moral philosophy and metaphysics as well as his political theory and philosophy of religion

Kant's Doctrine of Right in the Twenty-first Century Larry Krasnoff, Nuria Sánchez Madrid, Paula Satne, 2018-02-15 For a very long time Kant's Doctrine of Right languished in relative neglect even among those who wanted to defend a Kantian position in political philosophy Kant's more interesting claims about politics were often said to be located elsewhere This anthology examines a wide range of issues discussed by Kant in the Doctrine of Right and other closely related texts including his views on social contract theory private property human rights welfare and equality civil disobedience perpetual peace forgiveness and punishment and marriage equality The authors have all tested Kant's arguments for possible political application reaching different and sometimes opposing conclusions The result is a highly original volume that not only enhances the understanding of Kant's political philosophy but also invites substantive debate within the Kantian tradition and beyond **Kant's Political Legacy** Luigi Caranti, 2019-09-15 This book focuses on Kant's analysis of three issues crucial for contemporary politics Starting from a new reading of Kant's account of our innate right to freedom it highlights how a Kantian foundation of human rights properly understood and modified where necessary appears more promising than the foundational arguments currently offered by philosophers It then compares Kant's model for peace with the apparently similar model of democratic peace to show that the two are profoundly different in content and in quality The book concludes in analysis of Kant's controversial view of history to rescue it from the idea that his belief in progress is at best over

optimistic and at worst dogmatic Congratulations to Professor Luigi Caranti and his book Kant's Political Legacy which has been given a honorable mention by the North American Kant Society in the competition for the best 2018 book on Kant <http://northamericankantsociety.onefireplace.org/Announcements/6660588>

Francis Fukuyama and the End of History

Howard Williams, E Gwynn Matthews, David Sullivan, 2016-07-20 Fukuyama's concept of the End of History has been one of the most widely debated theories of international politics since the end of the Cold War This book discusses Fukuyama's claim that liberal democracy alone is able to satisfy the human aspiration for freedom and dignity and explores the way in which his thinking is part of a philosophical tradition which includes Kant Hegel and Marx Two new chapters in this second edition discuss the ways in which Fukuyama's thinking has developed they include his celebrated and controversial criticism of neoconservatism and his complex intellectual relationship to Samuel Huntington whose Clash of Civilization thesis he rejects but whose notion of political decay is central to his more recent work The authors here argue that Fukuyama's continuing fundamental contributions to debates concerning the spread of democracy and threat of global terror mark him out as one of the most important thinkers of the twenty first century

Kant and the Theory and Practice of International Right

Georg Cavallar, 2020-03-01 A similar book is Reidar Maliks Kant's Politics in Context Oxford Oxford University Press 2014 but it does not focus on international law Pauline Kleingeld's Kant and Cosmopolitanism The Philosophical Ideal of World Citizenship Cambridge Cambridge University Press 2012 touches upon international relations but is mainly a book on Kant's cosmopolitanism and a comparison with other 18c thinkers

Nietzsche and Napoleon

Don Dombowsky, 2014-09-15 This book argues that Nietzsche's political thought and his own proposed model of governance is Bonapartist in conception autocratic will in the guise of popular rule Bonaparte is the model for the Nietzschean commander not only his virtue his ethics of martial valour but his political institutions and techniques of power Nietzsche understood that Napoleon manipulated the democratic process abandoned the concept of popular sovereignty and undermined the principle of equality that he was opposed to parliamentary politics but maintained their simulacra a manoeuvre Nietzsche admired in respect of tactics Nietzsche desired a revaluation of all values which endorsed many features of the Bonapartist regime One can see Nietzsche not merely situated in the Napoleonic historiography of the cult of personality but also situated ideologically in terms of a Napoleonic political policy and theory of government in so far as he affirms certain political structures of the Napoleonic Empire Nietzsche moves beyond the Napoleonic cult of personality to an analysis of the underlying structures of the Napoleonic empire Nietzsche admires the artist of government Napoleon Napoleonic Caesarism not only for his force of will but also for his political policies and tactics or political techniques
