Christian Origins and Hellenistic Judaism Stanley E. Porter, Andrew Pitts, 2012-10-23 In *Christian Origins and Hellenistic Judaism* Stanley E. Porter and Andrew W. Pitts assemble an international team of scholars whose work has focused on reconstructing the social matrix for earliest Christianity through reference to Hellenistic Judaism and its literary forms. Each essay moves forward the current understanding of how primitive Christianity situated itself in relation to evolving Greco-Roman Jewish culture. Some essays focus on configuring the social context for the origins of the Jesus movement and beyond while others assess the literary relation between early Christian and Hellenistic Jewish texts. *The Wiley Blackwell Companion to Ancient Israel* Susan Niditch, 2016-01-26 *The Companion to Ancient Israel* offers an innovative overview of ancient Israelite culture and history, richly informed by a variety of approaches and fields. Distinguished scholars provide original contributions that explore the tradition in all its complexity, multiplicity, and diversity. A methodologically sophisticated overview of ancient Israelite culture that provides insights into political and social history, culture, and methodology. Explores what we can say about the cultures and history of the people of Israel and Judah but also investigates how we know what we know. Presents fresh insights, richly informed by a variety of approaches and fields. Delves into religion as lived, an approach that asks about the everyday lives of ordinary people and the material cultures that they construct and experience. Each essay is an original contribution to the subject.

A New Reading of the Animal Apocalypse of 1 Enoch, 2013 *A New Reading of the Animal Apocalypse of 1 Enoch* is the most comprehensive theological commentary on this important second-century BCE Jewish apocalypse to date, laying out the purpose and methodology of this Enochic allegory and using this as the basis for a new commentary on the whole text, presented here in a fresh translation. Against other interpretations that focus on Israel and its institution, Daniel Olson argues that the promise of universal blessing in the Abrahamic covenant is presented in the *Animal Apocalypse* as the governing dynamic in a sacred history that begins and ends with humanity in general. The authentic Jacob Israel will appear in the end times and be the catalyst of universal salvation. Book jacket.
