

ECONOMIC GROWTH IN A NORDIC PERSPECTIVE

Economic Growth In A Nordic Perspective

Brendan G. Carr

Economic Growth In A Nordic Perspective:

Economic Growth in a Nordic Perspective Stockholm Institute,1984-12-01 *Economic Growth in a Nordic Perspective* Økonomiske råd (Denmark). Sekretariatet,1984 *Economic growth in a nordic perspective* ,1984 **Natural Resources and Economic Growth** Thorvaldur Gylfason,1999 The paper begins by offering a quick glance of the Nordic economies and of some aspects of their economic growth performance and natural resource dependence since 1970 Thereafter it reviews some of the main symptoms of the Dutch disease and then considers whether these symptoms are observable in some of the Nordic countries in view of their abundant natural resources The experience of Iceland and its fish seems an obvious point of departure The paper then discusses the less obvious case of Norway and its oil and fish and at last also reviews some possible linkages between forest resources and economic growth in Finland Publisher description **Saving and Economic Growth from a Nordic Perspective** Katri Kosonen,1989 **Macro in Economics: A Nordic Perspective** Pasquale De Marco,2025-08-12 Macro in Economics A Nordic Perspective is a comprehensive and up to date introduction to macroeconomics written specifically for students and professionals in the Nordic countries This book provides a unique perspective on macroeconomics drawing on the Nordic experience to illustrate key concepts and theories The book covers all the major topics in macroeconomics including national income accounting economic growth unemployment inflation the financial system and international trade It also discusses the challenges that the global economy faces in the 21st century such as climate change and inequality Macro in Economics A Nordic Perspective is written in a clear and concise style and it is packed with information and insights The book is also up to date on the latest developments in macroeconomics including the recent financial crisis the European debt crisis and the rise of China This book is an essential resource for anyone who wants to learn more about macroeconomics It is ideal for students taking introductory courses in macroeconomics as well as for professionals who want to refresh their knowledge of the subject Key Features Comprehensive coverage of all the major topics in macroeconomics A unique Nordic perspective on macroeconomics Up to date on the latest developments in macroeconomics Written in a clear and concise style Packed with information and insights Author Pasquale De Marco is a professor of economics at the University of Copenhagen He is a leading expert on macroeconomics and he has published extensively on the subject He is also a frequent commentator on economic issues in the media If you like this book write a review *Growth and Integration in a Nordic Perspective* ,1990 **The Rocky Road to Reform** Lance Taylor,1993 These case studies provide valuable insights into the difficulty of establishing answers to the fundamental question of why nations grow at different rates with inequitable patterns of wealth and income distribution *Growth Policies in a Nordic Perspective* ,1987 **Nordic Perspectives on Nature-based Tourism** Peter Fredman,2021-02-26 Nature based tourism NBT is a sector where entrepreneurial success is highly knowledge driven This insightful book offers a comprehensive evaluation of NBT in a Nordic context highlighting how long established Nordic traditions of outdoor recreation practices can

reveal lessons for the field more broadly Chapters explore Nordic and international perspectives local communities market dynamics firms creativity innovations and value added experience products

Social Policy and Economic Development in the Nordic Countries O. Kangas,J. Palme,2005-07-01 This volume examines the relationship between Nordic social

policy and economic development from a comparative perspective It identifies the driving forces behind the development of the Nordic welfare model and the problems and dilemmas the model is facing at present The book also traces the link between democratization and social policy drawing attention to the role of the state and non governmental organizations Social Policy and Economic Development in the Nordic Countries examines Nordic social policies on unemployment social care family education and health care policies and reviews future challenges of the welfare state in the information society

Resource Abundance and Economic Development R. M. Auty,2001-06-28 Since the 1960s the per capita incomes of the resource poor countries have grown significantly faster than those of the resource abundant countries In fact in recent years economic growth has been inversely proportional to the share of natural resource rents in GDP so that the small mineral driven economies have performed least well and the oil driven economies worst of all Yet the mineral driven resource rich economies have high growth potential because the mineral exports boost their capacity to invest and to import Resource Abundance and Economic Development explains the disappointing performance of resource abundant countries by extending the growth accounting framework to include natural and social capital The resulting synthesis identifies two contrasting development trajectories the competitive industrialization of the resource poor countries and the staple trap of many resource abundant countries The resource poor countries are less prone to policy failure than the resource abundant countries because social pressures force the political state to align its interests with the majority poor and follow relatively prudent policies Resource abundant countries are more likely to engender political states in which vested interests vie to capture resource surpluses rents at the expense of policy coherence A longer dependence on primary product exports also delays industrialization heightens income inequality and retards skill accumulation Fears of Dutch disease encourage efforts to force industrialization through trade policy to protect infant industry The resulting slow maturing manufacturing sector demands transfers from the primary sector that outstrip the natural resource rents and sap the competitiveness of the economy The chapters in this collection draw upon historical analysis and models to show that a growth collapse is not the inevitable outcome of resource abundance and that policy counts Malaysia a rare example of successful resource abundant development is contrasted with Ghana Bolivia Saudi Arabia Mexico and Argentina which all experienced a growth collapse The book also explores policies for reviving collapsed economies with reference to Costa Rica South Africa Russia and Central Asia It demonstrates the importance of initial conditions to successful economic reform

The Political Economy of Peripheral Growth José Miguel Ahumada,2019-03-23 This book provides a political economy perspective on Chile s contemporary economic development explaining the different stages of Chile s neoliberal pattern of economic integration

into the global economy from 1973 to 2015 Three key explanatory variables are considered the evolution of business state relations US geopolitical interest in the region through the waves of trade agreements and the political impact of the dynamics of inflows and outflows of financial capital Although Chile is typically considered to be a successful case of a free market economy this book presents an alternative narrative of Chile s growth through using a Latin American Structuralist political economy perspective While it recognises the positive results in terms of growth it also emphasises the lack of dynamic sources for long term development which embeds the economy into short term booms followed by periods of stagnation

The Quest for Prosperity Justin Yifu Lin,2014-10-12 Justin Yifu Lin s groundbreaking account of how developing countries can help themselves now fully updated How can developing countries grow their economies Most answers to this question center on what the rich world should or shouldn t do for the poor world In The Quest for Prosperity Justin Yifu Lin the first non Westerner to be chief economist of the World Bank focuses on what developing nations can do to help themselves Lin examines how the countries that have succeeded in developing their own economies have actually done it Interwoven with insights observations and stories from Lin s travels as chief economist of the World Bank and his reflections on China s rise this book provides a road map and hope for those countries engaged in their own quest for prosperity

Female Entrepreneurship as a Driving Force of Economic Growth and Social Change Daniel, Ana Dias,Fernandes, Cristina,2023-04-24 In the last decade female entrepreneurship has gained considerable attention from both academicians and policymakers Despite the proliferation of studies this field of research is characterized by being a highly multidisciplinary and dispersed field encompassing studies from a wide range of disciplines such as business and management education political science technology and innovation To legitimize female entrepreneurship as a distinct field of research it is important to deepen the scientific reasoning regarding women entrepreneurs while promoting the theoretical consolidation of this area of knowledge Female Entrepreneurship as a Driving Force of Economic Growth and Social Change presents what researchers have learned so far about female entrepreneurship namely the main motivations that lead women to undertake it and the characteristics of this type of business as well as the impact of context and technology on the promotion and management of companies by women In doing so it contributes to a better understanding of this phenomenon and how it is different from male entrepreneurship allowing a better delimitation of this field of research Covering topics such as diversity innovation social entrepreneurship and gender this premier reference source is ideal for business owners entrepreneurs managers researchers scholars academicians practitioners instructors and students

Globalisation, Economic Development & the Role of the State Ha-Joon Chang,2003-07 Ha Joon Chang evaluates the role of the state in economics and development In this collection of essays he reviews theories and practices of state intervention as they have developed over two centuries of modern capitalism He develops an institutionalist approach to the role of the state in economic change and examines the issues involved in particular settings including industrial policy trade policy

intellectual property rights regulation and strategies towards transnational corporations He mounts a sophisticated theoretical and historical case for the continuing essential and constructive roles which the state can and must play in economic development **Proceedings of MAC 2017** group of authors,2017-12-06 International Academic Conference on Education Teaching and Learning in Prague 2017 and International Academic Conference on Management Marketing and Economics in Prague 2017 and International Academic Conference on Transport Tourism and Sport Science in Prague 2017

New Technologies and Work Arthur Francis,Peter Grootings,2018-03-26 Originally published in 1989 this book is a valuable contribution to the development of a non technological approach in the study of technology and work The studies compare the introduction and implementation of new technology at work in similar enterprises throughout Europe The contributors share the basic assumption that the impact of technology varies greatly according to the characteristics of the country and its socioeconomic system They view changes in work as the result of the complex combinations and interactions of such conditions and technology rather than of technology per se and their focus is therefore on the mechanisms and processes which come into play when new technology is being introduced The book s international scope makes it a rich empirical source of comparative material **Technological Transformation in the Third World: Volume 4** Surendra J. Patel,2018-04-09 Originally published in 1993 this book contains 3 studies from Finland Greece and Japan These countries were chosen because they experienced their technological transformation mainly during the 20th Century and it was considered that their experience would have some relevant lessons for the countries of the third world Special attention is paid to Japan as its example has great relevance both for development theory and practical strategies *Regional Development Strategies* Jeremy Alden,Philip Boland,2013-10-18 Regional development strategies have become the focus of attention in many countries in the 1990s This textbook provides a conceptual theoretical and empirical analysis of regional development strategies within a European context It examines the various regional development strategies which are currently being pursued within the regions of Europe defined in its loosest term to include East and West The book describes how many different European regions are attempting to reduce regional disparities by engaging themselves in coherent and focused regional development strategies and there is also private sector approach to regional economic development There are many case studies from Europe and from other parts of the world including Japan thereby providing lessons that different countries and regions can learn form each other

This Engaging World of E-book Books: A Comprehensive Guide Revealing the Benefits of Kindle Books: A Realm of Convenience and Versatility E-book books, with their inherent portability and simplicity of availability, have liberated readers from the limitations of physical books.
