**Hell Bound** Courtney Sigler, 2022-05-04 Jackson was born with a rebel spirit a lost past and an inescapable destiny Found wandering the city streets of Munich Germany hungry and abandoned the turmoil within this child alienated him from any who would help except for the unlikely companion of Will Herrington Will is a German psychologist and professor whose cherished freedom reluctantly wavered to a needy obligation to this highly oppositional and grossly ungrateful child Will's futile efforts a mere attempt at damage control Beyond surprised to find this youth with no gravity in thought of a future he could ultimately change the world to come A remote pull of indebtedness lands Jackson's otherwise reckless judgement in an ambiance of earthly affliction Through the fire of the abounding peril to come a depth emerges The once a European consequential damning of a life then desperately longs to persevere to escape an inescapable destiny With the impossible love of a tyrant's oppressed daughter a buried path resurrects and sets into motion an innate truth Sustained by the unlikely allies of a desperate family searching for a miracle As their journeys collide their path extends from the ends of the world and beyond This damning adventure will both bewilder and excite you right up until the last breathtaking beat
