Hello, this is God speaking can you hear me? Alex Fuleki,2023-10-16 God has been trying to reach humans for thousands of years but with limited success Ever since Cain walked away from God to forge his own godless society and a culture void of moral and spiritual values the voice of God has only been heard by a handful of people committed to following His will Alex Fuleki explores the complicated relationship humanity has with God in this book observing that most of us look to Him in the midst of some kind of local or global disaster beyond our control It is only then that we demand the protective saving healing and restorative power of the Lord and if we don t receive an immediate response we conclude that God does not listen and is not interested in us The truth however is that the Lord has certain requirements that must be met before He looks upon us with favor He is the one who dictates when how and what to communicate Find out why God is the most efficient most precise and clearest communicator who reveals Himself to every generation in every nation and in every language
