*Marjie - The true story of an Edwardian girl* Yvalanna Gregory, 2015-02

Born into a fairly wealthy family in Finchley North London Marjorie Rose was the seventh child in her family although by the time she was born in January 1907 two girls and a boy had already died. Her father had a good position as a rating Inspector with the local council and it would seem incredible that at the tender age of 16 he gave her half a crown 12 5p and sent her to live with her newly married brother and his wife on Canvey Island in the Thames Estuary. He told her any life she could make for herself would be better than the one she had with him and her step mother Elizabeth. So it was that she often stayed as late as she could in warm dance halls before finishing the night on a veranda or the sea wall. She became an excellent dancer and a firm favourite with local young men who would greet her with a chorus of a popular song. Marjie whenever she stepped onto the dance floor. She always wanted to write this story herself and told it to me in later years when Parkinsons Disease and arthritis deprived her of her independence. She lived through two World Wars the 30 s Slump and flooding and came through undeterred. Truth is stranger than fiction the saying states and this story certainly proves it is correct.

Biography Royal Family Queen Elizabeth and The Queen Mother      **Edwardian Ladies' Hat Fashions** Peter Kimpton, 2017-04-19

Based upon the authors large personal collection of beautiful fashion postcards from Edwardian times this book takes the reader on a journey through that era covering the hat fashions and social changes of the day. Delve further into the carnage that took place around the world in which unscrupulous and money grabbing individuals from the Northumbrian coast in England to the Everglades in America would callously slaughter whole colonies of birds leaving their young to die purely to provide the millinery trade with ornate feathers to decorate fashionable hats during that era. The book also takes the reader into the world of millinery sweatshops of poverty stricken New York and describes the conditions and deprivations under which the poorly paid workers many of them immigrants worked. You can even learn about the background history and amazing life of one of the worlds greatest fashion designers Coco Chanel as she set out on her lifetime of fashion in Edwardian Paris. With superb fashion colour plates of the day together with images of amazingly creative and colourful hat pins from both the UK and America the author shares the fruits of his 40 years of postcard collecting and the highs and lows of his search for the Hats postcards as worn by his Edwardian girlfriends from over 100
