make your own choices The result An entirely uncommon experience and a few new stories to tell Book jacket Sacred Natural Sites Bas Verschuuren,Robert Wild,Jeffrey Mcneely,Gonzalo Oviedo,2012-06-25 Sacred Natural Sites are the world's oldest protected places This book focuses on a wide spread of both iconic and lesser known examples such as sacred groves of the Western Ghats India Sagarmatha Chomolongma Mt Everest Nepal Tibet and China the Golden Mountains of Altai Russia Holy Island of Lindisfarne UK and the sacred lakes of the Niger Delta Nigeria The book illustrates that sacred natural sites although often under threat exist within and outside formally recognised protected areas heritage sites Sacred natural sites may well be some of the last strongholds for building resilient networks of connected landscapes They also form important nodes for maintaining a dynamic socio cultural fabric in the face of global change The diverse authors bridge the gap between approaches to the conservation of cultural and biological diversity by taking into account cultural and spiritual values together with the socio economic interests of the custodian communities and other relevant stakeholders

Sustainable Tourism, Part A Disha Sharma,Hamid Abdullah,Pramendra Singh,2024-10-14 Bringing together diverse perspectives including those of destination managers policymakers tour operators local communities and travellers Sustainable Tourism fosters a collective understanding of sustainability in tourism and inspires a shared commitment towards responsible tourism practices *Tourism in Destination Communities* Shalini Singh,Dallen J. Timothy,Ross Kingston Dowling,2003 Annotation As a result of the ongoing growth in the tourism industry many destinations around the world are undergoing transformations New destinations are being discovered in regions previously ignored as people search for regions that are yet unspoiled by the ravages of mass tourism At the same time traditional destinations are experiencing rapid environmental socio cultural and economic modifications These changes have the most effect on the destination community the location where tourists spend their time and money and influence development or degradation of the local environment *Tourism in Destination Communities* describes both the positive and negative effects of tourism on the destination community The chapters are divided into three sections which address the relationship between tourism and the destination community the various impacts of tourism on the destination community and the challenges and opportunities for destination communities Each chapter contains brief case studies and empirical examples **Conservation and**

Development Andrew Newsham,Shonil Bhagwat,2015-12-22 Conservation and development share an intertwined history dating back to at least the 1700s But what are the prospects for reconciling the two and how far have we come with this project This book explores these questions through a detailed consideration of the past present and future of the relationship between conservation and development Bringing to bear conceptual resources from political ecology social ecological systems thinking and science and technology studies *Conservation and Development* sets this relationship against the background of the political and economic processes implicated in environmental degradation and poverty alike Whilst recognising that the need for reconciling conservation and development processes remains as compelling as ever it

demonstrates why trade offs are more frequently encountered in practice than synergies It also flags alternative visions for conservation and development obscured or ignored by current framings and priorities Bringing together policy and theory Conservation and Development is an essential resource for undergraduate and postgraduate students and a useful reference for researchers in related fields Each chapter contains a reading guide with discussion questions The text is enlivened by a number of new case studies from around the world A must read for anyone interested in understanding the history current state and projections for future shifts in the relationship between conservation and development **Ecotourism's Promise and Peril** Daniel T. Blumstein, Benjamin Geffroy, Diogo S. M. Samia, Eduardo Bessa, 2017-10-09 Intended as a guide for wildlife managers and ecotourism operators as well as interested ecotourists this book addresses the biological principles governing how ecotourism affects wildlife The introductory chapters focus on four key responses to human visitation behavioral physiological ecological and evolutionary Readers will discover ecotourism's effects on biodiversity in connection with various industries that are habitat or taxonomically specific fish tourism including both freshwater and marine mammal tourism the huge industry centered on terrestrial animals and the well studied industry of penguin tourism Given that the costs and benefits of ecotourism cannot be meaningfully assessed without understanding the human context particular attention is given to how ecotourism has been used as part of community development In closing the book synthesizes the current state of knowledge regarding best practices for reducing human impacts on wildlife The final chapter highlights key research questions that must be addressed to provide more evidence based guidelines and policy

Whale-watching Impacts: Science, Human Dimensions and Management Aldo S. Pacheco, Maritza Sepulveda, Peter Corkeron, 2022-02-02 **Sustainability Development through Green Economics** Sanjay Taneja, Pawan Kumar, Reepu, Balamurugan Balusamy, Kiran Sood, Simon Grima, 2024-09-04 This volume examines sustainable finance green tourism green marketing as a tributary towards sustainable development The multidisciplinary chapters traverse the power of economic as well as financial policy green investment green insurance as well as green infrastructural development to ensure sustainable development **Climate Change and the Role of Education** Walter Leal Filho, Sarah L. Hemstock, 2019-11-28 This book offers insights into the educational dimensions of climate change and promotes measures to improve education in this context It is widely believed that education can play a key role in finding global solutions to many problems related to climate change Indeed education as a process not only helps young people to better understand and address the impact of global warming but also fosters better attitudes and behaviours to aid efforts towards mitigating climate change and adapting to a changing environment But despite the central importance of education in relation to climate change there is a paucity of publications on this theme Against this background the book focuses on the educational aspects of climate change and showcases examples of research projects and other initiatives aimed at educating various audiences It also provides a platform for reflections on the role education can play in fostering awareness on a changing

climate Presenting a wide range of valuable lessons learned which can be adapted and replicated elsewhere the book appeals to educators and practitioners alike

The Wealth of Nations and Regions Shunsuke Managi,2016-11-25 There is an increasing interest in inclusive wealth and inclusive wealth can be a solution to the problematic narrowness of the traditional national accounting system which has been recognized for a long time This book offers a comprehensive guide on this subject of inclusive wealth

Forest Entomology in West Tropical Africa: Forest Insects of Ghana Michael R. Wagner,Joseph R. Cobbinah,Paul P. Bosu,2008-01-08 It is indeed an honour for me to write the foreword to the second edition of Forest Entomology in West Tropical Africa Forest Insects of Ghana Originally co thored by Professor Michael R Wagner Dr S K N Atuahene and Dr Joseph R Cobbinah the authorship now includes Dr Paul P Bosu who replaces Dr Atuahene of blessed memory may his soul rest in perfect peace In the preface to the first e tion the authors stated their motivation for writing in these words We have written this book with the practicing forester and forest entomologist in mind I am c vinced beyond any doubt that the book has been and continues to be of immense benefit to the targeted audience Over the course of the last 16 years since the publication of the maiden edition in 1991 there have been tremendous changes in the science and practice of forest entomology in West Africa Research has improved significantly and the volume of literature on the subject has also increased severalfold The biology ecology and management of major insects for which very little was known nearly two decades ago have now been studied At the same time collaboration among forest entom ogists and other scientists of West Africa improved significantly and greatly enhanced the science and practice of forest entomology in the subregion The healthy development would greatly facilitate management of pest outbreaks which invariably are not limited by national boundaries
