## **Economic Policy For Aging Societies:**

**Economic Policy for Aging Societies** Horst Siebert, 2002-08-02 In this volume economists discuss the long run consequences of aging societies Using theoretical economic models long term projections and simulations and econometric analysis answers to the following questions are given What are the economic consequences for consumption patterns the supply of labor capital accumulation productivity and the international flow of capital Where are the political consequences for pension systems health care and immigration policy And what changes in politics are needed to handle the issues of populations that age markedly **Policies for an Aging Society** Stuart H. Altman, David Shactman, 2002-07-26 Zeldes Columbia University Robert B Hudson Boston University Journal of Health Politics Policy and Law *Handbook of Research on Economic and Social Impacts of Population Aging* Bayar, Yilmaz, 2021-06-25 The increases in global wealth and the developments in the field of health have led to decreases in mortality rates increases in life expectancy and decreases in fertility rate leading to a population that is rapidly consisting more and more of older individuals The demographic changes affect nearly all parts of society including economics education health social security systems socio cultural activities and more Thus it is essential to study the impacts that an aging population will have on society The Handbook of Research on Economic and Social Impacts of Population Aging analyzes the economic and social impacts of population aging from a multidisciplinary perspective Covering topics such as life expectancy social welfare health social security and more this book is essential for social scientists sociologists demographers economists medical professionals government officials policymakers professionals researchers managers students and academicians looking to understand the effects of an aging population on modern society **Social Policy for an Aging Society** Carole B. Cox, 2015-01-16 As people age they are at increased risk of having their basic human rights threatened or violated When age is perceived as incompetence it can easily lead to discrimination that impacts human rights Based on the premise that social policy must reflect human rights principles this graduate level textbook views the challenges associated with aging as opportunities for policy development that stresses the rights of older adults rather than needs The text distinguishes between needs and rights and describes those policies and services that best ensure that the rights of older adults are actually met particularly programs that enable people to remain in their own communities so they can benefit from continued integration and participation in society Issues and challenges surrounding such efforts and gaps in social policies faced by specific subsets of older people are critically examined The book first analyzes current aging policies and rights and considers the Older Americans Act as a basic policy framework With an eye to promoting independence the book discusses issues of income housing transportation health and home care and what constitutes a livable community along with policies that promote wellbeing and focus on preventing senior abuse and exploitation Challenges faced by older workers are covered as are issues particular to family caregivers older women and grandparents as caregivers Gaps in social policies for LG BT seniors and older members of specific ethnic groups are

discussed Particular attention is given to global issues and aging policies in diverse countries and the ways in which they reflect human rights concerns Each chapter concludes with probing discussion questions for classroom use **KEY FEATURES** Presents a human rights framework for aging policy Distinguishes between needs and rights of older persons Focuses on policies and programs that can help older people to remain in the community Explores the issues and challenges of specific older populations Discusses global responses and concerns with regard to older persons and human rights Carole B Cox MSW PhD is professor at the Graduate School of Social Service Fordham University She is a fellow of the Gerontological Society of America and a Fulbright scholar She is the author of more than 50 journal articles and chapters dealing with various aspects of aging and caregiving with extensive research on caregivers for persons with dementia their needs and their use of services Her recent work includes a study of the impact of dementia on the workplace Her caregiving research also includes that of grandparents raising grandchildren leading to the development of a curriculum Empowering Grandparents Raising Grandchildren A Training Manual for Group Leaders Springer Publishing Company 2000 She is the editor of To Grandmother s House We Go and Stay Perspectives on Custodial Grandparents Springer Publishing Company 2000 Her other books include Home Care for the Elderly An International Perspective coauthored with Abraham Monk 1991 The Frail Elderly Problems Needs and Community Responses 1993 Ethnicity and Social Work Practice coauthored with Paul Ephross 1998 Community Care for an Aging Society Policies and Services Springer Publishing Company 2005 and Dementia and Social Work Practice Springer Publishing Company 2007 Climate Change in an Aging Society Harry R.

Moody,2024-12-03 Climate Change in an Aging Society is the first book fully devoted to the impact of climate change on those who are old today and those who will be old in decades to come In doing so Moody focuses on issues of critical importance aging in place health and age in a warming world responsibility for the climate crisis options for climate conscious consumers planning for investment for a green retirement and opportunities for political action The number of Americans aged over 65 is projected to rise from 17% to 21% By 2060 nearly one in four Americans will be 65 or older By 2050 however average temperatures in the USA could rise by as much as 3 C and extreme weather events are likely to become more frequent and severe Despite these alarming projections and the likelihood that climate change will cause serious health issues among the elderly little attention has been devoted to the impact of climate change on this demographic Employing a life course perspective and a cross generational approach Moody assesses the impact of climate change on those who are old today and those who will be old in years to come Challenging both climate complacency and climate defeatism the book adopts as its clarion call HERE NOW YOU HOPE Written in an engaging personal style with highlighting case studies of influential eco elders this urgent book will be of great interest to students and scholars with interests in climate change gerontology and environmental and social policy **Aging, Society, and the Life Course** Leslie A.

Morgan, Suzanne Kunkel, 2011-03-15 Doody s Score 91 4 Stars This book s unfading preoccupation with social context social processes and social structures distinguishes itself and greatly contributes to the discourse in gerontology The Gerontologist This is a comprehensive textbook for both undergraduate and graduate level courses detailing the impact of societal forces on the aging process The book focuses on the diversity of the older population examining it from micro macro perspectives in order to understand aging and the life course as social phenomena This latest edition examines significant changes in the field of social gerontology such as the paradigms of aging and the life course the baby boomer cohorts as they approach retirement and later life the growing interest in global aging and civic engagement This text encourages students to examine aging from personal familial community societal and global perspectives including both the positive and negative realities of aging Key Features Provides websites of interest at the end of each chapter Presents provocative essays on love sex music medicine and crime to further expand on chapter contents

Provides review questions and key terms as study guides at the end of each chapter      Economic Foundations for Creative Ageing Policy, Volume II Andrzej Klimczuk, 2016-12-15 Aging populations are a major consideration for socio economic development in the early 21st century This demographic change is mainly seen as a threat rather than as an opportunity to improve the quality of human life Aging population is taking place in every continent of the world with Europe in the least favourable situation due to its aging population and reduction in economic competitiveness Economic Foundations for Creative Aging Policy offers public policy ideas to construct positive answers for ageing populations This exciting new volume searches for economic solutions that can enable effective social policy concerning the elderly Klimczuk covers theoretical analysis and case study descriptions of good practices to suggest strategies that could be internationally popularised

**Kinship and Cohort in an Aging Society** Merril Silverstein, Roseann Giarrusso, 2013-09-01 According to family sociologist Vern Bengtson generations within families are important sources of influence change and development Kinship and Cohort in an Aging Society brings together scholars whose common link is their intellectual intersection with the work of Vern Bengtson an esteemed family sociologist whose accomplishments include foundational theoretical contributions to the study of families and intergenerational relations as well as the development of the widely used Longitudinal Study of Generations data set The study began in 1971 and is the basis for Bengtson s highly influential concept and measurement model the intergenerational solidarity conflict paradigm This book serves as an excellent compendium of original research that examines how Bengtson s solidarity model a theory that informs nearly all intergenerational and gerontology sociology work performed today continues to be relevant to scholars and practitioners Written by internationally recognized scholars the book s fifteen chapters are mapped to five major thematic areas to which Bengtson s research contributed family connections grandparents in a changing demographic landscape generations and cohorts micro macro dialectics religion and families in the context of continuity change and conflict and global cross national and cross ethnic concerns Key strengths of the book include the diversity of foci and data sources and the strong attention given to global and international issues Kinship and Cohort in an Aging Society will appeal to scholars working in sociology psychology gerontology family studies and social work      **Aging Societies** Barry P. Bosworth, Gary Burtless, 1998-05-01 By 2030 when most American baby boomers will have retired all the large industrial economies will see a massive increase in the old age population This book examines population aging and its implications for public retirement programs in the five largest industrial economies Britain France Germany Japan and the United States The authors report on national demographic trends examine the current living conditions of the aged population explain the structure of the retirement system and offer estimates of future budgetary costs of the public programs They also discuss national debates over the potential reform of public retirement systems While all five countries share the prospect of an older population variations in the size and timing of demographic change as well as important differences in the structure of public programs for the elderly suggest that population aging will have widely

different implications in each country In Germany and Japan for example the population will not only grow older but may actually decline because of low birth rates The United States will experience less aging but its debate over reform treats seriously the possibility of privatizing public retirement commitments

**The Aging Population and the Competitiveness of Cities** Peter Karl Kresl, Daniele Ietri, 2010-01-01 While much of the current literature on the economic consequences of an aging population focuses on the negative aspects this enlightening book argues that seniors can bring significant benefits such as vitality and competitiveness to an urban economy The authors illustrate the ways an aging population can have a positive impact on urban centers including the move by large numbers of seniors from the suburbs to the city where their disproportionate consumption of education and the arts helps rejuvenate city centers Given this the authors conclude that a large and active senior population has the potential to assist a city in the achievement of its strategic economic objectives The book includes analyses of the effects of population aging on best practices in 40 cities in the US and EU with surprising results as well as interviews with city officials and leaders Academics researchers and public officials in the areas of urban development public policy and aging will find much in this original approach to interest and provoke debate

**The Political Future of Social Security in Aging Societies** Vincenzo Galasso, 2006 A quantitative analysis of the political sustainability of social security reform in France Germany Italy Spain the UK and the US with the suggestion that population aging will lead to more pension spending and that raising the retirement age is the most politically viable reform measure

**Population Aging in Societal Context** Mark Tausig, Janardan Subedi, Saruna Ghimire, 2025-07-30 This book offers an explanatory schema for comprehending aging in a societal context focusing on the country of Nepal Contributions to this book use an institutional contextual approach and a life course perspective to document and assess societal responses to the increase in the number of older adults in a specific country This emerging age group entails the development of new and modified social institutions new and modified cultural norms and the reallocation of social resources within a given country The study represents a means to understand the status and needs of older adults systematically and to orient policies and programs intended to address the increase in the older population It can be applied to countries grappling with similar challenges of rapid population aging and significant social change A pioneering effort in understanding aging as a social process embedded in social economic cultural and life course contexts this book fills a gap in Asian Studies Social Policy and Population Studies

**Aging Nation** James H. Schulz, Robert H. Binstock, 2008-05-15 Schulz and Robert H

**The SAGE Handbook of Aging, Work and Society** John Field, Ronald J Burke, Cary L Cooper, 2013-09-19 Aging has emerged as a major and urgent issue for individuals organisations and governments of our time In this well timed and comprehensive handbook key international contributors to the field of study come together to create a definitive map of the subject Framed by an authoritative introductory chapter the SAGE Handbook of Aging Work and Society offers a critical overview of the most significant themes and topics with discussions of current research theoretical controversies and emerging issues divided into

sections covering Key Issues and Challenges The Aging Workforce Managing an Aging Workforce Living in an Aging Society Developing Public Policy      Classical, Neoclassical and Keynesian Views on Growth and Distribution Neri Salvadori, Carlo Panico, 2006-01-27 This book reconsiders and analyses the different approaches historically proposed in the literature on growth and distribution The contributors have achieved through a comprehensive and cohesive analysis of the approaches of different schools of thought a wide ranging interpretation of a variety of important economic phenomena The book identifies elements characterising each approach and tries to derive from them a range of insights into the complexity of the growth process      **Public Health for an Aging Society** Thomas R. Prohaska, Lynda A. Anderson, Robert H. Binstock, 2012-03-15 Students and practitioners will find Public Health for an Aging Society an invaluable resource both in the workplace and the classroom      **China's Road and Aging Population** Yining Li, Qiuyun Zhao, Zhiqiang Cheng, 2023-04-03 In the context of global population aging the aging population of China is not only a China specific problem but also a global concern Based on in depth analysis this book focuses on the increasingly serious issue of aging population of China at the present time and explores the possible path and solution from the new type of demographic dividend that is innovation With 1 5 of the global aging population in the world China has the largest aging population and is aging faster and deeper which produces and profound and far reaching impact on the economic growth social security health care and other related areas      **Home Equity and Ageing Owners** Lorna Fox O'Mahony, 2012-01-06 The growing use of housing equity to support a range of activities and needs raises complex issues particularly for older owners In an environment in which older owners are pushed towards housing equity transactions to meet income and welfare costs they are required to make choices from a complex and sometimes bewildering range of options The transactions which facilitate the use of home equity as a resource to spend in later life from trading down and ordinary secured and unsecured debt to targeted products including reverse lifetime mortgages home reversion plans and sale and rentback agreements raise important legal and regulatory issues This book provides a contextual analysis of the financial transactions that older people enter into using their housing equity It traces the protections afforded to older owners through the ordinary law of property and contract as well as the development of specific regulatory protections focused on targeted products The book employs the notion of risk to highlight the nature and causes of the situational vulnerabilities to which older people are now subject as consumers of housing equity showing that the older owner's personal situation is crucial in determining whether and why they may seek to release equity the options and products available to them and the impact of harms resulting from adverse transactions The book critically evaluates the extent to which this context is incorporated in the legal frameworks through which these transactions are governed as a measure of the appropriateness of existing legal provision as well as considering the arguments surrounding special protection for older owners in housing equity transactions      *Our Aging Society* Alan J. Pifer, Lydia Bronte, 1986 In sounding alarm about the population challenges we face in the next five decades the essays here written by a wide variety of experts

offer constructive proposals for meeting these challenges on both personal and public policy levels
