Worthen, 2020-10-13 This book examines the appropriation of theatre and theatrical performance by ideologies of humanism in terms that continue to echo across the related disciplines of literary drama theatre and performance history and studies today From Aristotle onward theatre has been regulated by three strains of critical poesis the literary segregating theatre and the practices of the spectacular from the humanizing work attributed to the book and to the internality of reading the dramatic approving the address of theatrical performance only to the extent that it instrumentalizes literary value and the theatrical assimilating performance to the conjunction of literary and liberal values These values have been used to figure not only the work of theatre but also the propriety of the audience as a figure for its socializing work along a privileged dualism from the aestheticized ensemble harmonizing actor character and spectator to the essentialized drama to the politicized assembly theatre understood as an agonistic gathering *Networks of Refugees from Nazi Germany*, 2016-08-01 This

volume focuses on coalitions and collaborations formed by refugees from Nazi Germany in their host countries Exile from Nazi Germany was a global phenomenon involving the expulsion and displacement of entire families organizations and communities While forced emigration inevitable meant loss of familiar structures and surroundings successful integration into often very foreign cultures was possible due to the exiles ability to access and or establish networks By focusing on such networks rather than on individual experiences the contributions in this volume provide a complex and nuanced analysis of the multifaceted interacting factors of the exile experience This approach connects the NS exile to other forms of displacement and persecution and locates it within the ruptures of civilization dominating the twentieth and twenty first centuries Contributors are Dieter Adolph Jacob Boas Margit Franz Katherine Holland Birgit Maier Katkin Leonie Marx Wolfgang Mieder Thomas Schneider Helga Schreckenberger Swen Steinberg Karina von Tippelskirch J rg Thuncke Jacqueline Vansant and Veronika Zwerger **Anna Seghers** Helen Fehervary, 2001 A fascinating study of one of the

Kurt Weill These two young geniuses and the three women vital to their work actresses Lotte Lenya and Helene Weigel and writer Elisabeth Hauptmann joined talents to create the theatrical masterworks *The Threepenny Opera* and *The Rise and Fall of the City of Mahagonny* only to split in rancor as their culture cracked open and their differences became irreconcilable *The Partnership* is the first book to tell the full story of one of the most important creative collaborations of the last century and the first to give full credit to the women who contributed their enormous gifts *Theirs* is a thrilling story of artistic daring entwined with sexual freedom during the Weimar Republic's most fevered years a time when art and politics and society were inextricably mixed

Harris,2017-06-23 The first modern Irish playwrights emerged in London in the 1890s at the intersection of a rising international socialist movement and a new campaign for gender equality and sexual freedom *Irish Drama and the Other Revolutions* shows how Irish playwrights mediated between the sexual and the socialist revolutions and traces their impact on left theatre in Europe and America from the 1890s to the 1960s Drawing on original archival research the study reconstructs the engagement of Yeats Shaw Wilde Synge O Casey and Beckett with socialists and sexual radicals like Percy Bysshe Shelley William Morris Edward Carpenter Florence Farr Bertolt Brecht and Lorraine Hansberry

*Dramaturgies of War* Anselm Heinrich,Ann-Christine Simke,2023-12-01 This book examines the institutional contexts of dramaturgical practices in the changing political landscape of 20th century Germany Through wide ranging case studies it discusses the way in which operationalised modes of action legal frameworks and an established profession have shaped dramaturgical practice and thus links to current debates around the institutional turn in theatre and performance studies German theatre represents a rich and well chosen field as it is here where the role of the dramaturg was first created and where dramaturgy played a significantly politicised role in the changing political systems of the 20th century The volume represents an

important addition to a growing field of work on dramaturgy by contributing to a historical contextualisation of current practice In doing so it understands dramaturgy not only as a process which occurs in rehearsal rooms and writers studies but one that has far wider institutional and political implications      **Brecht Newsletter** ,2001      **Brecht and Political Theatre** Laura Bradley,2006-06-29 This production history of *The Mother* provides substantial new insights into Bertolt Brecht s theatre and drama his impact on political theatre and the relationship between text performance and politico cultural context As the only play which Brecht staged in the Weimar Republic during his exile and in the GDR *The Mother* offers a unique opportunity to compare his theatrical practice in contrasting settings and at different points in his career Through detailed analysis of original archival evidence Bradley shows how Brecht became far more sensitive to his spectators political views and cultural expectations even making major tactical concessions in his 1951 production at the Berliner Ensemble These compromises indicate that his mature staging should not be regarded as definitive for it was tailored to a unique and delicate situation *The Mother* has appealed strongly to politically committed theatre practitioners both in and beyond Germany By exploiting the text s generic hybridity and the interplay between Brecht s epic and dramatic elements directors have interpreted it in radically different ways So although Brecht s 1951 production stagnated into an affirmative GDR heritage piece post Brechtian directors have used *The Mother* to promote their own political and theatrical concerns from anti authoritarian theatre to reflections on the legacies of state Socialism Their ideological and theatrical subversion have helped Brecht s text to outlive the political system that it came to uphold      **Dreigroschenheft** ,2000      **Socialist Laments** Martha Sprigge,2021-01-01 How do individuals communities and societies use music as a form of mourning This book demonstrates how music became a crucial outlet for processing loss in communist East Germany where the ruling Socialist Unity Party tightly regulated expressions of loss      *The Theory of the Modern Stage* Eric Bentley,1997 Applause Books Including Antoin Artaud Bertolt Brecht E Gordon Craig Luigi Pirandello Konstantin Stanislavsky W B Yeats and Emile Zolaing      **Fodor's Inside Berlin** Fodor's Travel Guides,2019-06-11 One of the world s coolest cities Berlin has grabbed the world s attention with its cutting edge arts scene Cosmopolitan and affordable Berlin will delight foodies scenesters and fashionistas Fodor s brand new guidebook *Inside Berlin* touches on top tourist sights including Museum Island Schloss Charlottenburg and Brandenburg Gate and delves deep into the best under the radar places that only insiders from Berlin know and go The Fodor s *Inside* series is designed for travelers looking for authentic hyperlocal experiences Perfectly sized to fit in your bag or pocket these guides are designed with an artistic bent and are easy to use look good and don t make you feel like a tourist Written by Berliners and with customized neighborhood maps and one of a kind hand drawn illustrations by illustrator Kathryn Holeman *Inside Berlin* covers the restaurants bars coffee shops and boutiques in the neighborhoods that locals love best Fodor s *Inside Berlin* includes OFF THE BEATEN PATH COVERAGE that helps you explore locally loved up and coming neighborhoods that other guidebooks don t cover well or at all BEST BET LISTS with our favorites in a variety of
