Landa, Odilanyer Hernández de Lara, Gorka Martín Echebarria, 2025-09-22 Ecos de hierro y plomo Arqueología en campos de batalla de Iberoamérica siglos XIX y XX reúne catorce estudios que exploran desde la arqueología del conflicto los escenarios materiales donde se libraron guerras que marcaron la historia reciente de la región Desde las batallas de la

independencia en México hasta la Guerra de Malvinas pasando por la Guerra del Pacífico la Guerra de los Mil Días en Colombia las guerras carlistas en España o la invasión de Playa Girón este volumen muestra cómo la materialidad bélica armas fortificaciones restos humanos y paisajes alterados conserva las huellas de la violencia y permite comprender sus memorias traumas y silencios El libro ofrece un recorrido cronológico que abarca del siglo XIX al XX articulando casos de estudio de diversos países y contextos Los capítulos elaborados por especialistas de América Latina y Europa ponen de relieve que los campos de batalla no son solo lugares de muerte sino también espacios de construcción de memorias colectivas patrimonios disputados y procesos de resiliencia Más allá del análisis histórico la obra propone reflexionar críticamente sobre el presente mostrando cómo los ecos de hierro y plomo siguen resonando en las sociedades contemporáneas *The Last Door* Gladys I. McCormick, 2025-05-06 As guerrilla groups sprouted up across Mexico in the early 1970s the military and police routinely resorted to extreme acts of violence including the systematic use of torture In *The Last Door* Gladys McCormick provides the most thorough account of how torture became a crucial and routine practice of the Mexican government's war against subversives Drawing from extensive oral history interviews and declassified government documents McCormick describes experiences of arrest torture and detention in which forced disappearances became all too common and advocates for justice rallied around political prisoners Torture was not always about extracting information it was also about inflicting punishment on a faceless so called enemy and instilling terror into advocates of social change As McCormick argues torture became a quotidian practice of state making in Mexico during the 1970s leaving individuals and their families forever changed The lack of repercussions for government officials notorious for employing torture even in spite of a growing movement for truth and justice has led to entrenched impunity that is endemic in Mexico as its contemporary security crisis continues *The Routledge Companion to the French Revolution in World History* Alan Forrest, Matthias Middell, 2015-09-16 *The Routledge Companion to the French Revolution in World History* engages with some of the most recent trends in French revolutionary scholarship by considering the Revolution in its global context Across seventeen chapters an international team of contributors examine the impact of the Revolution not only on its European neighbours but on Latin America North America and Africa assess how far events there impacted on the Revolution in France and suggest something of the Revolution's enduring legacy in the modern world The Companion views the French Revolution through a deliberately wide lens The first section deals with its global repercussions from the Mediterranean to the Caribbean and includes a discussion of major insurrections such as those in Haiti and Venezuela Three chapters then dissect the often complex and entangled relations with other revolutionary movements in seventeenth century Britain the American colonies and Meiji Japan The focus then switches to international involvement in the events of 1789 and the circulation of ideas people goods and capital In a final section contributors throw light on how the Revolution was and is still remembered across the globe with chapters on Russia China and Australasia An introduction by the editors places the Revolution in its political historical and historiographical

Cultural Diplomacy Luis G. Martínez del Campo, 2015 The history of the British Spanish Society an example of soft or cultural diplomacy between countries

Cuba between Empires, 1878-1902 Louis A. Pérez Jr., 1983-06-15 Cuban independence arrived formally on May 20 1902 with the raising of the Cuban flag in Havana a properly orchestrated and orderly inauguration of the new republic But something had gone awry Republican reality fell far short of the separatist ideal In an unusually powerful book that will appeal to the general reader as well as to the specialist Louis A Perez Jr recounts the story of the critical years when Cuba won its independence from Spain only to fall in the American orbit The last quarter of the nineteenth century found Cuba enmeshed in a complicated colonial environment tied to the declining Spanish empire yet economically dependent on the newly ascendant United States Rebellion against Spain had involved two generations of Cubans in major but fruitless wars By careful examination of the social and economic changes occurring in Cuba and of the political content of the separatist movement the author argues that the successful insurrection of 1895-98 was not simply the last of the New World rebellions against European colonialism It was the first of a genre that would become increasingly familiar in the twentieth century a guerrilla war of national liberation aspiring to the transformation of society The third player in the drama was the United States For almost a century the United States had pursued the acquisition of Cuba Stepping in when Spain was defeated the Americans occupied Cuba ostensibly to prepare it for independence but instead deliberately created institutions that restored the social hierarchy and guaranteed political and economic dependence It was not the last time the U S intervention would thwart the Cuban revolutionary impulse

Spain and the Irish Mission, 1609-1707 Cristina Bravo Lozano, 2018-10-26 Spain and the Irish Mission 1609-1707 examines Spanish confessional policy in 17th century Ireland Cristina Bravo Lozano provides an innovative perspective on Spanish Irish relations during a crucial period for Early Modern European history Key historical actors and events are brought to the fore in her account of the missionary networks created around the Irish Catholic exile in the Iberian Peninsula She presents a comprehensive study of this form of royal patronage the changes and challenges Irish Catholicism had to face after the peace of London 1604 and the role that Irish missionaries played in preserving its place within the framework of Anglo Spanish relations

Our Rightful Share Aline Helg, 2018-08-25 In Our Rightful Share Aline Helg examines the issue of race in Cuban society politics and

ideology during the island's transition from a Spanish colony to an independent state. She challenges Cuba's well established myth of racial equality and shows that racism is deeply rooted in Cuban creole society. Helg argues that despite Cuba's abolition of slavery in 1886 and its winning of independence in 1902, Afro Cubans remained marginalized in all aspects of society. After the wars for independence in which they fought en masse, Afro Cubans demanded change politically by forming the first national black party in the Western Hemisphere. This challenge met with strong opposition from the white Cuban elite, culminating in the massacre of thousands of Afro Cubans in 1912. The event effectively ended Afro Cubans' political organization along racial lines, and Helg stresses that although some cultural elements of African origin were integrated into official Cuban culture, true racial equality has remained elusive.

OBRAS LITERARIAS José Martí, 1908 Special Agents Series, 1920 *Memory, War, and Dictatorship in Recent Spanish Fiction by Women* Sarah Leggott, 2015-06-10

Memory War and Dictatorship in Recent Spanish Fiction by Women analyzes five novels by women writers that present women's experiences during and after the Spanish Civil War and Franco dictatorship, highlighting the struggles of female protagonists of different ages to confront an unresolved individual and collective past. It discusses the different narrative models and strategies used in these works and the ways in which they engage with their political and historical context, particularly in the light of campaigns for the so-called recovery of historical memory in Spain, the memory boom, and in the broader context of memory and trauma studies. The novels that are examined in this book are Dulce Chacón's *La voz dormida* 2002, Rosa Regés's *Luna lunera* 1999, Josefina Aldecoa's *La fuerza del destino* 1997, Carme Riera's *La mitad del alma* 2005, and Almudena Grandes's *El corazón helado* 2007. These works all highlight the multiple nature of memories and histories and demonstrate the complex ways in which the past impacts on the present. This book also considers the extent to which the memories represented in these five novels are inflected by gender and informed by the gender politics of twentieth-century and contemporary Spain.

Transatlantic Battles, 2022-11-07 How did overseas Europeans participate in the two world wars? Which were the tensions around mobilization? How did the war affect their identity and their descendants? What were their mobilization's effects on the relationship with the adopted homelands? These closely intertwined issues connect to the central argument of the book: war exerted a crucial influence on the configuration and reconfiguration of those European communities, national or ethnic identities, and made evident their transnational nature. Through different case studies, this volume approached the multi-faceted, complex, and fluid nature of immigrant collective identities under the pressures and challenges of total wars. Contributors are Juan Pablo Artinian, Juan Luis Carrellán Ruiz, Hernán M. Díaz, Norman Fraser Brown, Marcelo Huernos, Milagros Martínez Flener, Norman Fraser Brown, Germán C. Friedmann, María Inés Tato, and Stefan Rinke.

Transatlantic Battles: European Immigrant Communities in South America and the World Wars is now available in paperback for individual customers.
