Economic Development In Chinese Societies Models And Experiences:

Economic Development in Chinese Societies Y. C. Jao, Victor Mok, Lok-sang Ho, 1989-01-01 **Hong Kong's History**
Tak-Wing Ngo, 2002-09-11 Rewriting Hong Kong's history from the bottom up the chapters investigate vital but hitherto obscured aspects of the colony's rise They cover the Chinese collaboration with the colonial regime legal discrimination and intimidation rural politics social movements government business relations industrial policy flexible manufacturing and colonial historiography Drawing together contributions from historians sociologists and political scientists the book highlights the role played by a variety of social actors in Hong Kong's history and differs both from recent celebrations of British colonialism and anti colonial Chinese nationalism *Hong Kong's Tortuous Democratization* Ming Sing, 2004-08-02
This book raises interesting questions about the process of democratization in Hong Kong It asks why democracy has been so long delayed when Hong Kong's level of socio economic development has become so high It relates democratization in Hong Kong to wider studies of the democratization process elsewhere and it supplements the received wisdom that democracy was delayed because of colonial rule and by the opposition of China with new thinking for example that its quasi bureaucratic authoritarian political structure vested power in bureaucrats who refused to have top down democratization a politically weak civil society and a non participant political culture that crippled bottom up democratization plus the division between pro democratic civil society and political society **How the Chinese Economy Works** Rongxing Guo, 2016-02-03
An authoritative analysis of the result of China's economic transformation The book is important in focusing on regional comparisons and differences within China The author analyzes the uneven distribution of natural and human resources and probes into the evolution of economic systems and policies from which differing regional economic performances have resulted A multiregional comparison of the Chinese economy is conducted in terms of macroeconomic index real living standard and regional inequality The author studies the possibilities and conditions for Chinese economic optimisations Lastly the author provides statistical information and economic analyses of the greater China area **Goh Keng Swee**
Emrys Chew, Chong Guan Kwa, 2012 Dr Goh Keng Swee's extensive career as a public servant was dynamic as well as distinguished in many ways decisively instrumental in the making of the Republic of Singapore This distinctive collection of essays attempts an assessment of the long term influence and significance of Dr Goh's major contributions Commissioned as a companion volume to *Goh Keng Swee A Public Career Remembered* this volume brings together an exceptional team of Singaporean scholars whose interdisciplinary expertise and cross generational perspectives offer a balanced analysis and nuanced appraisal of Dr Goh's lifetime of public service The book's contributors argue that Dr Goh's past endeavours bequeathed an enduring legacy meriting fresh examination and careful evaluation in order to appreciate the heroic scale of such achievement Particularly instructive are the examples of Dr Goh's thinking patriotism fiscal prudence strategic pragmatism and creative imagination at work technocracy at its finest which could be of immediate practical benefit to a

wider nation of technocrats Further illumination comes from the insights of those contributors who had worked with the former Deputy Prime Minister and knew him personally For a half century that witnessed key turning points and phases of development in Singapore's transformation from colonial port city to independent global city Dr Goh played a leading role in the crafting and conduct of public policy as with the creation of public institutions which made the difference between survival and success Goh Keng Swee A Legacy of Public Service will be read by present and future generations of public servants by Singaporeans in general and by all students and laypersons with an interest in the modern history of Singapore social economic political military and cultural to which a characteristically simple and frugal Dr Goh contributed both decisively and unreservedly The organization of this volume reflects both a thematic approach and a chronological arrangement of material the focus and the order of chapters corresponding to the historical sequence of public offices that Dr Goh held social welfare political and constitutional evolution development economics and finance the armed forces and defence industry the education system from schools through higher education to the research institutes Chinese studies from Confucianism to China watching and cultural development with special emphasis on the creation of the Singapore Symphony Orchestra

Trade, Industrial Restructuring and Development in Hong Kong Ho Yin-Ping, 2016-07-27 Focusing on trade in manufactures industrial restructuring and economic development and enforced by a rich source of data this book offers an in depth examination of the evolution and characteristics of Hong Kong's postwar economy The book presents an historical and comparative perspective and analyses the symbiotic connection with South China in the light of China's open door policy since late 1970s as well providing a thoughtful assessment of its current turning point

How the Chinese Economy Works R. Guo, 2009-10-22 This is a revised and updated version of the celebrated Best Book on Chinese Economy It sets out to analyze and compare the operational mechanisms of the Chinese

economy between the pre and post reform periods and through national regional and local dimensions *Modern State Intervention in the Era of Globalisation* Nikolaos Karagiannis, Zagros Madjd-Sadjadi, 2007-06-26 Modern State Intervention in the Era of Globalisation is a thoughtful and well researched assessment of the evolving role of the state in the contemporary world economy This work is provocative because it goes against the predominant arguments in favor of a minimal state as commonly asserted by neoclassical economics Instead Karagiannis and Madjd Sadjadi think outside of the box and produce both theoretical arguments and evidence from important cases such as the EU Singapore and Hong Kong to support the idea of a viable and continuing role for the Developmental State The scholarship underlying this very readable book which includes contemporary material as well as ancient economic thought is truly impressive Readers will be left with much to reconsider about the benefits of globalisation Patrick James University of Southern California US
