## **Egypt Politics And Society 1945 1981:**

Egypt, Politics and Society, 1945-1981 Derek Hopwood,1982      **The Conscription Society** Gregory James Kasza,1995-01-01 The ability to organize millions of people for political purposes is a potent and relatively recent weapon in the struggle for power Political scientists have studied two types of mass organization the political party and the interest group In this book Gregory Kasza examines a third type which he calls the administered mass organization AMOs are mass civilian bodies created by authoritarian regimes to implement public policy Officials use them to organize youths workers women or members of other social sectors into bodies resembling the mass conscript army A network of AMOs produces a conscription society a major force in twentieth century politics in over 45 countries Using comparative history and organization theory Kasza analyzes the politics of the conscription society in both military and single party regimes He discusses the origins of AMOs in Japan the Soviet Union and Fascist Italy and their subsequent spread to China Egypt Nazi Germany Peru Poland and Yugoslavia He focuses on the use of AMOs to curb political opposition to mobilize for war and to shift control over the means of production Kasza shows how in the hands of despotic rulers AMOs have contributed to the extremes of political barbarism characteristic of the twentieth century      Egypt and the Politics of U.S. Economic Aid Marvin G. Weinbaum,2019-03-04 The massive U S economic aid program for Egypt initiated in 1975 resulted in a bilateral aid relationship shaped by the interaction of political and development goals In this study of the program s origins and consequences Professor Weinbaum describes its scope and identifies the constraints that delayed and limited program implementation The author discusses the modest U S leverage designed to encourage economic reforms and argues that far reaching reforms could only be attained through a major change in Egypt s political structure He finds that despite its failure to make Egypt more economically self reliant U S assistance has enabled the country to attain a level of consumption and development planning possible with no other alternative The profit to the United States results from the regime s moderate foreign policies and compatible views on strategic threats to the region Despite the mutual benefits of this aid program Professor Weinbaum concludes that the United States must display greater sensitivity to Egypt s political and economic problems if the special relationship is to survive through the 1980s      **A Fundamental Fear** S. Sayyid,2015-02-12 The fear and anxiety aroused by Islamism is not a myth nor is it simply a consequence of terrorism or fundamentalism Writing in 1997 before 9 11 and before the austerity that has bred a new generation of far right groups across Europe and the US S Sayyid warned of a spectre haunting Western civilization This groundbreaking book banned by the Malaysian government is both an analysis of the conditions that have made Islamic fundamentalism possible and a provocative account of the ways in which Muslim identities have come to play an increasingly political role throughout the world This is a pioneering provocative and intricately crafted study which shows the challenge of Islamism is not only geopolitical or even cultural but also epistemological      *Resolving the African Leadership Challenge* Okechukwu Ethelbert Amah,2023-01-26 Resolving the

African Leadership Challenge Insight From History examines leadership in pre colonial colonial and postcolonial modern Africa exploring the origin of Africa s leadership challenge and providing lessons to enhance leadership effectiveness

*Nasser's Peace* Michael Sharnoff,2017-05-23 Gamal Abdel Nasser was arguably one of the most influential Arab leaders in history As President of Egypt from 1956 to 1970 he could have achieved a peace agreement with Israel yet he preferred to maintain his unique leadership role by affirming pan Arab nationalism and championing the liberation of Palestine a common euphemism for the destruction of Israel In that era of Cold War politics Nasser brilliantly played Moscow Washington and the United Nations to maximize his bargaining position and sustain his rule without compromising his core beliefs of Arab unity and solidarity Surprisingly little analysis is found regarding Nasser s public and private perspectives on peace in the weeks and months immediately after the 1967 War Nasser s Peace is a close examination of how a developing country can rival world powers and how fluid the definition of peace can be Drawing on recently declassified primary sources Michael Sharnoff thoroughly inspects Nasser s post war strategy which he claims was a four tiered diplomatic and media effort consisting of his public declarations his private diplomatic consultations the Egyptian media s propaganda machine and Egyptian diplomatic efforts Sharnoff reveals that Nasser manipulated each tier masterfully providing the answers they desired to hear rather than stating the truth that he wished to maintain control of his dictatorship and of his foothold in the Arab world

**The Statesman's Year-Book Historical Companion** John Paxton,1988-09-19 The Statesman s Year Book Historical Companion is a companion to The Statesman s Year Book to celebrate 125 years of annual publication giving histories of countries provinces and states from the 19th century and also acting as a name change gazetteer **Eisenhower, Macmillan and the Problem of Nasser** N. Ashton,1996-11-08 The years 1955 59 were a vital transitional period for the Anglo American relationship in the Middle East British and American leaders sought to protect cold war and oil interests in the region against the background of a renaissance of Arab nationalism personified by the Egyptian leader Nasser With the aid of extensive declassified official documentation this study traces the British and American responses to the Turco Iraqi Pact of 1955 the Suez crisis the Syrian crisis of 1957 the outbreak of civil strife in Lebanon and the Iraqi Revolution of 1958 It shows how the differing priorities of the two powers in the region promoted a patchwork of confrontation and cooperation over Middle Eastern questions For Britain this study reveals that it was the Iraqi Revolution rather than Suez which led to a redefinition of strategy in the region and a concentration on the defence of her oil interests in the Gulf **Women and Gender in Islam** Leila Ahmed,2021 A classic pioneering account of the lives of women in Islamic history republished for a new generation This pioneering study of the social and political lives of Muslim women has shaped a whole generation of scholarship In it Leila Ahmed explores the historical roots of contemporary debates ambitiously surveying Islamic discourse on women from Arabia during the period in which Islam was founded to Iraq during the classical age to Egypt during the modern era The book is now reissued as a Veritas paperback with a new foreword by Kecia Ali situating the text in its

scholarly context and explaining its enduring influence Ahmed's book is a serious and independent minded analysis of its subject the best informed most sympathetic and reliable one that exists today Edward W Said *Destined to become a classic* It gives Muslim women back our rightful place at the center of our histories Rana Kabbani *The Guardian* *The Statesman's Year Book: 1992-93* B. Hunter, 2016-12-29 The classic reference work that provides annually updated information on the countries of the world **In Service of God and Humanity** Benaouda Bensaid, 2015-12-01 In his passionate devotion to the task of inviting others to Islam Muhammad al Ghazali 1917 1996 presented Muslims with a powerful critique of themselves not only in their endemic failure to project Islam in the best most reasoned light but also in their betrayal of the Qur'an's spiritual principles and the highest standards set by the Prophet Muhammad This work analyzes al Ghazali's critique of *da'wah* at those inviting to Islam and the practice of *da'wah* work itself the call to Islam It also examines his methodology various proposed solutions and the juristic responses to his perspective The evolution of al Ghazali's thought and the people and factors influencing him are key elements of the study It is hard to conceive where the state of discourse on *da'wah* and Islamic reform would be without al Ghazali's outstanding contributions The powerful stand he took on the importance of education the significant weight he gave to a free society his promotion of a decent standard of living for the poor the qualities of moral and personal excellence he appealed for and his compassionate impassioned role as an educator all these preserve al Ghazali's reputation both in his own lifetime and for many generations to come as one of the twentieth century's most important Muslim intellectual thinkers and reformers His legacy is founded on a lifetime of service Peacemaking in the Middle East Paul Marantz, Janice Gross Stein, 2016-07-22 This book first published in 1985 examines the whole problem of peacemaking in the Arab Israel conflict It considers the different countries involved the changing positions they have adopted over time and the range of opinion within each country It looks at the role of the superpowers and shows how their vacillations and their viewing of the conflict in simple terms as part of the global superpower rivalry have been unfortunate It examines how a typical uncommitted medium power Canada can contribute to peace in very many ways though it may not achieve a breakthrough Arab Nationalism B. Tibi, 1997-01-14 The third edition includes a new Part Five on the tensions between Arab nationalism and Islam arising from the crisis of the nation state and of the delegitimation of Pan Arab regimes The effects of the Arab defeat in the Six Day War 1967 and the rise of political Islam in the 1970s are the focus of the new part The background of the analysis of the impact and function of nationalism and its contribution to social and political change in the Third World taking the rise of nationalism in the Middle East as a historical example Professor Tibi concentrates on the period after the First World War when many Arab intellectuals became disillusioned with Britain and France as a result of the occupation of their countries One focus of this study are the writings and influence of Sati al Husri on Middle Eastern politics Professor Tibi illustrates the connection between modern Arab nationalism and nineteenth century German Romantic nationalism which will be of particular interest to the English reader Professor Tibi concludes that while

nationalism has played a necessary and important role in the movement for national independence in the Middle East it has since developed into an ideology which seems to obstruct further social and political emancipation This third edition brought completely up to date by a substantial new introduction and two new concluding chapters will be of particular interest to historians and social scientists dealing with nationalism and crises of the nation state as well as to students of the Middle East and contemporary Islam     1987-1988 John Paxton,2021-06-21 No detailed description available for 1987 1988

Paxton,2016-12-16 The classic reference work that provides annually updated information on the countries of the world

*The Weaker Voice and the Evolution of Asymmetric Alliances* Andrea Leva,2023-10-24 Military alliances are a constant feature in international politics and a better understanding of them can directly impact world affairs This book examines why alliances endure or collapse As a distinctive feature it analyses asymmetric alliances focusing on the junior allies decision to continue or terminate a military agreement It deepens our knowledge of alliance cohesion and erosion investigating the relevance of the weaker side s preferences and behavior in alliance politics The author examines the literature on alliance persistence and termination and puts forward a theoretical model that helps interpret historical and contemporary cases in a way that is useful for expert researchers and non expert readers alike     Reconstructing the Authoritarian State in Africa George Kieh, Jr.,Pita Agbese,2013-10-01 This work seeks to examine the nature and dynamics of authoritarianism in Africa and to suggest ways in which the states covered in the book can be democratically reconstituted In 1990 a wave of euphoria greeted the third wave of democratization that swept across the African Continent The repression wearied subalterns were hopeful that the third wave would have set into motion the process of democratically reconstituting the authoritarian state on the continent More than two decades thereafter although some progress has been made by and large the authoritarian state remains the dominant construct in the region Even in some of the countries in which democratic transitions have taken place the process of democratic consolidation remains an elusive quest as these states are sandwiched between authoritarianism and democracy Against this background the purpose of this book is to examine the travails of the authoritarian state in Africa

including the Herculean task to democratically reconstruct it In order to do this six of Africa's perennial authoritarian states Cameroon the Democratic Republic of the Congo Egypt Liberia Rwanda and Uganda are used as the case studies The book has two major objectives First the various chapters probe the nature and dynamics of authoritarianism in Africa Second the chapters suggest ways in which the various authoritarian states covered in the book can be democratically reconstituted

**Jordan's Inter-Arab Relations** Laurie Brand, 1995-01-05 Lisa Anderson Columbia University      **Conflict and War in the Middle East** Bassam Tibi, 1998-09-28 Few studies of Middle East wars go beyond a narrative of events and most tend to impose on this subject the rigid scheme of superpower competition The Gulf War of 1991 however challenges this view of the Middle East as an extension of the global conflict The failure of the accord of both superpowers to avoid war even once regional superpower competition in the Middle East had ceased must give rise to the question Do regional conflicts have their own dynamic Working from this assumption the book examines local regional constraints of Middle East conflict and how through escalation and the involvement of extra regional powers such conflicts acquire an international dimension The theory of a regional subsystem is employed as a framework for conceptualising this interplay between regional and international factors in Tibi's examination of the Middle East wars in the period 1967-91 Tibi also provides an outlook into the future of conflict in the Middle East in the aftermath of the most recent Gulf War
