Economic Mind In American Civilization 1606 1933:

The Economic Mind in American Civilization, 1606-1933 Joseph Dorfman, 1946 **The Economic Mind in American Civilization, 1606-1865. (1865-1918; 1918-1933).** Joseph Dorfman, 1947 The Economic Mind in American Civilization: 1606-1865 Joseph Dorfman, 1946 Bibliographic notes at end of each volume v 1 2 1606 1865 v 3 1865 1918 v 4 5 1918 1933 The Economic Mind in American Civilization: 1606-1865 Joseph Dorfman, 1946 Bibliographic notes at end of each volume v 1 2 1606 1865 v 3 1865 1918 v 4 5 1918 1933 **The Economy of British America, 1607-1789** John J. McCusker, Russell R. Menard, 2014-01-01 By the American Revolution the farmers and city dwellers of British America had achieved individually and collectively considerable prosperity The nature and extent of that success are still unfolding In this first comprehensive assessment of where research on prerevolutionary economy stands what it seeks to achieve and how it might best proceed the authors discuss those areas in which traditional work remains to be done and address new possibilities for a new economic history Economic Development in the Americas Since 1500 Stanley L. Engerman, Kenneth L. Sokoloff, 2012 Examines differences in the rates of economic growth in Latin America and mainland North America since the seventeenth century **American Studies** Jack Salzman, 1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of American Studies An Annotated Bibliography of Works on the Civilization of the United States published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00 *The Otis Family in Provincial and Revolutionary Massachusetts* John J. Waters Jr., 2015-06-01 The Otis family was largely responsible for committing Barnstable to the revolutionary cause a move that irrevocably undermined the placid homogenous nature of their society As he discusses the reactions of the Otises and their community to this crisis Waters illuminates the causes of the Revolution itself Originally published in 1968 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *The Crisis of Democratic Theory* Edward A. Purcell Jr., 2014-04-23 Widely acclaimed for its originality and penetration this award winning study of American thought in the twentieth century examines the ways in which the spread of pragmatism and scientific naturalism affected developments in philosophy social science and law and traces the effects of these developments on traditional assumptions of

democratic theory Review of Austrian Economics, Volume 2 Rothbard,1990 **Immigrant Life in New York City, 1825-1863** Robert Ernst,1994-10-01 This is a historical study of acculturation in New York City It documents the Americanization of foreign enclaves within the city showing the effects produced by church school foreign language press and libraries the methods by which the Democratic Party enlisted the immigrant vote **The Emergence of a National Economy, 1775-1815** Curtis P. Nettels,2017-07-28 Part of a series of detailed reference manuals on American economic history this volume traces the development of agriculture transportation labour movements and the factory system foreign and domestic commerce technology and the ramifications of slavery **America's Maritime Legacy** Robert A. Kilmarx,2019-03-04 This book presents a comprehensive historical analysis of merchant shipping on the high seas and associated shipbuilding under sovereign U S jurisdiction from precolonial times to the present It identifies U S policy developments that have affected the merchant marine and shipbuilding industries Beyond the Revolution William H Goetzmann,2009-02-24 From 1776 when Citizen Tom Paine declared The birthday of a new world is at hand America was unique in world history A nation suffused with the spirit of explorers constantly replenished by immigrants and informed by a continual influx of foreign ideas it was the world s first truly cosmopolitan civilization In Beyond the Revolution Pulitzer Prize winning historian William H Goetzmann tells the story of America s greatest thinkers and creators from Paine and Jefferson to Melville and William James showing how they built upon and battled one another s ideas in the critical years between 1776 and 1900 An unprecedented work of intellectual history by a master historian this book will be essential reading for anyone interested in the origins of our national culture **From Dependency to Independence** Margaret Ellen Newell,2015-10-26 In a sweeping synthesis of a crucial period of American history From Dependency to Independence starts with the problem of New England s economic development As a struggling outpost of a powerful commercial empire colonial New England grappled with problems familiar to modern developing societies a lack of capital and managerial skills a nonexistent infrastructure and a domestic economy that failed to meet the inhabitants needs or to generate exports Yet less than a century and a half later New England staged the war for political independence and the industrial revolution How and why did this transformation occur Marshaling an enormous array of research data Margaret Ellen Newell demonstrates that colonial New England s economic development and its leadership role in these two American revolutions were interrelated

Seedtime of Reform Clarke A. Chambers,1963-01-01 Seedtime of Reform was first published in 1963 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions This is a detailed history of the social welfare movement in the United States during the period from the end of World War I to the inauguration of President Franklin D Roosevelt an era which most historians characterize as one of normalcy and reaction In his book Professor Chambers demonstrates that this was actually a seedtime of reform a period when the groundwork was laid for many of the sweeping social changes which were to take

place under the New Deal While it is true as the author points out that the years from 1918 to 1933 were not hospitable to the cause of reform it was during these years that reform leaders and welfare workers and the associations and agencies they directed elaborated new theories and programs of action to alleviate prevent and overcome certain persisting social ills Although little was constructively achieved until new political leadership operating in the context of acute and prolonged economic crisis acted in the 1930s much of what we identify as the New Deal was rooted not only in prewar progressivism but in the research agitation and welfare services of the 1920s as well Reformers and welfare workers made especially significant contributions in the areas of housing social security public works federal responsibility for dependent groups in society and working conditions

America's Economic Moralists Donald E. Frey, 2009-02-06 Since colonial times two discernable schools have debated major issues of economic morality in America The central norm of one morality is the freedom or autonomy of the individual and defines virtues vices obligations and rights by how they contribute to that freedom The other morality is relational and defines economic ethics in terms of behaviors mandated by human connectedness America s Economic Moralists shows how each morality has been composed of an ethical outlook paired with a compatible economic theory each supporting the other Donald E Frey adopts a multidisciplinary approach not only drawing upon historical economic thought American religious thought and ethics but also finding threads of economic morality in novels government policies and popular writings He uses the history of these two supported yet very different views to explain the culture of excess that permeates the morality of today s economic landscape
