Economics Of Afforestation A Case Study In Africa:

The Economics of Afforestation Dennis Anderson, 1987 In large areas of developing countries the loss of trees is causing erosion and degradation of the soil posing severe problems for economic development By translating the ecological benefits of afforestation into economic terms the author demonstrates how investments that benefit the environment often benefit the economy as well Both the traditional work of the forestry services and tree plantings by farmers are needed says the author if deforestation is to be halted and reversed With special reference to Africa he discusses the underlying reasons for deforestation suggests policy changes to promote the planting and care of trees and identifies issues for social and scientific research A case study of the arid zone of northern Nigeria illustrates the benefits that could be brought about by establishing windbreaks and encouraging farmers to plant trees Besides preventing soil erosion improving soil fertility and thus increasing crop production trees provide fruit livestock fodder and much needed fuelwood and building materials The author compares the increase in farm incomes as a result of an afforestation program with the decrease in incomes if deforestation and soil erosion were to continue The analysis will be of special interest to those concerned with agriculture forestry rural development and environmental issues in developing countries The IUCN Sahel Studies 1989 International Union for Conservation of Nature and Natural Resources, 1989

Environment and Development: An Economic Approach Jan Bojö, Karl-Göran Mäler, Lena Unemo, 2012-12-06 This book is a thoroughly revised text based on a report commissioned by the Swedish International Development Authority SIDA The financial grant from SIDA which made the work possible is hereby gratefully acknowledged We gratefully accepted the offer from Kluwer Academic Publishers to revise the text Hopefully the text can be of interest to decision makers development programme personnel teachers and the general public interested in how economics can contribute to better environmental decision making There are already many books on the market about environmental economics some of them very good What is special about this one We do not claim to have obtained new results but we have our own way of presenting the subject matter In particular we are of the opinion that policy failures are often overlooked as an obstacle to efficient environmental management Although the main emphasis in this book is on project level analysis it is essential that such analyses be linked to an understanding of the disincentives for environmental improvements that general economic and particular environmental policies provide Another essential feature of the book although this is not unique is the links provided between theory and empirical illustrations We hope that this will illustrate to our readers the practical usefulness but also the difficulties of applying economics to environmental problems In principle this book can be read by anyone interested in the subject matter without any formal education in economics However some background in microeconomic theory makes the reading easier The Economics of Ecosystems and Biodiversity: Ecological and Economic Foundations Pushpam Kumar, 2012-12-20 Human well being relies critically on ecosystem services provided by nature Examples include water and air quality regulation nutrient cycling and decomposition

plant pollination and flood control all of which are dependent on biodiversity They are predominantly public goods with limited or no markets and do not command any price in the conventional economic system so their loss is often not detected and continues unaddressed and unabated This in turn not only impacts human well being but also seriously undermines the sustainability of the economic system It is against this background that TEEB The Economics of Ecosystems and Biodiversity project was set up in 2007 and led by the United Nations Environment Programme to provide a comprehensive global assessment of economic aspects of these issues This book written by a team of international experts represents the scientific state of the art providing a comprehensive assessment of the fundamental ecological and economic principles of measuring and valuing ecosystem services and biodiversity and showing how these can be mainstreamed into public policies This volume and subsequent TEEB outputs will provide the authoritative knowledge and guidance to drive forward the biodiversity conservation agenda for the next decade

Economics of Deforestation Sven Wunder,2000-07-19 Tropical forests are disappearing at an unaltered pace giving way to alternative land uses This book gives an economic perspective on deforestation Following a survey of different deforestation definitions theories and empirical evidence a case study of Ecuador provides a versatile historical picture of factors affecting forest loss throughout different periods regions and ecosystems It is shown that policy and market failures alone cannot explain rapid deforestation decision makers follow a composite economic rationale in their continuous clearing of forests which can only be counteracted by concerted action

Introduction to Development Economics Subrata Ghatak,1995 Analyzes the major economic issues confronting less developed countries Economic Valuation and the Natural World David William Pearce,1992 Economic valuation can help improve decisions about protecting the environment By inputting values to unpriced goods it can make public choices more cost efficient and thus allow limited public income to be optimally spent Producing Nature and Poverty in Africa Vigdis Broch-Due,Richard A. Schroeder,2000 Drawing on case studies from eight different countries the contributors to this provocative collection of essays demonstrate quite clearly that environmental programmes often have direct and far reaching consequences for the distribution of wealth and poverty and that they constitute one of the major forms of foreign and state intervention in contemporary African affairs

Economics of Dryland Management John A. Dixon,David E. James,Paul B. Sherman,2013-11-05 We have always had land in which the agricultural productivity is limited because there is not enough moisture Systems of farming and burning often degrade dryland further until it is desert Today however the problem is becoming much more serious Over 20 per cent of the world s population lives in dryland areas and unless action is taken drylands will increase dramatically This book focuses on the people who live and farm in the drylands their use of land resources and the economic returns from their decisions In a clear and thorough economic appraisal the authors show how it is still possible to arrest the problem Originally published in 1989

Development Mohan Munasinghe,1993-01-01 The Discount Rate

Environmental Economics and Sustainable

The Hadejia-Nguru Wetlands G. E. Hollis,William Mark

Adams,1993 **Environmental Valuation** Jennifer Rietbergen-McCracken,Hussein Abaza,2013-10-11 This companion volume to Economic Instruments for Environmental Management presents essential information on the applications of economic valuation to environment and development It draws on a three year collaborative effort by research institutions around the world Authoritative studies review the range of valuation methods used in developing economies their purposes the problems encountered and the quality of the results Topics covered include the value of wildlife viewing the conservation of rainforests mangroves and coral reefs supplying rural water and controlling urban air pollution The analysis reveals important methodological and contextual factors highlighting key lessons and ways of strengthening future valuations Written to be accessible to non economists the book provides source material for students and academics and for policy makers and professionals using valuation methods to frame policy Handbook of Development Economics Dani Rodrick,M.R. Rosenzweig,2009-11-09 What guidance does academic research really provide to economic policy development The critical and analytical surveys in this volume investigate links between policies and outcomes by surveying work from broad macroeconomic policies to interventions in microfinance Asserting that there are no universal correspondences between policies and outcomes contributors demonstrate instead that only an intense familiarity with the development context and the universe of applicable economic models can generate successful policies Getting cause and effect right is essential for policy design and implementation With the goal of drawing researchers and policy makers closer this volume highlights our increasing understanding of ways to combine economic theorizing with careful thoughtful empirical work Presents an accurate self contained survey of the current state of the field Summarizes the most recent discussions and elucidates new developments Although original material is also included the main aim is the provision of comprehensive and accessible surveys **Agroforestry and Biodiversity Conservation in Tropical Landscapes** Götz Schroth,Gustavo A. B. da Fonseca,Celia A. Harvey,Claude Gascon,Heraldo L. Vasconcelos,Anne-Marie N. Izac,2013-03-22 Agroforestry the practice of integrating trees and other large woody perennials on farms and throughout the agricultural landscape is increasingly recognized as a useful and promising strategy that diversifies production for greater social economic and environmental benefits Agroforestry and Biodiversity Conservation in Tropical Landscapes brings together 46 scientists and practitioners from 13 countries with decades of field experience in tropical regions to explore how agroforestry practices can help promote biodiversity conservation in human dominated landscapes to synthesize the current state of knowledge in the field and to identify areas where further research is needed Agroforestry and Biodiversity Conservation in Tropical Landscapes is the first comprehensive synthesis of the role of agroforestry systems in conserving biodiversity in tropical landscapes and contains in depth review chapters of most agroforestry systems with examples from many different countries It is a valuable source of information for scientists researchers professors and students in the fields of conservation biology resource management tropical ecology rural development agroforestry and agroecology *Deforestation* Ellen Kay Miller,1993

An Inquiry Into Well-being and Destitution Partha Dasgupta, 1995 An interdisciplinary book by one of the most respected scholars in what is broadly development economics but encompasses the most recent insights from philosophical research and empirical work on resource allocation nutrition science and anthropology It has been widely recognized as a seminal work presenting a wide ranging description of the causes and remedies of poverty and undernourishment and addressing the current debate over methods of estimating their incidence *The Earthscan Reader in Environmental Economics* Anil Markandya, 2017-10-03 Environmental economics may hold the key to the successful management of the world's accelerating environmental problems from transport and pollution to the wholesale degradation of much of the Third World climate change and loss of the ozone layer Increasingly a range of professionals and policy makers as well as environmentalists and the economists themselves are turning to it to show how to arrive at decisions on these complicated and vital issues This reader brings together the most important contributions to the subject Sections of it cover the theoretical issues the different ways of valuing the environment economic instruments of environmental policy environment and development and global environmental problems An extensive introduction by the editors maps out the area and the development of the arguments within it As a whole the volume makes an indispensable sourcebook for those in any way involved with these questions Anil Markandya is one of the authors of *Blueprint for a Green Economy* and *Blueprint 2 Greening the Global Economy* Macroeconomics and the Environment Mr. Ved P. Gandhi, 1996-06-14 Microeconomic policies dealing with individual industries and economic sectors have traditionally addressed environmental concerns but increasingly the environment is being viewed in terms of the macro economy To improve its understanding of the interrelationship between macroeconomics and the environment the IMF held a seminar in May 1995 at which recognized experts from academic and research institutions nongovernmental organizations and staff from the World Bank and the IMF shared their views on how macroeconomic policies affect the environment and how environmental policies affect the macro economy The present volume edited by Ved P Gandhi contains the papers and proceedings of this seminar *Social Valuation in Agricultural Policy Analysis* Matthew Okai, 2019-01-04 First published in 1999 this volume is intended to encourage appreciation of the cardinal significance for integrating macroeconomic policy variables and environmental factors and any other relevant externalities into sectoral policy analysis as a tool for improving choice of strategic factors in agricultural development investment of allocative efficiency in agriculture and environmental protection and overall agricultural development management The main concern of Matthew Okai is for choosing realistic policy instruments to promote development quantifying constraints and evaluating the impacts of policy on objectives *Quick Bibliography Series*, 1976

Economics Of Afforestation A Case Study In Africa Introduction

In the digital age, access to information has become easier than ever before. The ability to download Economics Of Afforestation A Case Study In Africa has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Economics Of Afforestation A Case Study In Africa has opened up a world of possibilities.

Downloading Economics Of Afforestation A Case Study In Africa provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Economics Of Afforestation A Case Study In Africa has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Economics Of Afforestation A Case Study In Africa. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Economics Of Afforestation A Case Study In Africa. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Economics Of Afforestation A Case Study In Africa, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Economics Of Afforestation A Case Study In Africa has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular

choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Economics Of Afforestation A Case Study In Africa Books

1. Where can I buy Economics Of Afforestation A Case Study In Africa books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Economics Of Afforestation A Case Study In Africa book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
