Nios Summary Deepak Meena, **Healthcare Funding and Christian Ethics** Stephen

Duckett, 2023-01-26 A necessary book for healthcare professionals and theologians struggling with moral questions about rationing in healthcare. This book outlines a Christian ethical basis for how decisions about health care funding and priority setting ought to be made. **Microeconomics** Roger A. Arnold, 2005 Offering a unique blend of solid theoretical content and student accessibility, this text 1 covers all the basics of microeconomics 2 gives students a clear idea of how economists think about the world 3 stresses the key concepts in economics and 4 is extremely rich in intriguing applications that convey the prevalence of economics in everyday life. Many principles instructors are constantly challenged with the goal of getting students excited about realization that economics is everywhere. Arnold has taken this to another level. He is so passionate about touching his students that he felt the need to write a Microeconomics text that is dedicated to opening the science of economics through the pictures and applications of our lives. Arnold is considered the most innovative author in this market to meet the fast pace interests of both instructors and students. His five themes of Theory and Model building, Key Concepts, Primary and Secondary Consequences, Real World Applications, and the idea that Economics is about gifts, exchanges, and transfers set the tone for a teaching text that is extremely approachable by instructors and students. *Modern Microeconomics: Theory and Applications, 19th Edition* Ahuja H.L., 2022-01-03 The nineteenth edition of Modern Microeconomics continues to provide a detailed understanding of the foundations of microeconomics. While it provides a solid foundation for economic analysis, it also lucidly explains the mathematical derivations of various microeconomic concepts. This textbook would be extremely useful for the students of economics.
