, Analysing Buildings from Context to Detail in Time Hielkje Zijlstra, 2009 Technology provided the author of this book with the inspiration to develop a more comprehensive research method to assess buildings. Analysing Buildings from Context to Detail in Time ABCD Research Method Technology at academic level should be considered in the analysis of a building. In this book the focus is on construction engineering, the study of the requirements associated with constructing buildings. Providing information on practice is a key element in construction engineering, which is a learning process. Changes are made during the life of a building and they might be made differently if the history and technical aspects of the building were studied in greater detail. Both maintenance and changes require us to understand the building concerned. **COST C16 Improving the Quality of Existing Urban Building Envelopes** M.T. Andeweg, S. Brunoro, L.G.W. Verhoef, 2007-04-12. Based on a support by COST, an intergovernmental European framework for international cooperation between nationally funded research activities, this work, which is within the COST Transport and Urban Development Domain, looks at improving the techniques for envelopes of buildings constructed in the last half of the 20th century in COST countries. **Gids voor moderne architectuur in Nederland** Paul Groenendijk, Piet Vollaard, 1992.
