Dryden,1925 **The Forging of Races** Colin Kidd,2006-09-07 This book revolutionises our understanding of race Building upon the insight that races are products of culture rather than biology Colin Kidd demonstrates that the Bible the key text in Western culture has left a vivid imprint on modern racial theories and prejudices Fixing his attention on the changing relationship between race and theology in the Protestant Atlantic world between 1600 and 2000 Kidd shows that while the Bible itself is colour blind its interpreters have imported racial significance into the scriptures Kidd s study probes the theological anxieties which lurked behind the confident facade of white racial supremacy in the age of empire and race slavery as well as the ways in which racist ideas left their mark upon new forms of religiosity This is essential reading for anyone interested in the histories of race or religion The Vanished Settlers of Greenland Robert W.
