political settlements of 1920 and 1943 the establishment of Greater Lebanon and the National Pact respectively A welcome addition to existing literature on Lebanon this book will be an essential reference tool for students and researchers with an interest in nationalism identity and Middle East Politics more broadly     *The Arabs and the Holocaust* Gilbert Achcar,2010-04-13 An unprecedented and judicious examination of what the Holocaust means and doesn't mean in the Arab world one of the most explosive subjects of our time There is no more inflammatory topic than the Arabs and the Holocaust the phrase alone can occasion outrage The terrain is dense with ugly claims and counterclaims one side is charged with Holocaust denial the other with exploiting a tragedy while denying the tragedies of others In this pathbreaking book political scientist Gilbert Achcar explores these conflicting narratives and considers their role in today's Middle East dispute He analyzes the various Arab responses to Nazism from the earliest intimations of the genocide through the creation of Israel and the destruction of Palestine and up to our own time critically assessing the political and historical context for these responses Finally he challenges distortions of the historical record while making no concessions to anti-Semitism or Holocaust denial Valid criticism of the other Achcar insists must go hand in hand with criticism of oneself Drawing on previously unseen sources in multiple languages Achcar offers a unique mapping of the Arab world in the process defusing an international propaganda war that has become a major stumbling block in the path of Arab Western understanding
