The Rich in Public Opinion Rainer Zitelmann,2020-03-31 What do people in the United States and Europe think about the rich There are several thousand books and articles on stereotypes and prejudices directed at countless different social groups In contrast there has only been sporadic research into stereotypes about the rich and no published comprehensive scientific study on the topic until now Negative prejudices and stereotypes have repeatedly been used to justify the exclusion expulsion persecution and murder of minorities who have been scapegoated at times of social crises The 20th century is full of examples of wealthy people including capitalists kulaks and other groups who were victims of deadly persecution These were exceptional situations but even in moderate forms prejudice against social groups harms society as a whole not just the rich through economic or physical destruction and declining prosperity In The Rich in

Public Opinion What We Think When We Think about Wealth historian and sociologist Rainer Zitelmann examines attitudes about wealth and the wealthy in four industrialized Western countries Germany the United States France and Great Britain Consisting of three parts this book first surveys the literature about stereotypes and prejudices Zitelmann then reports on never before seen data commissioned by the polling firm Ipsos MORI and from the Allensbach Institute which conducted identical surveys of residents of the four countries regarding various aspects of their attitudes toward wealth Lastly *The Rich in Public Opinion* looks at the portrayal of the rich in media and film People often admire the wealthy but Zitelmann shows that people can also envy them a sometimes toxic envy that can put lives at risk This book aims to examine how we think about a minority that while undeniably powerful can still be the subject of scapegoating often with dire effects for us all

Striving to Save Margaret Sherrard Sherraden, Amanda Moore McBride, 2010-05-25 *Striving to Save* will inform and inspire social policy with its breakthrough approach in understanding how low income families make ends meet while striving to make a better life for themselves and their families Scholarly work in savings debt household finance and behavior economics will benefit from this pioneering study that provides real life context for some of the most important issues of our day Tom Shapiro Brandeis University The central contribution of the book is to use original qualitative research to provide readers with a nuanced understanding of the financial difficulties facing low income households their financial decision making processes and their paths to saving and building assets over time The book provides an essential corrective to the unidimensional view of poor households as unable and unwilling to save Michael Barr University of Michigan In *Striving to Save* Margaret Sherrard Sherraden and Amanda Moore McBride examine savings in eighty four working families with low incomes including fifty nine families who participated in a groundbreaking program of matched savings and financial education In depth interviews with these families along with savings and survey data shed light on saving in low income households The book concludes with recommended public policy approaches for increasing savings in households that are striving to save Margaret Sherrard Sherraden is Professor of Social Work at the University of Missouri St Louis Amanda Moore McBride is Assistant Professor of Social Work at Washington University St Louis [Reader's Guide to the Social Sciences](#) Jonathan Michie, 2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense *PISA 2012 Results: Students and Money (Volume VI) Financial Literacy Skills for the 21st Century* OECD, 2014-07-09 This sixth volume of PISA 2012 results examines 15 year old students performance in financial literacy in the 18 countries and economies that participated in this optional assessment *Consumer Behavior* Senay Sabah, 2017-11-21 No time in the history consumption is considered to be as important as in today s world It defines who we are how well perfect we perform our multiroles within

the society buying the most expensive clothes means being the best mom for instances what symbolic meanings we attribute to our belongings and how rich clever fashion conscious or innovative we are Due to multidisciplinary and multimethod character of the concept of consumer behavior it is appropriate to study it accordingly in order to understand the subject with its different aspects and holistically Especially with the cultural social and technological changes within today s world this issue becomes prominent This book is a modest try for that end

The Cambridge Handbook of Sociocultural Psychology Alberto Rosa, Jaan Valsiner, 2018-07-12 Sociocultural psychology is a discipline located at the crossroads between the natural and social sciences and the humanities This international overview of the field provides an antireductionist and comprehensive account of how experience and behaviour arise from human action with cultural materials in social practices The outcome is a vision of the dynamics of sociocultural and personal life in which time and developmental constructive transformations are crucial This second edition provides expanded coverage of how particular cultural artefacts and social practices shape experience and behaviour in the realms of art and aesthetics economics history religion and politics Special attention is also paid to the development of identity the self and personhood throughout the lifespan while retaining the emphasis on experience and development as key features of sociocultural psychology
