Frank Albert Fetter, 1927 **Economic Principles** William A. McEachern, 2011-03-25 McEachern teaches by example It is the text that uses examples and illustrations that students will recognize when they show up for class the first day because they already have at least 17 years of personal experience with economic choices institutions and events Taking a just in time approach by introducing material just as it is needed to develop an argument ECONOMIC PRINCIPLES A CONTEMPORARY INTRODUCTION 9e International Edition truly leads by example In a decidedly user friendly tone McEachern assumes that students are already intuitively familiar with many economic concepts through their own life experiences These life experiences are then explained to students as economic concepts with clear and interesting exposition relevant case studies and a clean focused design The text s major applications take the form of Case Studies that are meant to be read and therefore are integrated into the flow of each chapter With this ninth edition the book s well crafted approach is enhanced with resources such as Aplia and CourseMate that will help your students improve their understanding and help you streamline tasks and save valuable time *The Philosophy of Wealth* John Bates Clark, 1887 **Economic Principles**

Christopher Bajada, John Jackson, Ron McIver, Edgar Wilson, 2011 This is the third edition of Economic Principles a concise adaptation by Chris Bajada of the successful Microeconomics and Macroeconomics books by US authors McConnell and Brue responsible for the number one selling economics texts in the world These texts have been adapted locally by Jackson McIver and Wilson and have been selling into the Australian market for over thirty years Economic Principles 3e combines the essential micro and macro elements into one book created to cover a single semester course It is a low to mid level text

designed for the average student to be able to understand but without compromising the rigour of the text It is pedagogically very strong offering a step by step approach to learning but with all the flexibility of a set of six extension chapters allowing lecturers to teach at different levels according to their students needs Responding to market feedback this edition introduces new features as well as reworked existing features For example each chapter now has a new end of chapter worked case study Bringing it all together which contains a short case and a series of solved questions to guide students through the process of performing an economic analysis The content has been updated too incorporating coverage of the GFC sustainability and the changing role of regulation along with updates to all data and new cases on hot topics such as global warming Economic Principles offers a blended learning approach that keeps students interested and engaged in everyday economics There s plenty of hands on experience for students as they perform economic analyses on data that reflects what is happening in the world economy right now
