Help For The Post Abortion Woman:

Pro-Life Answers to Pro-Choice Arguments Randy Alcorn, 2009-01-21 As politicians citizens and families continue the raging national debate on whether it s proper to end human life in the womb resources like Randy Alcorn s Prolife Answers to Prochoice Arguments have proven invaluable With over 75 000 copies in print this revised and updated guide offers timely information and inspiration from a sanctity of life perspective Real answers to real questions about abortion appear in logical and concise form The final chapter Fifty Ways to Help Unborn Babies and Their Mothers is worth the price of this book alone

Experiencing Abortion Eve Kushner, 2013-05-13 If you ve had an abortion and are feeling isolated and vulnerable *Experiencing Abortion* will remind you that you are not alone and that you must feel your emotions in order to accept your choice and heal Each woman responds to abortion in her own way yet as this sensitive insightful book shows there are many similarities among women s post abortion emotions Sharing in the firsthand personal experiences of other women who speak for themselves in this book will help you come to terms with anguish stress grief anger or any other overwhelming emotions you might be feeling Don t go on ignoring or blocking out your feelings Learn to incorporate your experience into your sense of self in a healthy way By reading *Experiencing Abortion* you will learn about the multiple feelings and reactions abortion can trigger the process of accepting an abortion and the struggle to control fertility without treating your body as an enemy Offering you a safe honest and supportive environment in which to explore your feelings about your abortion this book discusses many important topics including the way moods can overtake you after abortion how avoiding your experience can defer acceptance which in turn leads to denial and guilt how pregnancy abortion and subsequent bleeding can affect your perception of your body the struggle to enjoy sex after your abortion your heightened awareness of gender after an abortion how your intimate relationships may change after an abortion the psychological reasons you may sometimes forgo birth control accepting yourself after a second abortion *Experiencing Abortion* will help women who have had an abortion understand that it is a complex physical and emotional experience that doesn t necessarily end after a week or a month or a year It will also help professionals in abortion facilities and therapists who offer pre and post abortion counseling understand how abortion affects each individual differently and how they might help women work through their feelings both before and after abortion Partners friends and families will find this book helpful and informative as they try to help their loved one get through this sometimes difficult even traumatic experience

Moral Injury After Abortion Tara C. Carleton, Jill L. Snodgrass, 2022-08-12 *Moral Injury After Abortion* delves deeply into the psychospiritual responses that some women experience when an abortive act conflicts with their moral beliefs and values The book is grounded in a qualitative phenomenological study that examined the lived experiences of thirty Christian women after abortion The study participants voices are woven throughout the book in a way that offers the reader a narrative understanding of their experiences and a thick description of the psychospiritual impact of moral injury after abortion The book provides mental health scholars and

professionals with strategies for assessing for moral injury experiences among women post abortion as well as a guide for addressing the spiritual and psychological impact of post abortive moral injury *Tough Love* Cynthia Burack,2014-02-01 Exposes how ex gay and postabortion ministries operate on a shared system of thought and analyzes their social implications A staple of the culture wars the struggle between Christian conservatives and progressives over sexuality and reproductive rights continues Focusing on ex gay ministries geared to helping same sex attracted people resist their sexuality and postabortion ministries dedicated to leading women who have had an abortion to repent that decision Cynthia Burack argues that both are motivated and characterized by a strain of compassion that is particular to Christian conservatism rather than a bias and hatred toward sexual minorities and sexually active women This compassion reproduces the sexual ideology of the Christian right and absolves Christian conservatives from responsibility for stigma and other forms of harm to postabortive and same sex attracted people Using the democratic theory of Hannah Arendt the popular fiction of Ayn Rand and the psychoanalytic thought of Melanie Klein Burack studies the social and political effects of Christian conservative compassion

Saving Women and Infants from Abortion Margaret Driscoll,Emily Faugno,2006 Through real life conversion stories but set against the realistic background of what Pope John Paul II called our contemporary culture of death this book offers inspiration encouragement and a challenge to those interested in the respect life movement especially in this outreach organization known as Helpers of God s Precious Infants to become involved whether as actual sidewalk counselors or through prayerful support According to Msgr James P Lisante pastor of St Thomas the Apostle Church West Hempstead NY as well as a TV commentator and author This book tells the story of those who are willing to be the voices of the voiceless of people of such hope faith and love that they are willing to speak up even in the face of what would seem to be the most hopeless situation of all the moment when a woman is actually about to enter an abortion clinic Improving Women's Health United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Health,2005 **Regret** Paddy McQueen,2024 Philosopher Paddy McQueen provides a detailed examination of the nature of regret and its role in decision making Additionally he explores how experiences of regret are shaped by social discourses especially those about gender and parenthood **The HEALING CHOICE** Dana Dovitch,Candace De puy,2013-06-11 Two psychotherapists present a supportive guide to coping with the emotional and psychological aftermath of abortion offering a step by step program that combines information reassurance and guidance to help women begin the process of recovery This is a book for any women who feels psychological pain from her abortion this is not a book about judgment politics or religion from the authors introduction Few women can walk away from the experience of abortion without some lingering emotional discomfort Unresolved feelings of guilt shame and sadness may not surface until months often years after an abortion We may lead outwardly normal lives but these emotions can continue to cast a shadow having a negative impact on personal relationships coloring our moral or religious beliefs even causing anxiety when we deal with a planned pregnancy These

feelings if ignored can possibly manifest themselves in more troubling ways resulting in unstable relationships self destructive and addictive behaviors depression and low self esteem Now two experienced psychotherapists share their approach to dealing with sensitive and long overlooked issue of post abortion pain or trauma The Healing Choice breaks the silence surrounding a topic often clouded by debate and focuses exclusively on helping women chart a path toward emotional recovery Through a step by step process complete with self tests exercises and interviews with women who share their own post abortion experiences Dr Candace De Puy and Dr Dana Dovitch will help you come to terms with your post abortion emotions and offer support as you begin the process of healing

rights violations related to their sexuality and reproduction within their families and communities as well as from the health care institutions where they seek care particular emphasis is placed on the creation of an enabling environment to support more effective health interventions and better health outcomes This guideline is meant to help countries to more effectively and efficiently plan develop and monitor programmes and services that promote gender equality and human rights and hence are more acceptable and appropriate for women living with HIV taking into account the national and local epidemiological context It discusses implementation issues that health interventions and service delivery must address to achieve gender equality and support human rights

Reproducing Gender Susan Gal,Gail Kligman,2021-04-13 The striking fact that abortion was among the first issues raised after 1989 by almost all of the newly formed governments of East Central Europe points to the significance of gender and reproduction in the postsocialist transformations The fourteen studies in this volume result from a comparative collaborative research project on the complex relationship between ideas and practices of gender and political economic change The book presents detailed evidence about women s and men s new circumstances in eight of the former communist countries exploring the intersection of politics and the life cycle the differential effects of economic restructuring and women s public and political participation Individual contributions on the former German Democratic Republic Poland the Czech Republic Slovakia Hungary Serbia Romania and Bulgaria provide rich empirical data and interpretive insights on postsocialist transformation analyzed from a gendered perspective Drawing on multiple methods and disciplines these original papers advance scholarship in several fields including anthropology sociology women s studies law comparative political science and regional studies The analyses make clear that practices of gender and ideas about the differences between men and women have been crucial in shaping the broad social changes that have followed the collapse of communism In addition to the editors the contributors are Eleonora Zieli ska Eva Maleck Lewy Myra Marx Ferree Sharon Wolchik Irene D lling Daphne Hahn Sylka Scholz Mira Marody Anna Giza Poleszczuk Katalin Kov cs M nika V radi Julia Szalai Adriana Baban Ma gorzata Fuszara Laura Grunberg Zorica Mrsevi Krassimira Daskalova Joanna Goven and Jasmina Luki

Women in Eastern European Post-Socialist Countries Agnieszka Kasińska-Metryka,Karolina Pałka-Suchojad,2024-07-31 Women in Eastern European Post Socialist Countries Social Scientific and Political Lives explores the role of women in Central and Eastern Europe in bringing about social change and the obstacles they face in fighting for equality in various areas of life such as science politics and reproductive rights Against a backdrop of increasing re traditionalisation of post socialist societies and the reinvigoration of patriarchal attitudes the book presents a timely and important collection Through chapters authored by academics with different specialities across the social sciences the book addresses the fundamental areas in which women s determination is already initiating changes namely politics and diplomacy science reproductive rights and customs resulting from religion Women in Eastern European Post Socialist Countries is of interest to scholars of gender studies political and social sciences and contemporary central and eastern European history

Abortion, Motherhood, and Mental Health Ellie Lee, Whatever reproductive choices women make whether they opt to end a pregnancy through abortion or continue to term and give birth they are considered to be at risk of suffering serious mental health problems According to opponents of abortion in the United States potential injury to women is a major reason why people should consider abortion a problem On the other hand becoming a mother can also be considered a big risk This fine well balanced book is about how people represent the results of reproductive choices It examines how and why pregnancy and its various outcomes have come to be discussed this way The author s interest in the medicalization of reproduction its representation as a mental health problem first arose in relation to abortion There is a very clear contrast between the construction of women who have abortions implied by moralized argument against abortion and the construction that results when the case against abortion focuses on its effects on women s mental health Lee argues that claims that connect abortion with mental illness have been limited in their influence but this is not to suggest that they have not become a focus for discussion and have had no impact The limits to such claims about abortion do not by any means suggest limits to the process of the medicalization of pregnancy more broadly that is a process of demedicalization The final theme of Ellie Lee s book is the selective medicalization of reproduction Centering on the claim that abortion can create a post abortion syndrome the author examines the medicalization of the abortion problem on both sides of the Atlantic Lee points to contrasts in legal and medical dimensions of the abortion issue that make for some important differences but argues that in both the United States and Great Britain the post abortion syndrome claim constitutes an example of the limits to medicalization and the return to the theme of motherhood as a psychological ordeal Lee makes the case for looking to the social dimensions of mental health problems to account for and understand debates about what makes women ill Ellie Lee is research fellow in the Department of Sociology and Social Policy University of Southampton Highfield United Kingdom
