*The Jewess Pallas Athena* Barbara Hahn,2021-06-08 *The Jewess Pallas Athena* a line from a poem by Paul Celan It is a provocative phrase cutting across cultures and traditions But it poses questions How to reconstruct a culture that has been destroyed How to conceive of history after the catastrophes of the twentieth century This book begins in the mid eighteenth century with the first Jewish women to raise their voices in German It ends two hundred years later with another group of Jewish women looking back at a country from which they had been expelled and to which they would never want to return Among the many prominent female intellectuals and literary figures Barbara Hahn discusses are Hannah Arendt Gertrud Kantorowicz Rosa Luxemburg Else Lasker Sch ler Margarete Susman and Rahel Levin Varnhagen In examining their writing she reflects upon the question of how German culture was constructed with its inherent patterns of exclusion This is a book about hope and despair possibilities and preventions We see attempts at dialogue between Christians and Jews men and women Germans and Jews attempts initiated by these women that for the most part remained unanswered Finally the book reconstructs the changing notions of the Jewess a key word in modern German history with its connotations of salons beauty and esprit And yet a word that is also disastrous in which there culminated everything the dominant culture condemned as dangerous

**19th Century Europe** Hannu Salmi,2013-04-24 Nineteenth Century Europe offers a much needed concise and fresh look at European culture between the Great Revolution in France and the First World War It encompasses all major themes of the period from the rising nationalism of the early nineteenth century to the pessimistic views of fin de si cle It is a lucid fluent presentation that appeals to both students of history and culture and the general audience interested in European cultural history The book attempts to see the culture of the nineteenth century in broad terms integrating everyday ways of life into the story as mental material and social practices It also highlights ways of thinking mentalities and emotions in order to construct a picture of this period of another kind that goes beyond a story of isms or intellectual and artistic movements Although the nineteenth century has often been described as a century of rising factory pipes and grey industrial cities as a cradle of modern culture the era has many faces This book pays special attention to the experiences of contemporaries from the fear for steaming engines to the longing for the pre industrial past from the idle calmness of bourgeois life to the awakening consumerism of the department stores from curious exoticism to increasing xenophobia from optimistic visions of future to the expectations of an approaching end The century that is only a few generations away from us is strange and familiar at the same time a bygone world that has in many ways influenced our present day world

The long period from the Renaissance to the nineteenth century supplied numerous sources for Kierkegaard's thought in any number of different fields. The present volume covers the period from the birth of Savonarola in 1452 through the beginning of the nineteenth century and into Kierkegaard's own time. The Danish thinker read authors representing vastly different traditions and time periods and a diverse range of genres including philosophy, theology, literature, drama, and music. The present volume consists of three tomes that are intended to cover Kierkegaard's sources in these different fields of thought. Tome I is dedicated to the philosophers of this period who played a role in shaping Kierkegaard's intellectual development.
