Caribbean Migration Elizabeth M. Thomas-Hope, 2002 Annotation Originally published in 1992 this classic considers out migration from the Caribbean in a unique and sophisticated analytical manner Its comparative approach involving three islands Jamaica Barbados and St Vincent and the range of micro environments within those islands is based on data from extensive surveys and in depth interviews For the first time analysis of the migration process reflects the perspective of Caribbean potential migrants themselves BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Bibliographies and Literature of Agriculture** ,1978 **Urban Change in the United States and**

Western Europe Anita A. Summers, P. C. Cheshire, Lanfranco Senn, 1999 In this completely revised second edition the authors explore what can be learned from a rigorous comparison of the patterns of urban concentrations of residents and employment in Western Europe and the United States Using a wide range of methodological techniques including economic theory econometrics regional science and institutional historical analysis the essays analyze the factors underlying urban economic development with particular emphasis on the role and effectiveness of public policy **Population Studies: Key Issues and Contemporary Trends in Ghana** Badasu, Delali Margaret, Kwankye, Stephen Owusu, 2014-09-01 The scope of Population Studies as a discipline has expanded beyond its traditional focus on the three components of population and their dynamics fertility mortality and migration It encompasses broader themes including reproductive health and rights gender and other social and cultural dimensions of population dynamics human development and health and climate change Population is central to development and its integration into the development planning of every country is critical This volume of the University of Ghana Readers by the Regional Institute for Population Studies RIPS provides multi disciplinary perspectives on the multi faceted nature of population studies today The volume is an essential resource on contemporary issues on population studies and offers a unique opportunity for students of population studies and others who are interested in the study of human populations to enhance their understanding of the ramifications of population dynamics on development It also has rich material on demographic research methods and provides tools for building the research capacity of academics and technocrats who are interested in population driven interventions advocacy and policy **Migrants and Welfare States** Larsen, Christian A., 2022-10-07 This is an open access title available under the terms of a CC BY NC ND 4.0 License It is free to read download and share on Elgaronline.com This timely book explores how Northern European countries have sought to balance their welfare states with increased levels of migration from low income countries outside the EU Using case studies of the Netherlands Germany Denmark and Sweden leading scholars analyse the varying approaches to this so called progressive dilemma The Cambridge Survey of World Migration Robin Cohen, 1995-11-02 This extensive survey of migration in the modern world begins in the sixteenth century with the establishment of European colonies overseas and covers the history of migration to the late twentieth century when global communications and

transport systems stimulated immense and complex flows of labour migrants and skilled professionals In ninety five contributions leading scholars from twenty seven different countries consider a wide variety of issues including migration patterns the flights of refugees and illegal migration Each entry is a substantive essay supported by up to date bibliographies tables plates maps and figures As the most wide ranging coverage of migration in a single volume The Cambridge Survey of World Migration will be an indispensable reference tool for scholars and students in the field

Studies in Social Progress in the Gospel of the Kingdom ,1912 **Cameroonian Immigrants in the United States** Joseph

Takougang,2014-03-06 Although Cameroon s image as a stable nation with a strong economy may have mitigated against any large scale migration by Cameroonians following independence the economic collapse beginning in the mid 1980s and the coerced implementation of democratic reforms in the early 1990s exposed fault lines in the nation s economic and political institutions As a result thousands of Cameroonians have left the country in search of a better life abroad While Europe remains the favorite destination for many of these migrants a significant number have also come to the United States Cameroonian Immigrants in the United States examines the increase in the population of Cameroonians in the United States in the last two decades the difficulties that many of them must endure in order to come to America and the challenges they face adapting to their new environment Despite the problems they face these new immigrants are creating a home in America At the same time however they remain connected to their country of birth through remittances to friends and family members and other forms of investments and development projects in their communities

Immigration and Welfare State Retrenchment Dennis C. Spies,2018-03-21 Is large scale immigration to Europe incompatible with the continent s generous and encompassing welfare states Are Europeans willing to share welfare benefits with ethnically different and often less well off immigrants Or do they regard the newcomers as undeserving and their claim for welfare rights as unjustified These questions are at the heart of what has to become known as the New Progressive Dilemma debate and the predominant answers given to them are rather pessimistic Pointing to the experiences of the US where a multi racial society in combination with a longstanding history of immigration encounters very limited welfare provision many Europeans fear that the continent s new immigrant based heterogeneity may push it toward more American levels of redistribution But are the conflictual US experiences really resembled in the European context Immigration and Welfare State Retrenchment addresses this question by connecting the New Progressive Dilemma debate with comparative welfare state and party research in order to analyse the role ethnic diversity plays for welfare reforms in the US and Europe Whereas the combination of racial patterns and party politics had and still has serious consequences for the US welfare system the general message of the book is that these are not resembled in the Western European context While many Europeans are very critical of immigration and willing to ban immigrants from welfare benefits both the institutional design of European welfare programs and the economically divided anti immigrant movement prevent immigration concerns from translating into actual retrenchment in

the core areas of welfare **Labour Immigration in Southern Europe** Cristobal Mendoza, 2018-05-08 This title was first published in 2003 Research on migration into southern Europe has paid little consideration to the ways of incorporating immigrants into labour markets and the impact these foreign born workers have on local labour markets Neither has much attention been given to the character of labour markets that enables these workers to find a job This book fills that gap by exploring case studies of African employment in Spain and Portugal Using cross border perspectives this book provides in depth analysis of common trends across borders such as immigrant employment in manual low skilled jobs uneven immigrant involvement in labour markets and the impact of national characteristics economies and political environments The result is a study which should be useful for migration specialists economic geographers and labour market analysts alike **Language Learning of Adult Migrants in Europe** Glenn S. Levine, David Mallows, 2022-04-01 This volume focuses on the learning of host country languages by migrants in Europe It identifies clarifies and offers insights into issues and central questions related to the learning of host country languages with an emphasis on adolescent and adult language learners in formal and informal settings The book draws on data collected following the refugee crisis in Europe of 2015 16 which led to dramatic increases in the number of migrants arriving in Europe **Immigrant Integration in Europe** Angela Paparusso, 2021-08-08 This topical book sheds light on immigrants subjective well being by analysing the main factors associated with self reported life satisfaction among immigrants and natives It thereby draws upon subjective components of well being which are now receiving growing attention in well being research It also fills in a gap in migration research which has not yet focused on the study of immigrants well being Starting from a broader focus on Europe the book then looks more closely at Italy This is a key country in the immigration policy field in Europe but where the study of immigrants integration from a subjective perspective has been rarely addressed so far The book provides suggestions for constructing and implementing immigration and integration policies by not only taking into account the needs of the host societies but also the experiences opinions requirements and expectations of immigrants This book is very useful for academic and policy researchers working on immigrant integration issues **Status Influences in Third World Labor Markets** James G. Scoville, 1991 *The Migrants Table* Krishnendu Ray, 2004-09 To most of us the food that we associate with home our national and familial homes is an essential part of our cultural heritage No matter how open we become to other cuisines we regard home cooking as an intrinsic part of who we are In this book Krishnendu Ray examines the changing food habits of Bengali immigrants to the United States as they deal with the tension between their nostalgia for home and their desire to escape from its confinements As Ray says This is a story about rice and water and the violations of geography by history Focusing on mundane matters of immigrant life for example what to eat for breakfast in America he connects food choices to issues of globalization and modernization By showing how Bengali immigrants decide what defines their ethnic cuisine and differentiates it from American food he reminds us that such boundaries are uncertain for all newcomers By drawing on

literary sources family menus and recipes for traditional dishes interviews with Bengali household members and his own experience as an immigrant Ray presents a vivid picture of immigrants grappling with the grave and immediate problem of defining themselves in their home away from home

Migration in a Mature Economy Dudley Baines,2002 By examining the origins of emigrants from Britain Mr Baines challenges notions of emigration as a flight from poverty

The Influence of Small States on Superpowers Richard L. Bernal,2015-07-22 The conventional wisdom is that small developing countries exert limited if any influence on the foreign policy of superpowers in particular the United States This book challenges that premise based on the experience of the small developing country of Jamaica and its relations with the United States It raises the question if the foreign policy of the United States can be influenced by even a small developing country should Washington be worried

From Migrants to Refugees Jill Rosenthal,2023-10-06 In From Migrants to Refugees Jill Rosenthal tells the history of how Rwandan migrants in a Tanzanian border district became considered either citizens or refugees as nation state boundaries solidified in the wake of decolonization Outlining the process by which people who have long lived and circulated across the Rwanda Tanzania border came to have a national identity Rosenthal reveals humanitarian aid s central role in the ideological processes of decolonization and nation building From precolonial histories to the first Rwandan refugee camps during decolonization in the 1960s to the massive refugee camps in the 1990s Rosenthal highlights the way that this area became a testing ground for novel forms of transnational aid to refugees that had global implications As local and national actors refugees and international officials all attempted to control the lives and futures of refugee groups they contested the authority of the nation state and the international refugee regime This history Rosenthal demonstrates illuminates how tensions between state and international actors divided people who share a common history culture and language across national borders

Global Migration beyond Limits Franklin Obeng-Odoom,2021-12-09 Global Migration beyond Limits takes a critical approach to mainstream economic accounts of migration environment and inequality Drawing on a range of case studies from Africa the Middle East Asia Australia Europe and the Americas Obeng Odoom argues that much of the crisis of migration can be understood as a reflection of cumulative stratification at different scales in the global system though the form of migration is conditioned by more than economic forces Examining the experiences of migrant farmers street workers refugees international students and many more this book shows that the so called migration crisis is an expression of a political economic system in which socially created value is privately appropriated as rents by a privileged few who use institutions such as land and property rights race ethnicity class and gender to keep others in their place

Border Jumping and Migration Control in Southern Africa Francis Musoni,2020-04-07 With the end of apartheid rule in South Africa and the ongoing economic crisis in Zimbabwe the border between these Southern African countries has become one of the busiest inland ports of entry in the world As border crossers wait for clearance crime violence and illegal entries have become rampant Francis Musoni observes that border

jumping has become a way of life for many of those who live on both sides of the Limpopo River and he explores the reasons for this including searches for better paying jobs and access to food and clothing at affordable prices Musoni sets these actions into a framework of illegality He considers how countries have failed to secure their borders why passports are denied to travelers and how border jumping has become a phenomenon with a long history especially in Africa Musoni emphasizes cross border travelers active participation in the making of this history and how clandestine mobility has presented opportunity and creative possibilities for those who are willing to take the risk

The International Handbook of the Demography of Race and Ethnicity Rogelio Sáenz, David G. Embrick, Néstor P. Rodríguez, 2015-06-03 Examining key countries in every region of world this handbook presents population profiles and analyses concerning racial ethnic disparities and changing intergroup relations Inside prominent scholars from various parts of the world and disciplines address the links between stratification demography and conflict across the globe Organized by region continent coverage for each profiled country includes demographic information a historical overview that addresses past racial ethnic conflict identification of the most salient demographic trends and issues that the country faces theoretical issues related to the linkages between stratification demography and conflict methodological issues including quality of data and cutting edge methods to better understand the issue at hand and details on the possible future of the existing trends and issues with particular emphasis on public policy and human rights This handbook will help readers to better understand the commonalities and differences that exist globally in the interplay between stratification demography and conflict In addition it also provides an excellent inventory of theoretical perspectives and methodological approaches that are needed to better comprehend this issue This handbook will appeal to students researchers and policy analysts in the areas of race and ethnic relations demography inequality international sociology international relations foreign studies social geography and social development
