Helen Of Troy Paris And Helens War:

Helen of Troy and Her Shameless Phantom Norman Austin, 2008 Like the male heroes of epic poetry Helen of Troy has been immortalized but not for deeds of strength and honor she is remembered as the beautiful woman who disgraced herself and betrayed her family and state Norman Austin here surveys interpretations of Helen in Greek literature from the Homeric period through later antiquity He looks most closely at a revisionist myth according to which Helen never sailed to Troy but remained blameless while a libertine phantom or ghost impersonated her at Troy Comparing the functions of contradictory images of Helen Austin helps to clarify the problematic relations between beauty and honor and between ugliness and shame in ancient Greece Austin first discusses the canonical account of the Iliad and the Odyssey Helen as the archetype of woman without shame He next considers different versions of Helen in the Homeric tradition Among these he shows how Sappho presents Helen as an icon of absolute beauty while she defends her own preference of eros over honor and her choice of woman as the object of desire Austin then turns to three major authors who repudiated the traditional Helen of Troy the lyric poet Stesichorus and the dramatist Euripides who embraced the alternative myth of Helen's phantom and the historian Herodotus who claimed to have found in Egypt a Helen story that dispenses with both Helen and the phantom Austin maintains that the conflicting motives that prompted these writers to rehabilitate Helen led to further revisions of her image though none have endured as a credible substitute for the Helen of epic tradition *Screening Love and War in Troy: Fall of a City* Antony Augoustakis, Monica S. Cyrino, 2022-01-13 This is the first volume of essays published on the television series *Troy Fall of a City* BBC One and Netflix 2018 Covering a wide range of engaging topics such as gender race and politics international scholars in the fields of classics history and film studies discuss how the story of Troy has been recreated on screen to suit the expectations of modern audiences The series is commended for the thought provoking way it handles important issues arising from the Trojan War narrative that continue to impact our society today With discussions centered on epic narrative cast and character as well as tragic resonances the contributors tackle gender roles by exploring the innovative ways in which mythological female figures such as Helen Aphrodite and the Amazons are depicted in the series An examination is also made into the concept of the hero and how the series challenges conventional representations of masculinity We encounter a significant investigation of race focusing on the controversial casting of Achilles Patroclus Zeus and other series characters with Black actors Several essays deal with the moral and ethical complexities surrounding warfare power and politics The significance of costume and production design are also explored throughout the volume *The Classical Tradition* Anthony Grafton, Glenn W. Found Christianities M. David Litwa,2022-02-24 M David Litwa tells the stories of the early Christians whose religious identity was either challenged or outright denied In the second century many different groups and sects claimed to be the only Orthodox or authentic version of Christianity and Litwa shows how those groups and figures on the side of developing Christian Orthodoxy often dismissed other versions of Christianity by refusing to call them Christian However the writings and treatises against these groups contain fascinating hints of what they believed and why they called themselves Christian Litwa outlines these different groups and the controversies that surrounded them presenting readers with an overview of the vast tapestry of beliefs that made up second century Christianity By moving beyond notions of gnostic heretical and orthodox Litwa allows these lost Christianities to speak for themselves He also questions the notion of some Christian identities surviving or perishing arguing that all second century Catholic groups look very different to any form of modern Roman Catholicism Litwa shows that countless discourses ideas and practices are continually recycled and adapted throughout time in the building of Christian identities and indeed that the influence of so called lost Christianities
