Hegel Kierkegaard Marx

Peter Šajda

Hegel Kierkegaard Marx:

Hegel, Kierkegaard, Marx Robert Heiss, 1975 Hegel's Philosophy of Right, with Marx's Commentary H.P. Kainz, 2012-12-06 GEORG WILHELM FRIEDRICH HEGEL 1770 1831 THE PLACE OF HEGEL IN THE HISTORY OF PHILOSOPHY In order to gain a proper perspective of Hegel's place in the history of philosophy it might be useful to focus on one key concept which has evolved significantly in meaning from the time of Aristotle to Hegel I am speaking of the philosophical concept of the category In Aristotle's system there were ten categories or predicaments of reality or being These included substantiality time place quantity quality and other aspects of knowable beings The most notable thing about these categories is that they all have to do with what we would call objective realities That is none of them purport to describe subjective or mental states or conditions In modern philosophy i.e. philosophy since the time of Descartes there was a swing of the pendulum in the opposite direction from objectivity to subjectivity culminating in the twelve new categories of Kant All of Kant's categories were subjective ways of looking at reality We can organize objective phenomena into universal unities therefore the first Kantian category is unity We can separate objective phenomena into particular divisions therefore the second category is plurality And so forth With Hegel the modern trend to subjectivism is arrested and we have not surprisingly a new type of category the category of the unity of thought and being of self and other of subject and object

The Dialectical Self Jamie Aroosi, 2018-10-02 Although Karl Marx and Søren Kierkegaard are both major figures in nineteenth century Western thought they are rarely considered in the same conversation Marx is the great radical economic theorist the prophet of communist revolution who famously claimed religion was the opiate of the masses Kierkegaard is the renowned defender of Christian piety a forerunner of existentialism and a critic of mass politics who challenged us to become the single individual But by drawing out important themes bequeathed them by their shared predecessor G.W.F. Hegel Jamie Aroosi shows how they were engaged in parallel projects of making sense of the modern dialectical self as it realizes itself through a process of social economic political and religious emancipation In The Dialectical Self Aroosi illustrates that what is traditionally viewed as opposition is actually a complementary oneness born of the fact that Marx and Kierkegaard differently imagined the impediments to the self's appropriation of freedom Specifically Kierkegaard's concern with the psychological and spiritual nature of the self reflected his belief that the primary impediments to freedom reside in subjectivity such as in our willing conformity to social norms Conversely Marx's concern with the sociopolitical nature of the self reflected his belief that the primary impediments to freedom reside in the objective world such as in the exploitation of the economic system However according to Aroosi each thinker represents one half of a larger picture of freedom and selfhood because the subjective and objective impediments to freedom serve to reinforce one another By synthesizing the writing of these two diametrically opposed figures Aroosi demonstrates the importance of envisioning emancipation as a subjective psychological and spiritual process as well as an objective sociopolitical and economic one The Dialectical Self

attests to the importance and continued relevance of Marx and Kierkegaard for the modern imagination Volume 6, Tome I: Kierkegaard and His German Contemporaries - Philosophy Jon Stewart, 2017-05-15 This volume explores in detail Kierkegaard's various relations to his German contemporaries. Kierkegaard read German fluently and made extensive use of the writings of German speaking authors. Apart from his contemporary Danish sources the German sources were probably the most important in the development of his thought generally. This volume represents source work research dedicated to tracing Kierkegaard's readings and use of the various German speaking authors in the different fields in a way that is as clearly documented as possible. The volume has been divided into three tomes reflecting Kierkegaard's main areas of interest with regard to the German speaking sources namely philosophy, theology, and a more loosely conceived category which has here been designated literature and aesthetics. This first tome treats the German philosophical influences on Kierkegaard. The dependence of Danish philosophy on German philosophy is beyond question. In a book review in his Hegelian journal *Perseus* the poet, playwright, and critic Johan Ludvig Heiberg laments the sad state of philosophy in Denmark while lauding German speculative philosophy. Moreover, Kierkegaard's lifelong enemy, the theologian Hans Lassen Martensen, claims without exaggeration that the Danish systems of philosophy can be regarded as the disjecta membra of earlier German systems. All of the major German idealist philosophers made an impact in Denmark: Kant, Fichte, Schelling, and most significantly Hegel. Kierkegaard was widely read in the German philosophical literature which he made use of in countless ways throughout his authorship. *Kierkegaard's Relations to Hegel Reconsidered* Jon Stewart, 2007-08-16 Jon Stewart's study is a major re-evaluation of the complex relations between the philosophies of Kierkegaard and Hegel. The standard view on the subject is that Kierkegaard defined himself as explicitly anti-Hegelian; indeed that he viewed Hegel's philosophy with disdain. Jon Stewart shows convincingly that Kierkegaard's criticism was not of Hegel but of a number of contemporary Danish Hegelians. Kierkegaard's own view of Hegel was in fact much more positive to the point where he was directly influenced by some of Hegel's work. Any scholar working in the tradition of Continental philosophy will find this an insightful and provocative book with implications for the subsequent history of philosophy in the twentieth century. The book will also appeal to scholars in religious studies and the history of ideas. **Kierkegaard Bibliography** Peter Šajda, 2017 **Volume 14: Kierkegaard's Influence on Social-Political Thought** Jon Stewart, 2016-12-05 While scholars have long recognized Kierkegaard's important contributions to fields such as ethics, aesthetics, philosophy of religion, philosophical psychology, and hermeneutics, it was usually thought that he had nothing meaningful to say about society or politics. Kierkegaard has been traditionally characterized as a Christian writer who placed supreme importance on the inward religious life of each individual believer. His radical view seemed to many to undermine any meaningful conception of the community, society, or the state. In recent years, however, scholars have begun to correct this image of Kierkegaard as an apolitical thinker. The present volume attempts to document the use of Kierkegaard by later thinkers in the context of social-political thought. It shows how his ideas have

been employed by very different kinds of writers and activists with very different political goals and agendas. Many of the articles show that although Kierkegaard has been criticized for his reactionary views on some social and political questions, he has been appropriated as a source of insight and inspiration by a number of later thinkers with very progressive indeed visionary political views.

The Concept of the Individual in the Thought of Karl Marx Zhi Li, 2023-04-08. This book reconstructs the concept of the individual in Marx as the key to a fresh interpretation of Marxian philosophy. Marx moved from an examination of the contingency and indeterminacy of individual consciousness in his early years to a critique of the atomistic individual and materialised social relations in his later years. His thought proposes that real individuals are the basis for an understanding of human society that promotes the emancipation of humankind. Marx's philosophy has often been misunderstood as lacking a concept of the individual. In China, this misunderstanding not only relates to cultural and linguistic particularities; the word 'individual' is seldom used in Chinese but also relates to a misleading view of socialism and communism. This book helps remedy this misunderstanding and draws important comparisons and contrasts between Marx's concept of the individual with that of liberalism and between Western and Eastern Marxism.

Hegel and His Critics William Desmond, 1988-07-01. This book deals with fundamental problems in Hegel and with Hegel in relation to Kierkegaard, Marx, Nietzsche, Russell, Heidegger, Husserl, Derrida and Bataille. It reveals Hegel's power to provoke both critical and creative thought across the complete spectrum of philosophical questions.

Volume 19, Tome VII: Kierkegaard Bibliography Peter Šajda, Jon Stewart, 2017-03-16. The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research. The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars. The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications. The volume is divided into two large sections. Part I, which covers Tomes I-V, is dedicated to individual bibliographies organized according to specific language. This includes extensive bibliographies of works on Kierkegaard in some 41 different languages. Part II, which covers Tomes VI-VII, is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard. The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies.

Volume 8, Tome I: Kierkegaard's International Reception - Northern and Western Europe Jon Stewart, 2016-12-05. Although Kierkegaard's reception was initially more or less limited to Scandinavia, it has for a long time now been a highly international affair. As his writings were translated into different languages, his reputation spread and he became read more and more by people increasingly distant from his native Denmark. While in Scandinavia the attack on the Church in the last years of his life became something of a cause célèbre, later many different aspects of his work became the object of serious scholarly investigation well beyond the original northern borders. As his

reputation grew he was co-opted by a number of different philosophical and religious movements in different contexts throughout the world. The three tomes of this volume attempt to record the history of this reception according to national and linguistic categories. Tome I covers the reception of Kierkegaard in Northern and Western Europe. The articles on Denmark, Norway, Sweden, Finland, and Iceland can be said to trace Kierkegaard's influence in its more or less native Nordic Protestant context. Since the authors in these countries, with the exception of Finland, were not dependent on translations or other intermediaries, this represents the earliest tradition of Kierkegaard reception. The early German translations of his works opened the door for the next phase of the reception which expanded beyond the borders of the Nordic countries. The articles in the section on Western Europe trace his influence in Great Britain, the Netherlands, and Flanders, Germany, and Austria, and France. All of these countries and linguistic groups have their own extensive tradition of Kierkegaard reception.

Kierkegaard's Influence on Philosophy Jon Bartley Stewart, 2012. Kierkegaard's relation to the field of philosophy is a particularly complex and disputed one. He rejected the model of philosophical inquiry that was mainstream in his day and was careful to have his pseudonymous authors repeatedly disassociate themselves from philosophy. But although it seems clear that Kierkegaard never regarded himself as a philosopher, there can be no doubt that his writings contain philosophical ideas and insights and have been profoundly influential in a number of different philosophical traditions. The present volume documents these different traditions of the philosophical reception of Kierkegaard's thought. The articles featured here demonstrate the vast reach of Kierkegaard's writings in philosophical contexts that were often quite different from his own. Tome I is dedicated to exploring the reception of Kierkegaard in Germanophone and Scandinavian philosophy. Kierkegaard has been a major influence for such different philosophical projects as phenomenology, hermeneutics, dialogical thinking, critical theory, Marxism, logical positivism, and ordinary language philosophy. Similarly in Denmark and Norway, Kierkegaard's writings have been more or less constantly discussed by important philosophers despite the later dominance of analytic philosophy in these countries. The present volume features articles on the leading Germanophone and Scandinavian philosophers influenced by Kierkegaard's thought.

The Age of German Idealism Kathleen Higgins, Robert C. Solomon, 2023-05-09. German Idealism was one of the most fertile and important movements in the history of Western philosophy. This volume includes eleven chapters on all aspects and the period's most influential philosophers including Kant and Hegel.

Understanding Hegelianism Robert Sinnerbrink, 2014-12-05. Understanding Hegelianism explores the ways in which Hegelian and anti-Hegelian currents of thought have shaped some of the most significant movements in twentieth-century European philosophy, particularly the traditions of critical theory, existentialism, Marxism, and poststructuralism. The first part of the book examines Kierkegaard's existentialism and Marx's materialism, which present two defining poles of subsequent Hegelian and anti-Hegelian movements. The second part looks at the contrasting critiques of Hegel by Lukacs and Heidegger, which set the stage for the appropriation of Hegelian themes in German critical theory and the anti-Hegelian turn.

in French poststructuralism The role of Hegelian themes in the work of Adorno Habermas and Honneth are explored In the third part the rich tradition of Hegelianism in modern French philosophy is considered the work of Wahl Kojève Hyppolite Lefebvre Sartre de Beauvoir as well as the radical critique of Hegelianism articulated by Derrida and Deleuze Although the focus is primarily on German and French appropriations of Hegelian thought the author also explores some of the recent developments in Anglophone Hegelianism

Cosmology, Physics and Philosophy Benjamin Gal-Or, 2013-04-18 by Sir Karl Popper This is a great book and an exciting book I say so even though I happen to disagree with the author in many minor points and one or two major points Some of the minor points are merely terminological and therefore very minor I dislike the term dialectic because of its use since Hegel and Marx and I dislike the term gravitism perhaps without a good reason Thus I dislike the name which Professor Gal Or has given to his theory But the theory seems to me a great and a very beautiful theory so far as I can judge Other minor points of disagreement are connected with Gal Or's original and remarkable views of the great philosophers including Spinoza and Kant A major point of disagreement is that Gal Or following Einstein is a scientific determinist while I cannot but regard determinism as a modern superstition Of course he may be right and I may be completely mistaken I mention these critical points rather in order to emphasize how strongly I am impressed by Professor Gal Or's great book Even in the very unlikely case that wherever we disagree he should be in the wrong and I right even if that should be the case which is improbable in the extreme it would remain a great book readable worth reading and enlightening with a most fascinating cosmological story of time expansion and gravitation

Kierkegaard's Pseudonymous Authorship Mark C. Taylor, 2019-04-23 This book deals with a central problem in the writings of Søren Kierkegaard the themes of time and the self as developed in the pseudonymous writings Arguing that a most effective way to grasp the unity of Kierkegaard's dialectic of the stages of existence is to focus on the dramatic presentation of time and the self that appears at each stage Mark C Taylor pursues these themes from the viewpoints of theology philosophy psychology and related areas of study The author works from the original texts and makes much use of untranslated primary and secondary material His concluding evaluation offers a critical perspective from which to view Kierkegaard's interpretation of time and selfhood and indicates the importance of Kierkegaard's work for our time Mark C Taylor teaches religion at Williams College Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Historical Dictionary of Kierkegaard's Philosophy Julia Watkin, 2000-12-06 Watkin provides a contextual introduction to Kierkegaard's 19th century world of Copenhagen a chronology of events and key figures in his life as well as definitions of

the key systems of his thought theology existentialism literature and psychology The extensive bibliographical section covers secondary literature and electronic materials of help to researchers The appendix includes detailed information on his writings along with a list of his pseudonyms This book is useful not only as a guide for experienced scholars but also as an introduction to new students of Kierkegaard s Philosophy **The Kyoto School's Takeover of Hegel** Peter Suares,2011-01-01 The Kyoto School grafts the presuppositions and methodology of Hegel s idealism onto the Japanese Buddhist worldview In The Kyoto School s Takeover of Hegel Peter Suares evaluates the success of the three principal figures of the School Nishida Kitaro Tanabe Hajime and Nishitani Keiji in integrating these dissimilar ideas into a coherent religious philosophy *The to Z of Kierkegaard's Philosophy* Julia Watkin,2010-03-23 The A to Z of Kierkegaard s Philosophy provides a contextual introduction to Kierkegaard s 19th century world of Copenhagen a chronology of events and key figures in his life as well as definitions of the key systems of his thought theology existentialism literature and psychology The extensive bibliographical section covers secondary literature and electronic materials of help to researchers The appendix includes detailed information on his writings along with a list of his pseudonyms This book is useful not only as a guide for experienced scholars but also as an introduction to new students of Kierkegaard s Philosophy **The Sartrean Mind** Matthew C. Eshleman,Constance L. Mui,2020-01-24 Jean Paul Sartre was one of the most important philosophers of the twentieth century His influence extends beyond academic philosophy to areas as diverse as anti colonial movements youth culture literary criticism and artistic developments around the world Beginning with an introduction and biography of Jean Paul Sartre by Matthew C Eshleman 42 chapters by a team of international contributors cover all the major aspects of Sartre s thought in the following key areas Sartre s philosophical and historical context Sartre and phenomenology Sartre existentialism and ontology Sartre and ethics Sartre and political theory Aesthetics literature and biography Sartre s engagements with other thinkers The Sartrean Mind is the most comprehensive collection on Sartre published to date It is essential reading for students and researchers in philosophy as well as for those in related disciplines where Sartre s work has continuing importance such as literature French studies and politics

Hegel Kierkegaard Marx Introduction

Hegel Kierkegaard Marx Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Hegel Kierkegaard Marx Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Hegel Kierkegaard Marx : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Hegel Kierkegaard Marx : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Hegel Kierkegaard Marx Offers a diverse range of free eBooks across various genres. Hegel Kierkegaard Marx Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Hegel Kierkegaard Marx Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Hegel Kierkegaard Marx, especially related to Hegel Kierkegaard Marx, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Hegel Kierkegaard Marx, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Hegel Kierkegaard Marx books or magazines might include. Look for these in online stores or libraries. Remember that while Hegel Kierkegaard Marx, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Hegel Kierkegaard Marx eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Hegel Kierkegaard Marx full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Hegel Kierkegaard Marx eBooks, including some popular titles.

FAQs About Hegel Kierkegaard Marx Books

1. Where can I buy Hegel Kierkegaard Marx books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Hegel Kierkegaard Marx book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Hegel Kierkegaard Marx books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Hegel Kierkegaard Marx audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Hegel Kierkegaard Marx books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
