Herrstrom, 2022-11-21 In *Light as Experience and Imagination from Medieval to Modern Times* David S. Herrstrom synthesizes and interprets the experience of light as revealed in a wide range of art and literature from medieval to modern times The true subject of the book is making sense of the individual's relationship with light rather than the investigation of light's essential nature while telling the story of light seducing individuals from the Middle Ages to our modern times Consequently it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light optical science but rather with subjective reactions as reflected in art architecture and literature Instead of its evolution this book celebrates the complexity of our relation to light's character No individual experience of light being truer than any other *On the Edge of Human Imagination* Michel Thys, 2025-04-30 In this fascinating book Michel Thys explores the limitations of human imagination and symbolization showing the potentially destructive result of a mind that cannot confront reality His wide ranging research takes us into the domain of the unimaginable unthinkable and unspeakable Divided into four parts *On the Edge of Human Imagination* sees Thys adopt a phenomenological perspective to move through experiences encountered in the analyst's room from depression and psychosis to PTSD Through a dialogue with philosophers such as Jean Paul Sartre Maurice Blanchot and Emmanuel Levinas Thys investigates the relationship between fascination identification socio cultural phenomena and aesthetic pleasure Throughout he uses the paintings of Edward Hopper Sophocles Antigone Mary Shelley's Frankenstein Franz Kafka's Metamorphosis and Charlie Chaplin's Modern Times to support his ideas Integrating Freudian Kleinian and Bionian theories he shows the psychic impact of humanity's attempt to balance fear and passion on the edge of the imaginable and the liminality of the search for meaning The book brings together psychoanalytic theory and practice and philosophical
